

THE KEYSTONE STATE

Latest News of Pennsylvania Told in Short Order.

First Assistant Postmaster General Hitchcock made public the following increases and decreases in the salaries of postmasters in Pennsylvania: Conneaut Lake, \$1000 to \$1100; East Brady, \$1600 to \$1400; Knox, \$1100 to \$1200; Leesdale, \$1100 to \$1000; Linesville, \$2000 to \$1300; Littleton, \$1400 to \$1500; Mansfield, \$1800 to \$1700; Marysville, \$1400 to \$1100; Mercer, \$1900 to \$2000; Middletown, \$2100 to \$2000; Monongahela, \$2300 to \$2400; Morrisville, \$1200 to \$1300; Myerstown, \$1400 to \$1500; New Bethlehem, \$1600 to \$1700; New- town, \$1500 to \$1600; North Clarendon, \$1400 to \$1200; Osceola Mills, \$1500 to \$1600; Parnassus, \$1300 to \$1200; Pen- coyd, \$1700 to \$1200; Phoenixville, \$2400 to \$2500; Pottsville, \$2800 to \$2900; Rid- ley Park, \$1100 to \$1200; Dunlo, \$1000 to fourth class; Falls Creek, \$1400 to \$1300; Kutztown, \$1500 to \$1600; Lilly, \$1100 to \$1000; Litz, \$1600 to \$1700; Malvern, \$1000 to \$1100; Martinsburg, \$1100 to \$1200; Mechanicsburg, \$2100 to \$2200; Meyersdale, \$1600 to \$2000; Mil- lersville, \$1200 to \$1300; Montgomery, \$1600 to \$1700; Mount Carmel, \$2100 to \$2300; Nazareth, \$1700 to \$1800; New Salem, \$1300 to \$1200; Northampton, \$1400 to \$1500; Ogonitz, \$1700 to \$1600; Palmyra, \$1500 to \$1400; Pen Argyl, \$1600 to \$1700; Phillipsburg, \$2400 to \$2300; Pine Grove, \$1100 to \$1200; Red- lion, \$1200 to \$1400.

The Jones and Laughlin Steel Com- pany, through the Vesta Coal Company, a subsidiary concern, has purchased 10,000 acres of Washington county coal land at an approximate cost of \$3,000,000. This land adjoins 500 acres already owned by the steel company and renders it independent in the matter of coal supply for the next fifty years.

A deal has been completed for 5000 acres of coal land in Morris Township, Washington county, at \$75 an acre. G. W. Guthrie, of Indiana, was the purchaser. He represents Philadelphians closely affiliated with the Pennsylvania Railroad.

According to a decision furnished to State Highway Commissioner Hunter by Deputy Attorney General Fleitz, the road law of 1903 displaces the road law of 1901, and must be the Commissioner's guide. All money apportioned to counties that was not drawn by them for good road purposes in the past two years, in Mr. Fleitz's opinion, reverted to the State Treasury.

Mrs. Blanche E. Nourse, a prisoner in the county jail at Norristown, where she is awaiting trial on the charge of setting fire to the barn of Dr. Thomas S. Lippincott, in Lower Pottsgrove Township, last April, instituted civil suit against Dr. Lippincott for alleged breach of promise to marry. She claims \$1000 damages.

John Parker, white, and John Waters, negro, were arrested charged with attempting to murder Policeman Lawrence Speidel in Feagleyville, a suburb of Lancaster. Speidel, who had been breaking up lawless gangs, was covering his beat when he was startled by a volley of revolver shots. His helmet was shattered by the bullets, several of which grazed his head and body.

The ninth annual commencement of the Homeopathic Training School for Nurses took place in the Academy of Music, Reading. The graduates are Miss Adeline L. Dautrich, of Reading, and Miss Margaret L. Wright, of Clover Creek, Va. The address was delivered by Prof. John E. James, of Philadelphia.

Constable Michael O'Leary, of Shamokin, took an appeal from Judge C. R. Savidge's decision that constables are entitled only to 5 cents mileage fees while serving court subpoenas. O'Leary claims 10 cents. Other constables are backing O'Leary.

By pouring kerosene on the kitchen fire a son of Joseph Mitchell, of Pottsville, caused a blaze which destroyed the dwelling.

As Paul Biscup tried to board a train in Pottsville his coat was caught on a guard rail and he missed his footing. He fell beneath the wheels and was killed.

The Reading Board of Trade passed resolutions demanding that City Councils levy an extra tax of one mill for the purpose of completing the house sewage system of that city. The board also decided to ask the next Grand Jury to take up the matter of moving the county jail from the city park to the county farm.

A gas explosion occurred at the home of Mrs. Ella Stauffer, in Reading, and her 16-year-old daughter, and W. H. Adams, who lives with the family, were injured. The Stauffers recently moved into the house and when an attempt was made to start a fire in the gas stove the explosion ensued. A side of the house was blown out.

Dr. G. I. McLeod and Dr. J. N. Mitchell, of Philadelphia, of the State Board of Lunacy, inspected the Schuylkill Almshouse buildings and complained of the cramped condition of the quarters for the insane.

John F. Beck, the motorman, who was injured in the collision of a Pottsville trolley car and a Philadelphia & Reading coal train on a grade crossing at Mill Creek, died from his injuries. All of the seven injured passengers are out of danger.

The annual report of Berks County School Superintendent Rapp to the State Department of Public Instruction contains a plea for wider educational facilities for the farmer and his children, and in- dorses the study of gardening, domestic science and the mechanic arts in the township high schools.

Joseph Handler, an oiler, employed at the plant of the Lehigh Portland Cement Company, Allentown, was crushed to death between a large cog wheel and the concrete pit in which the wheel runs.

The office buildings of the Cresson & Clearfield Railroad, at Cresson, were sold by Sheriff Lenhart, of Cambria County, for debt. About a year ago Peter Wargo was killed on the railroad at Cresson. His widow brought suit for damages and the jury awarded her \$2652. The company refused to pay and the Sheriff then sold the buildings. The company's attorney bought them.

COMMERCIAL REVIEW.

R. G. Dun & Co.'s Weekly Review of Trade says:

Improvement is reported in retail trade, although weather conditions are still far from ideal, and excessive rain retards agricultural progress sufficiently to cause conservatism among dealers, yet confidence in the future is the prevailing sentiment, and leading dry-goods jobbers are unanimous in anticipating a large fall trade. Manufacturing plants are busy, especially in heavy steel lines, except where usual repairs are being made or seasonal closing is necessitated. Shoe factories find difficulty in starting work on fall footwear, owing to numerous supplementary spring orders, and there is little idle machinery in textile lines, which feel the impetus of advancing raw materials.

Building operations make favorable comparisons with recent years, and there is little controversy regarding wages or hours of labor.

In the iron and steel industry there is great activity on old orders and general confidence in a vigorous demand during the second half of the year, but current buying is extremely light, except in a few departments. Hence, the mills and furnaces are more active than the markets just now, which explains the apparent contradiction of reports.

Failures this week numbered 211 in the United States, against 220 last year, and 19 in Canada, compared with 17 a year ago.

Bradstreet's says: Wheat, including flour, exports for the week ended May 25 are 1,221,208 bushels, against 1,512,550 bushels last week, 1,132,157 bushels this week last year, 4,677,678 bushels in 1903 and 3,900,645 bushels in 1902. Corn exports for the week are 1,325,467 bushels, against 1,688,299 bushels last week, 233,695 a year ago, 1,179,739 bushels in 1903 and 714,78 bushels in 1902.

WHOLESALE MARKETS.

Baltimore.—FLOUR—Steady and un- changed; receipts, 8023 barrels.

WHEAT—Firm; spot contract, 1.07 1/2 @ 1.07 3/4; spot No. 2 red Western, 1.08 @ 1.08 1/4; May, 1.07 1/2 @ 1.07 3/4; July, 88 1/2 asked; August, 86 1/2 asked; Sep- tember, 87 asked; steamer No. 2 red, 1.00 @ 1.00 1/4; receipts, 1,560 bushels; Southern, by sample, 93 @ 1.07; South- ern, on grade, 97 1/2 @ 1.07 1/2.

CORN—Steady; spot, 56 @ 56 1/4; July, 55 @ 55 1/4; steamer mixed, 51, 750; receipts, 20,502 bushels; exports, 750 bushels; Southern white corn, 52 @ 52 1/2; Southern yellow corn, 52 @ 52 1/2.

MUCH IN LITTLE.

The pay of the London police: four amounts to over \$7,000,000 a year.

The railways now existing or under construction in China aggregate 2,435 miles.

In the capital of New Zealand one- third of a workman's or a clerk's income goes to the landlord for rent.

The Burmese mile, which is equal to two English miles, is described by a word meaning "to sit," being a distance that a man walks before he considers it necessary to sit down.

GOVERNMENT LIGHT.

HISTORIC CHICKAMAUGA PARK ABLAZE WITH ILLUMINATION.

United States System of Lighting Mil- itary Post Pronounced Gratifyingly Successful—Six and One-Half Miles of Main—Sixty-Five Street Lights.

Chickamauga Park, Ga., May 31.—The United States Government has here in operation one of the largest acetylene gas plants in the world. The military post at the entrance of the historical Chickamauga battlefield, where thirty thousand Union and Confederate soldiers were lost in the memorable battle of September 19 and 20, 1863, contains about one hundred buildings, the seventy-five principal ones of which are lighted with acetylene. To accom- plish this six and one-half miles of mains and two miles of service pipes are in use, while sixty-five street lamps brilliantly illuminate the avenues of the post.

In 1903 the War Department instal- led a test acetylene plant at Fort Meyer, Virginia. The results were so gratifying and the superiority of the illuminant so evident that the Govern- ment, March 20, 1904, placed the con- tract for the Chickamauga plant, in which every citizen of the United States should have his pro rata of pride.

But the Government has not confined its acceptance of acetylene to this mil- itary post. Since becoming satisfied of the efficiency, superiority and econom- ical advantages of this particular illu- minant, the United States has instal- led a number of plants in Indian schools and other Government institu- tions.

Acetylene gas is one of the simplest as well as the most perfect of artificial lights. It is made by the contact of water and carbide in manufactured product for sale at a nominal price, is absolutely safe and gives a beautiful white light soothing to the eyes and nerves. It can be produced anywhere—in the farm home, the village store, the town hall, the church—and is so easily maintained as to be practical for all classes.

It is a matter for national congratulation that in beautifying so historic a spot as Chickamauga, nothing but the best, including the lighting system, has been deemed good enough for the American people.

Numbering the Hairs.

The number of individual hairs that cover the human scalp is greatly a matter of speculation; but it is supposed to vary according to the thick- ness and color of the hair. A well- known authority estimates that red- haired people possess the fewest, and places the average number at thirty thousand. Black-haired persons, on the other hand, are said to run into one hundred thousand; while the fair- haired have the largest number of all—namely, one hundred and fifty-thous- and. These figures should form a valuable index to those people whose hair is on the down stage. An ex- cessive falling off could be reckoned at from 100 upwards, and by counting the number of hairs they lose each day some idea might be formed as to how long they are likely to be before they are overtaken with total bald- ness. Hairs which fall out, however, are not always a "total loss." They often grow again from the root.— Montreal Herald.

She'd Rather Loop the Loop.

"My daughter got me to loop-the- loop at the park last summer—once," said the woman with the vinegar- visage as she stepped from the main elevator of a big office building, ac- cording to the Kansas City Journal, "but that's a baby's swing to this when it comes to mixing one's vital organs."

"The trouble is that the elevator boy changes his mind oftener than a woman. I never came down yet that he didn't decide on a different speed in transit. When he did that quick stop at the fourth floor just now I simply telescoped inside. My heart's in my mouth yet, and I can't locate my stomach. No; no luncheon for me until I get over this scrambled feel- ing."

FEED YOU MONEY

Feed Your Brain, and It Will Feed You Money and Fame.

"Ever since boyhood I have been especially fond of meats, and I am con- vinced I ate too rapidly, and failed to masticate my food properly.

"The result was that I found myself, a few years ago, afflicted with ailments of the stomach and kidneys, which in- terfered seriously with my business.

"At last I took the advice of friends and began to eat Grape-Nuts instead of the heavy meats, etc., that had consti- tuted my former diet.

"I found that I was at once benefited by the change, that I was soon relieved from the heart-burn and the indigestion that used to follow my meals, that the pains in my back from my kidney af- fection had ceased, showing that those organs had been healed, and that my nerves, which used to be unsteady, and my brain, which was slow and lethargic from a heavy diet of meats and greasy foods, had, not in a moment, but grad- ually, and none the less surely, been restored to normal efficiency. Now every nerve is steady and my brain and thinking faculties are quicker and more acute than for years past.

"After my old style breakfasts I used to suffer during the forenoon from a feeling of weakness which hindered me seriously in my work, but since I have begun to use Grape-Nuts food I can work till dinner time with all ease and comfort." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in each pkg.

GOOD LUCK Free Premiums

To further introduce Good Luck Baking Powder, we are offering valuable premiums free to all users. On the label of every can will be found a coupon. Cut out these coupons and save them. The little gift book inside each can illustrates the many articles and tells how to get them free. Besides these valuable premiums, you get a superior baking powder and it costs you but 10c per pound can.

GOOD LUCK Baking Powder

possesses excellent leavening qualities. It is powerful in generating gas, therefore makes exceedingly light bakings. Its positive purity assures you of good baking results. Through these superior qualities Good Luck Baking powder has reached the largest sale of any baking powder in the world. Carloads and trainloads are shipped to all sections of the country. This tremendous sale makes it possible for us to sell it at the little price of 10c per pound can. Insist upon having Good Luck Baking Powder and get a superior article at a moderate price.

ULCERS FOR THIRTY YEARS

Painful Eruptions From Knees to Feet Seemed Incurable—Cuticura Ends Misery.

Another of those remarkable cures by Cuticura, after doctors and all else had failed, is testified to by Mr. M. C. Moss, of Galveston, Texas, in the following letter: "For over thirty years I suffered from painful ulcers and an eruption from my knees to feet, and could find neither doc- tors nor medicine to help me, until I used Cuticura Soap, Ointment and Pills, which cured me in six months. They helped me the very first time I used them, and I am glad to write this so that others suffering as I did may be saved from misery."

A full-grown elephant can carry three tons on its back.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg, of Denver, Color. Bearer of the Woman's Relief Corps, Sends Thanks to Mrs. Pinkham.

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.:

Dear Mrs. Pinkham: "For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a bur- den to me. I was confined for days to my bed, lost my appetite, my courage and all hope. "I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, I thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregu- lar or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feel- ing, inflammation of the ovaries, back- ache, flatulence, general debility, indig- estion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Veg- etable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unquali- fied endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Health is too valuable to risk in ex- periments with unknown and untried medicines or methods of treatment. Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

Facts Are Stubborn Things

Uniform excellent quality for over a quarter of a century has steadily increased the sales of LION COFFEE, The leader of all package coffees.

Take our advice, start with Cascarets today under absolute guarantee to cure or money refunded. The genuine tablet stamped C. C. Never sold in bulk. Sample and booklet free. Address Sterling Remedy Company, Chicago or New York.

Youthful Financiers.

Two budding Rockefeller's have been unearthed by the police in the north of Europe. These worthies, aged 12 and 14, have in a single day made 9,000 per cent on the capital of a penny. Obtaining entrance with this sum to a lavatory. Number One removed his nether garments. These were pawed by Number Two for a florin (50 cents). With the capital thus brought into the business he bought a watch on the installment system. A loan of 10 shillings (\$2.50) was now floated with the aid of the watch at a second pawnbroker's. He returned to pawnbroker A and took "out" the trousers which were then resumed by Financier One—and the two divided between them the 8 shillings (\$2) minus the working expenses, friction on boot leathers, etc. Allow- ing for Sundays and short holidays for the directors on the Riviera, the company's annual profits at this rate would be nearly 3,000,000 per cent.

Large Sum for Blank Page.

A thousand dollars seems to be a pretty big sum to pay for a blank page. But that is what one fetched at a London auction room the other day. Or, to be strictly accurate, one should say that its presence in an old book increased the volume's sell- ing price just that much. The book in question was a first edition of the "Countess of Pembroke's Arcadia," written by "Sir" Philippe Sidney and printed in 1590. Only three other copies are known to be in existence, and none of them has ever fetched more than \$1,250. But this particular specimen contained an extra blank page appended to the dedication, which rendered it unique. Presum- ably for that reason it was run up to \$2,250—just \$1,000 more than was ever paid for any of the copies that lack the original sheet of paper. It is one of the strangest freaks of bibliomania on record.
