WORK OF THE COURT.

T. M. Meyer and J. H. Weber Lose Suits—Bowersox Guilty.

[Additional court news on first page.]
The first case called Monday afternoon was an appeal from the judgment rendered by a justice of the peace of Jacob Test vs. G. R. Mock, administrator of the estate of Jacob Mock, deceased. After part of the plaintiff's testimony was adduced, defendant moved for a non suit, which after argument was allowed by the court.

The next case was that of Thos. F. Ricketts & Co. vs. T. M. Meyer, of Millheim. This was also an appeal from a judgment rendered by a justice of the peace. From the evidence in the case it appeared that on the first day of May, 1903, the defendant ordered gloves, etc. from plaintiff company to the amount of \$134.50. These goods were to have been shipped in October of the same year, but did not arrive at Coburn station until November 9th. The defendant had them delivered to his place of business, opened them and sold some of the goods. Believing that, under the circumstances, he could not be bound to keep the goods, he packed them up and shipped them to plaintiff company at Johnstown, N. Y., where they are in the possession of the railroad company for further disposition. The plaintiff company entered suit. There being no great disagreement as to the facts in said case, on motion of plaintiff's counsel, the court directed the jury to render a verdict in favor of the plaintiff and against the defendant for \$134.50 with interest from March 1st, 1904, but reserved a question of law which will be disposed of at June argument court.

The case of L. W. Kimpfort vs. Linden Hall Lumber Company was also continued on account of the illness and inability of plaintiff to come to court. This is also an appeal from the judgment of a justice of the peace. The next case called was that of J. H. Weber vs. George Gentzel, which was an appeal from a judgment rendered by W. A. Murray, of Boalsburg. From evidence it appeared that on April 10, 1905, the plaintiff telephoned to Allison Brothers, Spring Mills, for some hay and straw. After not having any on hand for sale and knowing that the defendant had about the amount desired by the plaintiff, sent for him to come to the office. After some communication between Harry Allison and the plaintiff, which was then communicated to Mr. Gentzel, he, according to the plaintiff's statement, agreed to sell him so many tons of hay and straw at certain figures, and then the plaintiff instructed the defendant to hold it for him during that day. Receiving no word during the day or evening referred to, the next morning Mr. Gentzel made sale of the same hay and straw to another party. Plaintiff contended that he suffered damage to the extent of about \$40.00 which he was obliged to pay to the Fuel & Supply Co., Bellefonte, in the nature of damage, by reason of not being able to fill the order.

At the close of testimony defendant's attorneys asked for binding instructions to the jury and even asked the court to say to the jury that, under the evidence, the defendant was entitled to a verdict. The court refused to give this instruction but submitted the case to the jury. Wednesday morning a verdict in favor of the defendant was returned.

Jane Fultz entered her plea of guilty of larceny on an indictment which was for larceny of \$2500.00 from Michael and Henry Eby.

Wednesday morning the court delivered a charge to the jury in the case Commonwealth vs. Thomas D. Bowersox, who was charged with larceny and receiving stolen goods. From the indictment it appears that this defendant had stolen about \$50 from Michael Eby, and from the evidence in the case as given by the prosecutors, Edward D. Baker and Michael Eby, it appeared that some time during the month of May, 1903, Michael Eby was in the field plowing, and had his vest hanging on the fence. The defendant was seen handling the garment. There was some dispute as to the time of the alleged theft. The Commonwealth alleged that it was in May, 1903, but the defendant positively swore that it was in May, 1902. If the evidence of the plaintiff is to be believed the statute of limitations would bar action at this time. The defendant admitted to a man by the name of Haines that he took \$60.00 from this vest, as well as admitting to the detective that he took \$100.00 from Eby's vest in 1903. The defendant, upon being examined, admitted that he had taken money in May, 1902. The jury returned a verdict of guilty.

Court Notes.

It is reported that a true bill has been found in the Clements—Emerick case, and that the case was continued. The charge is adultery.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle?
