

A QUICK RECOVERY.

A Prominent Officer of the Rebecca Writes to Thank Doan's Kidney Pills For It.

Mrs. C. E. Bumgardner, a local officer of the Rebecca, of Topeka, Kans., Room 10, 812 Kansas avenue, writes: "I used Doan's Kidney Pills during the past year for kidney trouble and kindred ailments. I was suffering from pains in the back and headaches, but found after the use of one box of the remedy that the troubles gradually disappeared, so that before I had finished a second package I was well. I, therefore, heartily endorse your remedy."

"BISON BEEF" SOLD IN ENGLAND.

Result of Experiments in Crossing Buffalo and Cattle.

The latest delicacy to tempt the appetites of British epicures is a compromise between buffalo meat and beef. A couple of 2-year-old buffaloes, the result of cross-breeding between a North American bison and highland cattle were sold at the Newcastle market yesterday. They had been bred by Mr. Lyland of Haggerston castle, Northumberland, says the New York World, who has been engaged for several years in experimenting in this direction.

The animals were exactly like their North American cousins in appearance, except that they were stronger and thicker in the hindquarters. They had been reared and fed as wild cattle, so great difficulty was experienced in conveying them to market.

Although they were accommodated in special boxes, their fury was so great that one broke its neck on the journey, and the other had to be shot in the market.

The beef, it is said, will be found of a richer quality than that obtained from a buffalo, and if kept for a month or so more palatable than that of an ordinary bullock.

Up and Down With the Bishop.

Bishop Dudley of Kentucky was much addicted to sport, especially liking to hunt and fish. Once, when on a shooting trip, the bishop chanced to fall in with an old mountaineer, who, according to Representative Ollie James, took a great fancy to his new acquaintance, whom he did not in the least suspect was a bishop. When Bishop Dudley was preparing for his return home he invited the old man to visit Louisville, so that he might hear him preach.

"Preach?" gasped the old mountaineer. "What, you preach? Kin you preach as well as you kin shoot?" "Much better," responded the bishop, smilingly. "Be sure and come some Sunday. I'll see that you get a good seat in front."

The old man availed himself of the invitation thus extended. At the conclusion of the service he quickly sought out his friend, the bishop, and grasped him by the hand.

"Mr. Bishop," he cried enthusiastically, "I don't know much about your creeds and dogmatics, but I riz and sot with you every time!"

Women are more truthful than men, but occasionally you meet a woman who says she doesn't want to get married.

THE SIMPLE LIFE

Ways That Are Pleasant and Paths That Are Peace.

It is the simple life that gives length of days, serenity of mind and body and tranquility of soul.

Simple hopes and ambitions, bounded by the desire to do good to one's neighbors, simple pleasures, habits, food and drink.

Men die long before their time because they try to crowd too much into their experiences—they climb too high and fall too hard. A wise woman writes of the good that a simple diet has done her:

"I have been using Grape-Nuts for about six months. I began rather sparingly, until I acquired such a liking for it that for the last three months I have depended upon it almost entirely for my diet, eating nothing else whatever but Grape-Nuts for breakfast and supper, and I believe I could eat it for dinner with fruit and be satisfied without other food, and feel much better and have more strength to do my housework."

"When I began the use of Grape-Nuts I was thin and weak, my muscles were so soft that I was not able to do any work. I weighed only 108 pounds. Nothing that I ate did me any good. I was going down hill rapidly, was nervous and miserable, with no ambition for anything. My condition improved rapidly after I began to eat Grape-Nuts food. It made me feel like a new woman; my muscles got solid, my figure rounded out, my weight increased to 126 pounds in a few weeks, my nerves grew steady and my mind better and clearer. My friends tell me they haven't seen me look so well for years."

"I consider Grape-Nuts the best food on the market, and shall never go back to meats and white bread again." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Look in each pkg. for the little book, "The Road to Wellville."

COMMERCIAL REVIEW.

R. G. Dun & Co.'s "Weekly Review of Trade" says:

Confidence has become more general through resumption of outdoor work, opening of Spring trade and expectation that the war will soon terminate. Weather conditions are favorable in most sections of the country, and there is little interruption because of labor controversies.

The most gratifying news of the week emanates from the iron and steel industry, where unprecedented output of pig iron is not productive of accumulated stocks. Other leading manufacturing operations are making steady progress, although larger orders would be welcomed by cotton mills and shoe shops. In those lines the buyers are exhibiting great caution, limiting purchases to immediate needs.

Commodities are in good demand, Dun's index number advancing slightly to \$101,932 on March 1, against \$101,042 a month previous, which indicates that the people are consuming freely. This is also shown by the large increase in merchandise imported of late, although for the last week there was a decrease of \$2,964,228, compared with last year. Exports gained \$2,071,013.

Trade in woolen goods is quiet, but mills are busy. Hides continue firm, considering the season. Leather is quiet and irregular.

Bradstreet's says: Wheat, including flour, exports for the week are 1,285,956 bushels, against 907,936 last week, 1,834,632 this week last year, 3,366,796 in 1903, and 2,906,250 in 1902. Corn exports for the week are 1,756,706 bushels, against 4,171,279 last week, 2,026,810 a year ago, 3,257,999 in 1903, and 183,414 in 1902.

GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound.

Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequalled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

Is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."
