Why He Crossed.

Washington was asked why he crossed the Delaware on the ice. "I couldn't commit an anachronism," he explained. "It would have spoiled

the painting utterly. Perceiving the wise foresight of their leader, the soldiers cheered him on .-Judge.

Gardner M. Lane was elected a mem-ber of the Philadelphia Stock Exchange.

Catarrh Cannot Be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucoussurface Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a reg-ular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mu-cous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send

YELLOW CRUST ON BABY

Would Crack Open and Scab Causing Terrible Itching-Cured by Cuticura.

Our baby had a yellow crust on his head which I could not keep away. When I thought I had succeeded in getting his head clear, it would start again by the crown of his head, crack and scale, and cause terrible itching. I then got Cuticura Soap and Ointment, washing the scalp with the soap and then applying the Ointment. A few treatments made a complete cure. I have advised many mothers to use Cuticura, when I have been asked about the same ailment of their babies. Mrs. John Boyce, Pine Brush, N. Y."

In Spain a man who occomes the father of a large family receives a title.

THE KEYSTONE STATE

Latest News of Pennsylvania Told in Short Order.

As empowered by the resolution of the new West Chester council, Burgess C. H. Pennypacker went to Philadelphia and secured the services of an expert sanitary plumber to make a thorough examination of the sewer system of West Chester. An effort will be made to prevent the pollution of streams and to avert typhoid outbreaks like that which

caused many deaths last year. Benjamin H. Guldin, of Pottsville, who was a member of the Masonic fraternity for sixty-eight years, and of the Inde-pendent Order of Odd Fellows for seventy years, died at the home of his son, Dr. B. C. Guldin, of Minersville, in his ninety-second year. He was serving his thirty-seventh year as a justice of the peace of Pottsville.

In the trial of Preston N. Bodey for the murder of his father, Charles N. Bodey, of Orwigsburg, Miss Grace Bodey, a sister of the defendant, was a witness. While telling the jury how her brother had beaten her father, she drew a picture of her father from under her coat and exhibited it to the jury. Bursting into tears, she exclaimed, "He was the best man that ever lived, and that poor old white head was beaten by his own son." Miss Bodey testified that Preston had abused his father upon former occasions, and that they had frequent disputes over business matters.

The fact that the Legislature occupied the new Capitol before the walls were dry is supposed to be the cause of several attacks of pneumonia. Among those who are suffering from pneumonia are: Senators Cochrane, of Lycoming County, and Quail, of Schuylkill County; Jas. M. Shumacker, Superintendent of Public Grounds and Buildings, and Representative Place, of Monroe County. Speaker Walton barely escaped from the drafty building to recuperate at home from an attack that bordered on pneu-

Burglars entered the parsonage of the Bridgeport Baptist Church and stole a small amount of money and \$200 worth of silverware, belonging to Rev. T. C. Jackson. The homes of Frank Peirce, Frank Gorman and John Shoemaker, in the same town, were also entered, the thieves securing jewelry and clothing in each.

The final and most vigorous effort in the fight to save the life of Samuel Greason, who is convicted of the murder of John Edwards, was made before the Supreme Court in Philadelphia. Attorneys John H. Rothermel and William Sadler appeared for Greason, while Attorney E. H. Deysher represented Mrs. Kate Edwards, wife of the murdered man. The confession of Mrs. Edwards was brought before the Supreme Court a short time ago, but that body refused to consider it as of sufficient weight to warrant a rule for a new trial. The present depositions of Mrs. Edwards lisclose for the first time the complete details of the murder. The mother at ast incriminates her daughter, Mary, but the latter, it is understood, will no be held in jeopardy. Attorney Sadler sent a petition to the members of the Board of Pardons asking for a comlete pardon for Greason. This is done in order that, should the Supreme Court fail to grant a rule on the Berks court for a new trial, the Board of Pardons

may recommend a pardon for the negro. The Pennsylvania Louisiana Purchase Exposition Commission wound up its affairs at a meeting in Harrisburg and will shortly submit a detailed report to the Legislature. The report of the comnission shows an unexpended balance of \$53,000 out of the fund of \$300,000 appropriated by the last Legislature. This money will be turned back into the State Treasury.

It is announced at West Chester that Dr. Isaiah Everhart the executor of the late Benjamin M. Everhart, the millionaire-botanist who died in that city some months ago, leaving considerable real estate- decided not to deed to the borough for park purposes the tract of woodland and pasture known as "Everhart's Grove." It was generally believed that this land would soon become a public park, but it is said the grove is now offered for sale.

The police and Coroner of Chester are still trying to secure a clew as to what motive John E. Chatham had for trying to kill trying to kill his wife and mother-in-law. Mrs. Chatham's life hangs in the balance in the Chester Hospital, and, while her condition is favorable for recovery, the least complication may result in her death. At times she s conscious and can answer questions, but she refuses to talk in any way about

the crime. Irvin A. Bristol, liveryman, conveyed several persons to the Galleger farm. near Emile. In coming back he had to cross a narrow bridge, and in trying to avoid another team, Mr. Irvin's horses and wagon pitched off the bridge. Both horses were killed. Mr. Irvin succeeded in getting out and was able to go back to Mr. Galleger's residence, although he was badly hurt. The horses

were valued at \$700. Being released after a quarantine of more than a month, on account of smallpox, Winfield Allebaugh, of Allentown, was arrested at Pottstown, charged with desertion and non-support. The charge was made by his wife, who resides in Allentown. When Allenbaugh was located by Chief of Police Delcamp it was discovered that the boarding house in which he lived was under quarantine, and, after waiting five weeks, Allebaugh was arrested as he was about to leave the house for the first time after quar-

antine was raised. Governor Pennypacker fixed May 4 for the hanging of Martin Razimus, of Luzerne County and May 9 for the hanging of William Dillon and Ira

Green, of Center County. Crime in Mississippi.

Jockson, Miss., (Special),-Governor Vardaman issued a strong address to the peace officers of the state, declaring that the situation in Mississippi is becoming critical; that crime is rampant in all quarters of the commonwealth, and urging the officers at once to begin a crusede to clean out the dives and hannts

COMMERCIAL REVIEW.

R. G. Dun & Co.'s Weekly Review of Trade says:

Trade reports are still somewhat conflicting, but on the whole improvements has followed more settled weather, and the outlook is considered favorable even in sections where current business is irregular. Mercantile collections are not as prompt at the East as elswhere, but the liabilities of commercial failures in February were much smaller than a year

Traffic blockades have been lifted, restoring a normal distribution of merchandise, and railway earnings in February were only 5.1 per cent. smaller than last year, despite the severe weather at the start. Little idle machinery is noticed in the iron and steel industry, textile mills are increasingly active, and New England shoe shops are shipping more freely than a year ago, although there is still delay in booking orders for Fall footwear. Minor manufacturing plants are also preparing for large sales, indicating that confidence remains un-

Agricultural communities have prospered, cash prices of all farm products maintaining profitable positions, but the

speculative markets are erratic. Commercial failures this week in the United States are 245, against 252 last week, 258 the preceding week and 236 the corresponding week last year. Failures in Canada number 35 against 29 last week, 32 the preceding week and 27 last

Bradstreets says: Wheat, including flour, exports for the week ending March 2 are 907,936 bushels, against 923,022 last week; 1,643,086 this week last year, \$3,491,486 in 1903 and 4,095,944 in 1902. Corn exports for the week are 4,171,279 bushels, against 3,827,081 last week, 1,-690,753 a year ago, 3,817,609 in 1903 and 352,406 in 1902.

WORLD OF LABOR

The Structural Building Trades Alliance may soon join the American Federation of Labor. The displacement of horses by motor

cycles has greatly affected the harnessmaking industry of London, Eng.
Plans are being perfected by the United Mine Workers of America for co-operative stores throughout the anthracite coal

Union musicians of Chicago have decided to ask for an increase of \$2 over the present wage scale of \$18 a week. Berlin (N. H.) newsboys have organ-

ized a union. More than \$90,000,000 has been expended by the Canadian Government on its canals up to the end of the present

fiscal year. There are more persons engaged as textile workers in Russia than in any other industry, approximately 700,000 being thus employed.

The organization of Chicego freight handlers has been started along lines laid down by the biennial convention of the international union held in that city reVENISON WAS ALL RIGHT.

But If It Had Been Beef He Would

Have Called It Tainted. Gov. N. J. Bachelder of New Hampshire does not believe in keeping venison, in the English fashion, for a month or more until it has turned

"I like a piece of venison as well as any man," he said recently, "but I want the meat to be fresh and sweet. I can't understand the English method of 'hanging' game till it has become quite putrid.

"My private opinion is that most people don't like game that has been 'hung'-I believe that they only pretend to like it. They are like a man who sat near me in a New York restaurant one autumn day.

"A dish of meat was set before this man, and I saw him taste it, give a 'pwah' of disgust and becken to the

'Waiter,' he said, 'this steak is positively bad. It must be three weeks

'The waiter looked at the dish. 'Beg pardon,' he said, 'I have made a mistake, sir. I have brought you venison.

"'Venison?' said the patron, with a gratified smile. 'Ah, yes. Then you may leave it.' "He took another mouthful of the

meat. "'To be sure,' he said, 'it is venison, and very nice, too; very nice, indeed."

Coldness of Spring Water. "It is a fact," remarked the head of a certain fascinating soda water department, "that spring water keeps colder very much longer than ordinary river water, such as is served through Philadelphia water pipes. You can make the test, even in summer, by going to Fairmount park, drawing a jug of spring water, bringing it home and putting it in your cellar. Not only will it not get warm during the trip to your house, but it will remain much colder than will hydrant water drawn and kept beside it for a number of hours. This is said to be due to the lack of warm animal matter in the spring water, which is filtered through the earth. At any rate, it's a great pity we couldn't have just such water here in Philadelphia."—Philadelphia Record.

The following interesting letter gives one young woman's experience with Peruna:

Miss Rose Gerbing, a popular society woman of Crown Point, Ind., writes:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and graving woman's experience with Peruna:

We man of Crown Point, Ind., writes:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and graving woman's experience with Peruna:

It has bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh.

At any rate, it's a great pity we couldn't have just such water here in Philadelphia."—Philadelphia Record.

"You have a firm friend in me, and I not only advise its use to my friends, but ing it home and putting it in your

MISS FLORENCE KENAH.

Miss Florence E. Kenab, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset and my head and back be an to ache severe y and frequently.

"I was advised to try Peruni, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at list. Within three weeks I was completely restored and have enjoyed perfect health since.

"I now have the greatest faith in Peruna." Florence E. Kenah.

Women Sh uld Bewire of and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has been used."—Rose Gerbing.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

Pe-ru-na for Colds and Catarrh.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drag habit. Peruna does not produce temporary

results. It is permanent in its effect. It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used on and off for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.
