THE TIPPING HABIT.

Some of the Inconsistencies That Punctuate the Evil.

The inconsistencies of tipping are discussed by a noted New York Judge in an interview in the New York World. He says: "Did you ever stop to think how queer it is that we tip a man who gives us food and yet never tip the man who gives us a drink? We tip the waiter, but who has the nerve or the desire to tip a bartender except by offering him a drink or one of his own cigars? And even that sort of treat is never offered to a bartender who is not also an acquaintance. Yet why should the waiter get a tip when the bartender doesn't? Then, too, we give the barber a ten cent tip with our fifteen cent shave (a tip, by the way, aggregating 66 2-3 per cent of the real purchase), and yet we hand over not one single penny when we buy our fifteen cent cigar. A messenger boy delivers a note some time during the same day it is given him, and he gets a quarter for his speed. But the postman who delivers our regular mail promptly to the very minute gets not a penny except at some such season as Christmas. The cabman who gets a mortgage on your house for carrying you from the Flatiron building to Herald square also expects a circular segment of silver as a reward for not killing you during the trip, but a man who would give a trolley conductor an extra nickel for remembering to stop at the right corner and helping the whole family to alight would be thought crazy. If we must tip, why not be consistent? Why not either stop feeding the waiter, the barber, the messenger boy and the cabman or else begin tipping the conductor, the bartender, the cigar man, the clerk, the newsboy, the 'L' train guard, the grocer, the ash man and a few of the other worthies upon whom we are more or less dependent? If a man from some country where tipping is unknown (if so blissful a bourne exists) should come to Manhattan and ask us to explain our tipping system—its limitations and the reason for those limitations—is there a man in all New York who could give an sort of explanation that would not be an insult to a gorilla's intelligence?"

Why Suffer From Rheumatism? Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it, hoping only for a short relief from suffering, have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yun-Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by C. W. Swartz, Tusseyville; F. A. Carson, Potters Mills.

A Good Suggestion.

Wainwright of Lemon City, Fla., has written the manufacturer that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by C. W. Swartz, Tusseyville; F. A. Carson, Potters Mills.
