

A Well Deserved Tribute.
The awarding of the Grand Prize to the Winchester Repeating Arms Co., New Haven, Conn., at the St. Louis Exposition, rests upon this company the highest mark of distinction attained by any manufacturer of guns or ammunition in the world. Although a great number of medals were given, the only award of a Grand Prize was to the Winchester Repeating Arms Co., given as it was in competition with the leading manufacturers of all countries, it testifies decidedly to the superiority of Winchester rifles, shotguns and ammunition. The success attained by the Winchester Repeating Arms Co. at this exposition is in line with past honors. At the Paris Exposition they received the Grand Prix, and wherever exhibited have always been given the highest possible prizes. This latest recognition of superiority is the natural result of thirty years of careful and successful endeavor in maintaining the high quality of Winchester rifles, shotguns and ammunition.

Microscopic Detective.
Ehrenberg, prince of microscopists, some years ago was employed by the Prussian government to investigate a case of smuggling. A cask had been opened, valuables extracted, and the case repacked and shipped onward to its destination. The only clue to the criminals was that the unpacking must have been done at some of the customs houses through which the goods had passed. To all appearances the microscope had a hopeless task. Ehrenberg took some of the sand which had been used in repacking, placed it under the microscope, looked through the tube, and behold, there on the stand lay a peculiar specimen of foraminifera. That animal was found only at one place in the world, and told just where the crime had been committed.

FITs permanently cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. 23 trial bottles treated free. Dr. R. H. KLINE, Ltd., 381 Arch St., Phila., Pa.

Cavalry of the west coast of Madagascar ride oxen.

A Guaranteed Cure For Piles.
Hitching, bleeding or protruding Piles. Druggists will refund money if Pile Ointment fails to cure in 6 to 14 days. 50c.

All the soldiers in the army of Argentina are forced to play football.

Mrs. Winslow's Soothing Syrup for children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c. a bottle.

The cost of living has doubled in Spain in the last few years.

Piso's Cure cannot be too highly spoken of as a cough cure.—J. W. O'Brien, 322 Third Avenue, N., Minneapolis, Minn., Jan. 6, 1903.

At a "smart" dinner in New York butter is not served.

Itch cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by all druggists. 41c. Mail orders promptly filled by Dr. E. Detchon, Crawfordsville, Ind.

One of the new sports in England is fancying with motor cars.

BABY'S TERRIBLE SORE.
Body Raw With Honor—Caused Untold Agony—Doctor Did No Good—Mother Discouraged—Cuticura Cured at Once.
"My child was a very delicate baby. A terrible sore and humor broke out on his body, looking like raw flesh, and causing the child untold agony. My physician prescribed various remedies, none of which helped at all. I became discouraged and took the matter into my own hands, and tried Cuticura Soap and Cuticura Ointment with almost immediate success. Before the second week had passed the soreness was gone, not leaving a trace of anything. Mrs. Jeannette H. Block, 281 Rosedale St., Rochester, N. Y."

A new tribe was recently discovered in India in which contagious diseases are combated by killing those who are attacked.

Another club woman, Mrs. Haule, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache, by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.
"I was certainly glad to find that within a week I felt much better, the terrible pains in the back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend your medicine."—Mrs. MARY HAULE, Edgerton, Wis., Press. Household Economics Club. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

J. W. Walls, Superintendent of Streets of Lebanon, Ky., says:
"My nightly rest was broken, owing to irregular action of the kidneys. I was suffering intensely from severe pains in the small of my back and through the kidneys and annoyed by painful passages of abnormal secretions. No amount of doctoring relieved this condition. I took Doan's Kidney Pills and experienced quick and lasting relief. Doan's Kidney Pills will prove a blessing to all sufferers from kidney disorders who will give them a fair trial."

Foster-Milburn Co., Buffalo, N. Y., proprietors. For sale by all druggists, price 50 cents per box.
The Pennsylvania Company for Insurance on Lives has issued a card telling of a clever plan of "banking by mail." Persons may deposit money and draw checks by mail and carry on generally with a postage stamp for what it would otherwise require a street car or railroad fare.

Railroading in Japan.
Japan has 4236 miles of railway, of which 210 miles were constructed in 1903. The number of passengers carried on these railways in 1903 was 110,000,000, the freight transported was 14,122,671 metric tons and the cash receipts amounted to about \$23,800,000.

Beware of Ointments For Catarrh That Contain Mercury.
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists, price, 75c. per bottle. Take Hall's Family Pills for constipation.

Germany.
The State of Utah has established a holiday in honor of germs. It is called General Health Day and is the first Monday in October. On this day all theatres, churches, public halls, hotels, boarding houses, etc., must be thoroughly disinfected.

THE LAW VS. KINDNESS.
Good Samaritan Suffers for Eccentricities of Ohio Statutes.

"Got a buzzard here?" inquired Charles W. Heyl, deputy game warden, of Mrs. Frank Edgerton of Sixth street, according to the Columbus, Ohio, correspondent of the New York Herald.
"Yes, sir," the woman replied.
"Want to sell it?"
"No, sir; but you can have it if you want it."
"Can I see it?"
"Certainly; just come this way, please."
And Mrs. Edgerton walked back to the coal shed, where the bird was confined, opened the door and then walked back to the house. In a moment or two Heyl appeared with the buzzard under his coat. He showed a badge and said: "Tell your husband that I am a game warden and for him to appear before Squire Lakin."
A son of Mr. Edgerton, who is an employe in the Panhandle shops, while strolling through the fields, found a buzzard with a broken leg. The bird was fed and kindly treated and became a pet, running around the neighborhood as it pleased. When the family went away from the house the buzzard would be confined in the coal shed.
An affidavit charges Edgerton with having "in his possession a buzzard not then and there being in captivity prior to May 6, 1902, and not then and there having the permission to do the aforesaid act."

MIGHT HAVE SAVED IT.
A Lot of Trouble From Too Much Starch Food.

A little boy of eight years whose parents did not feed him on the right kind of food, was always nervous and suffered from a weak condition of the stomach and bowels. Finally he was taken down with appendicitis and after the operation the doctor, knowing that his intestinal digestion was very weak, put him on Grape-Nuts twice a day.
He rapidly recovered and about two months thereafter, his father states, "He has grown to be strong, muscular, and sleeps soundly, weighs 62 pounds, and his whole system is in a fine condition of health." Name given by Postum Co., Battle Creek, Mich.

It is plain that if he had been put on Grape-Nuts at an earlier period in his life, and kept from the use of foods that he could not digest, he never would have had appendicitis. That disease is caused by undigested food decaying in the stomach and bowels, causing irritation and making for the growth of all kinds of microbes, setting up a diseased condition which is the active cause of appendicitis, and this is more marked with people who do not properly digest white bread.
Grape-Nuts is made of the selected parts of wheat and barley and by the peculiar processes of the cooking at the factory, all of the starch is turned into sugar ready for immediate digestion and the more perfect nourishment of all parts of the body, particularly the brain and nerve centres.

Read the little book, "The Road to Wellville," found in each pkg.

National Metal Molding Company, Pittsburg; capital, \$30,000.

Warrants for back pay under the provisions of the Judges' salary act of 1903 are being held up at the State Treasury, and the Auditor General's Department has been notified to issue no more until the suit to test the validity of the act is settled. This condition is necessitated by a move on the part of James M. W. Newlin, of Philadelphia, who has taken the matter into the United States Circuit Court in an appeal from the recent decision of the State Supreme Court that the act is constitutional. Several warrants for back pay have already been cashed by the State Treasurer.

Frank Zillings and Thomas Pickwick, aged 13 years, were convicted in the Juvenile Court of Norristown of malicious mischief in piling railroad ties on the tracks of the Philadelphia & Reading Railway below Bridgeport, in order to wreck a northbound-passenger train. A disaster was averted by the discovery of the ties by a shifting crew. Pickwick confessed that there were five boys in the crowd. He also said that the week before they had set a merchant's wagon on fire to get the iron on it for junk. The boys were committed to the Catholic Protectory at Flatlands.

A committee representing the League of Third Class Cities of Pennsylvania met at Harrisburg to prepare legislation for presentation to the Legislature. The committee decided to prepare bills empowering authorities of third-class cities that own water plants to make contracts to supply neighboring towns and hamlets with water and authorizing the water department officials of such cities to investigate the sources of their water supply and protect them from contamination. The committee has prepared a bill authorizing city treasurers to receive all taxes collected within the cities, and is working on a bill to make more uniform the assessment of real estate in third class cities. City Solicitor Gardner, of Newcastle, is chairman of the committee.

Positions as letter-carriers at Pottstown are eagerly sought, as the work is regarded as tending to prolong life. During the fourteen years that free delivery service has been in operation in that town there has not been a death among the letter-carriers. Three of them were Civil War veterans, well past middle age, when appointed, and they are still carrying the mails. They are John H. Bond, William H. Jones and G. W. Rohm.

A meeting of a commission of National Guard officials, of which General J. P. S. Gobin is chairman, was held at Harrisburg, for the purpose of discussing legislation for the purpose of the creation of armories for National Guard organizations throughout the State that are present. The meeting was attended by Adjutant General Stewart, Brigadier General Schall, Brigadier General Gobin, Colonel A. J. Logan, Colonel Tilghman, Third Regiment; Colonel Bowman, First Regiment; Colonel Dougherty, Ninth Regiment; Colonel William F. Richardson, of General Miller's staff, and Captain Jones, of the Sheridan Troop. A long discussion ensued and General Gobin, Colonels Bowman, Tilghman and Dougherty and Captain Jones were empowered to draft a bill covering recommendations in General Stewart's report and providing for an appropriation of \$50,000 annually for armories for six years. Adjutant General Stewart in his annual report says: "No State has been better served by the citizen soldier than Pennsylvania, and while the State has been liberal in their maintenance, yet it has failed to provide proper army facilities, and has done nothing along this line beyond giving an annual allowance of \$200 per company for army rent purposes. This is insufficient. In some communities where excellent organizations exist no suitable hall or building can be rented for army purposes." In his report General Stewart will also recommend that an annual allowance should be made to officers to assist them in defraying the expense of providing themselves with uniforms and equipments.

It is now believed that H. A. Klensing, who shot and killed Millie Crever, an Austrian, at Martic Forge, a week ago, is still in that vicinity. After the shooting Klensing disappeared near Safe Harbor. The other night the commissary department of the contractors, by whom the two men were employed was broken into and everything belonging to Klensing, including his clothing, was taken. It is believed that the fugitive had been hiding in the river hills and decided to secure his effects before leaving the country.

SUFFERED FROM CATARRH OF LUNGS
SO COMMON IN WINTER.
CURED BY PE-RU-NA.

A PLAIN TALK
On a Plain Subject in Plain Language.

The coming winter will cause at least one-half of the women to have catarrh, colds, coughs, pneumonia or consumption. Thousands of women will lose their lives and tens of thousands will acquire some chronic ailment from which they will never recover.
Unless you take the necessary precautions, the chances are that you (who read this) will be one of the unfortunate ones. Little risk need be run if Peruna is kept in the house and at the first appearance of any symptom of catarrh taken as directed on the bottle.
Peruna is a safeguard, a preventative, a specific, a cure for all cases of catarrh, acute and chronic, coughs, colds, consumption, etc.
For free medical advice, address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

KEEP PERUNA IN THE HOUSE
PISO'S CURE FOR CONSUMPTION
CURES WHILE ALL ELSE FAILS.
