**HORSE IS DYING OF GRIEF.**

Has Lost all Interest in Life Since His Master's Death.

"Old Monk," the patrol horse of the Twentieth and Federal streets station, at Philadelphia, is dying with grief over the loss of his master, James Thornton. If ever a horse mourned the loss of a friend, that horse is Monk. The men around the stable have noticed the actions of the old horse since Thornton's death, about one month ago, and claim that he has absolutely lost all signs of interest in life. He will hardly eat and cannot be persuaded or driven into doing any kind of work.

"We are careful of the old fellow," said one of the patrol crew this morning. "We gave him hardly any work at all to do, for we like the old horse. I tell you, nobody could ill treat such a good horse as he is, but he certainly did love old Jimmie."

"Monk raps on the floor of his stall every morning at the exact hour Thornton died. He never was a lazy horse, but now he is so languid like he doesn't want to work or sleep or eat."

Many believe the old horse is dying of a broken heart.

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful, I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 216 South 7th St., Minneapolis, Minn." (Mrs. Fairbanks is one of the most successful and highest salaried traveling saleswomen in the West.)

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

"DEAR MRS. PINKHAM:—FOR OVER TWO YEARS I suffered more than tongue can express with kidney and bladder trouble. My physician pronounced my trouble catarrh of the bladder, caused by displacement of the womb. I had a frequent desire to urinate, and it was very painful, and lumps of blood would pass with the urine. Also had backache very often.

"After writing to you, and receiving your reply to my letter, I followed your advice, and feel that you and Lydia E. Pinkham's Vegetable Compound have cured me. The medicine drew my womb into its proper place, and then I was well. I never feel any pain now, and can do my housework with ease."—Mrs. ALICE LAMON, Kincaid, Miss.

No other medicine for female ills in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Latest News of Pennsylvania Told in Short Order.

Predicting that would die at midnight, Miss Agnes M. Tully, aged 22, of Summer Hill, summoned the members of her family to her bedside and bade them farewell. They endeavored to cheer her up, but she insisted the end was nigh. At the stroke of 12 she passed away. Consumption was the cause of death.

Mrs. Elizabeth Snyder, in court at Pottsville, charged her husband, Frank Snyder, with having attempted to poison her, but the jury acquitted him. Mrs. Snyder charged that her husband deposited a quantity of poison in her cup of coffee on the evening of November 18 last while she was upstairs, where she had gone at his request to get his tobacco. When she came downstairs, she said, she heard the rustle of a paper in his hand and saw bubbles in her coffee cup, which aroused her suspicions. Fearing to drink the coffee, she kept it for examination. Dr. Charles H. Lawall, of the Philadelphia College of Pharmacy, testified to having found in the coffee twenty grains of copper sulphate and fifteen grains of tartar emetic, or antimony. Dr. A. H. Halberstadt, of Pottsville, testified that the quantity of poison was sufficient to prove fatal if retained in the stomach.

At the funeral of David Fahs, who was engaged in charity work in York, a letter which he wrote on November 4, 1896, was read. In this letter he said he consecrated his life to the Lord. Upon the envelope was written: "This letter is to be read at my funeral, and is not to be opened until then."

The report of County Auditors R. R. Trauger, R. Monroe Stout and Ezra Michener shows that Bucks county's total expenditure for the past year was \$1,460,597.57, or \$16,205.03 in excess of the previous year. The balance in the treasury is \$259,310, with an outstanding indebtedness of \$17,000.

George A. Dupue, of Easton, has commenced suit to secure \$11,385 damages from Upper Mt. Bethel Township for injuries received and losses sustained on August 23, 1904, when a bridge in that township collapsed beneath his automobile, precipitating him to the bed of the creek, twenty-five feet below.

An unidentified Slav employed by H. S. Kerbaugh & Co., railroad contractors, engaged in constructing the Pennsylvania Railroad Company's grade freight line was shot and killed at Colemansville, by H. A. Klenzing, of Cumberland County, who was in charge of the firm's commissary department at that point. Klenzing, it is asserted, went to the hut occupied by the Slav, who was known only by number, to erect a partition in the building. An altercation followed, and Klenzing pulled a revolver, firing at the foreigner. The bullet struck the man in the head.

Papers found in the shanty show that the dead man has a wife and six children in Russia. No one in the foreign colony of the railroad workers can identify the dead man.

Professor Benjamin W. Frazier, a member of the faculty of Lehigh University, died at his home in University Park of paralysis. He became sick while crossing on a ferry from New York to Jersey City, and soon after boarding the train for South Bethlehem became unconscious, remaining in that condition until his death. Prof. Frazier was born in Philadelphia in 1841 and in 1859 was graduated from the University of Pennsylvania. He then studied abroad for several years. He was appointed to the chair of mining and metallurgy at Lehigh University in 1871, since which time he had been connected continuously with that institution. At the time of his death Dr. Frazier was professor of Mineralogy.

She says that when she went to the house where Monika lived and tried to get him to leave with her he refused and struck her several times. Alderman Thomas Holt held Monika under \$200 bail for court.

**Lock Your Jag in the Bottle.**

Large locked corks, original in design, are being shown in the shops for Christmas presents. All of them have about as much silver, or nickel, or cork, but they fit in the average sized whisky bottle all right, and are really a decoration. Small Yale keys, only one for each cork, lock the bottle as tight as an office safe. If a man doesn't happen to leave his bunch of keys lying around loose his whisky is perfectly safe from purloining servants. If he loses his keys he must break the neck of the bottle to get at his tippie. No duplicate key can be made for him.

If a man prefers a certain blend of whisky, Scotch or American, he can leave it on his sideboard at home or take it to his club to be called for when required. Most club men would find this plan a great economy.

**Will Wait as Did Jacob.**

James Jones of Broadland, arrested at Salem, S. D., a day or two ago on a warrant charging him with eloping with the 14-year-old daughter of Mr. and Mrs. Gorsuch, was before Judge Geddis for examination.

After a conference of the parents with the accused, and on the representation that the two were desperate in love and would marry in "spite of lock and bars and the objection of stern parents," the father of the child said if Jones would wait two years he could have her; that Jones is "a good man—honest and industrious, and is all right, but too old for Ella." She is 14 and Jones is 28.

Mr. Gorsuch asked to have the action dismissed at his cost, which was done, and Jones was released from custody and the girl returned home with her parents.

**ALL DONE OUT.**

Veteran Joshua Heller, of 706 South Walnut street, Urbana, Ill., says: "In the fall of 1899 after taking Doan's Kidney Pills I told the readers of this paper that they had relieved me of kidney trouble, disposed of a lame back with pain across my loins and beneath the shoulder blades. During the interval which has elapsed I have had occasion to resort to Doan's Kidney Pills when I noticed warnings of an attack. On each and every occasion the results obtained were just as satisfactory as when the pills were first brought to my notice. I just as emphatically endorse the preparation to-day as I did over two years ago."

**A most unusual experience from a cow's kick** happened to John Case owner of some fine Jerseys, in Plainfield, N. J., the other day. Going into the stable, he stepped near one and put his hand out to stroke her, when the cow launched a kick at him. Her hoof just missed his hand, but it caught the ring on one finger and shot it clear across the barn, without leaving a scratch on him. The only way he knew she had struck him was the slight rattle and the finding of the ring several feet away on the concrete floor.

**A LOVELY COMPLEXION**

New York Lady Proves That Every Woman May Have It by Using Cuticura Soap.

Mrs. R. Reichenberg, wife of the well-known jeweler of 160 Fulton St., New York, says: "I had a friend who was justly proud of her complexion. When asked what gave her such a brilliant and lovely complexion, she replied, 'A healthy woman can be sure of a fine skin if she will do as I do, use plenty of Cuticura Soap and water.' She insisted that I follow her example, which I did with speedy conviction. I find that Cuticura Soap keeps the skin soft, white, and clear, and prevents redness and roughness."

**MEDICAL EXAMINER**

Of the United States Treasury Recommends Pe-ru-na.

Another Prominent Physician Uses and Endorses Pe-ru-na.

Dr. Llewellyn Jordan, Medical Examiner United States Treasury.

D. R. LEWELLYN JORDAN, Medical Examiner of the U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peru-na:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month's use brought forth a vast change and I now consider myself a well man after months of suffering. Fellow sufferers, Peru-na will cure you."

A constantly increasing number of physicians prescribe Peru-na in their practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients.

Peru-na occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day. Catarrh, as every one will admit, is the cause of one-half the disease which afflict mankind. Catarrh and catarrhal diseases afflict one-half of the people of the United States.

Robert E. Roberts, M. D., Washington, D. C., writes:

"Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peru-na, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert E. Roberts.

Catarrh is a systemic disease curable only by systemic treatment. A remedy that cures catarrh must act directly at the depressed nerve centres. This is what Peru-na does.

Peru-na immediately invigorates the nerve-centres which gives vitality to the mucous membranes. Then catarrh disappears. Then catarrh is permanently cured.

**Shooting With Horseshoe Nails.**

Horseshoe nails kicked about the roads of the world by horses innumerable are far from the useless fragments we might think them. Gunmakers tell us there is no iron so well fitted for their purpose as that derived from horseshoe nails and similar worn fragments.

The nails, made originally of the best stuff obtainable, receive from the constant pounding of the horses' feet on hard surfaces a peculiar annealing and toughening, making them a most perfect substance for the manufacture of the finest gun barrels.

Ralph Leslie, an actor, who said his home is in Marion, Ohio, bet commercial travelers in the lobby of the Erie hotel in Dunkirk, N. Y., \$40 that he could stand without moving a muscle until 6 o'clock the next morning. The bet was taken, and it was agreed that if any one shaved him or otherwise disturbed him he was to take the money.

It was 10:25 o'clock when the bet was made. Leslie struck a position in the middle of the corridor and stayed there motionless until 4:30 a. m., when one of the travelers, playfully scuffling with another, struck one of the silent power's feet, moving it. Leslie forth with the 14-year-old daughter of Mr. with quit and took the money. Witnesses declare he had not visibly moved a muscle for six hours and five minutes.

**Lover of 75 is a Sprinter.**

The saggy father of Luella Lantz, a pretty Harbour county (W.
