Latest News of Pennsylvania Told in Short Grder.

Jeremiah Rishell pleaded guilty in court at Reading to involuntary manslaughter in connection with the shooting of James Gallagher, a tramp, last fall, and was sentenced to six months in jail. George Emes, who did the shooting, was sentenced last week to five months in the penitentiary. It was asserted that the tramp made improper proposals to young women and that Emes and Richell defended the women

At the third annual gold medal contest in oratory for the pupils of the Wilkes-Barre High School, Miss Helen V. Barring won the gold medal for recitations and Robert L. Rheads for the best original production.

The Scranton Municipal League, which has been inactive for some time, has resumed operations. By request of its agent, Robert Wilson, the police confiscated nearly all the nickel-in-the-slot machines in Scranton. The owners of places in which the machines were found were fined \$25 and costs.

The Trenton, New Hope and Lam-bertville Railway has been opened for travel. The line is sixteen miles long. The eighth annual convention of the Bucks County Sabbath School Association was held at Carversville. Rev. W. Barnes Lower, of Wyncote, and Rev. John M. Waddell, of Doylestown, de-

livered addresses. Mrs. Aaron C. Griffen, aged 25 years. wife of a Warrington Township farmer. was burned to death by the explosion of a can of kerosene with which she was kindling a fire in the kitchen stove.

Prof. F. S. Benton, principal of the public schools of Coatesville, has resigned and will go to Philadelphia to study law.

Harry Moore, of Coatesville, a rigger, employed at the Lackawanna steel plant in Buffalo, was killed in that city by being caught in machinery. Robbers entered the White Horse Ho-

tel, on the Chester Pike, in Prospect Park, and took five pieces of a silver set, each piece bearing Mrs. David Mc-Clure's initials; nine yards of silk dress goods and a pocketbook containing money belonging to Mrs. McClure, wife of the proprietor of the hotel.

Daniel Callahan, aged 6 years, of Thomaston, while on his way home from school, stopped beside an old mine breach partly filled with water to throw stones into it. Losing his balance he fell down the precipice and was drowned before the eyes of several little school-

State bridge over the North Branch of the Susquehanna River, between Berwick and Nescopeck, has been awarded to the York Bridge Company, of York, by the Board of Public Grounds and Buildings. The York Company, which bid \$209,500, was the lowest of the 28

After parting with a friend and exclaiming: "This is the last time I'll shake hands," Milton S. Shaeffer swallowed a large dose of arsenic in the barroom of a hotel at Rothsville. Friends attempted to knock the glass containfrom his hips. He held on determined, biting a piece from the glass and swallowing the fragment. It

is believed he will die. Mark Ashbaugh, aged 17, and Otto Robinson, aged 13, both of Duquesne, died in the McKeesport Hospital. The boys found a large quantity of gunpowder and filled their pockets with it. One of them applied a match to some of the powder which had fallen on the ground. The flames leaped up and ignited the powder in their pockets. Both were fatally burned.

The Valley Forge Park Commission has made arrangements to provide a water supply for the park. Hydrants for drinking and sprinkling will be placed at various points along the roads.

Deputy Sheriff Massi has arrested John Tozzolino, charged with the murder of Frank Colar, whose headless body was found at Cork Lane ten days ago. Tozzolino says he can prove an alibi, and he offers to aid the police in running down the murderers.

Dr. Donato Verna, of Roseto, a graduate of the Medical College at Naples. Italy, was convicted in court at Easton of having practiced medicine, although he neglected to register in the Prothonotary's office or to appear before the State Medical Board. Judge Scott fined him \$100 and costs.

Jacob Fritz, aged 60 years, who was accidentally shot by William Gloss at the Avon Gun Club grounds, died at the Good Samaritan Hospital, Lebanon. Gloss, who was seixed with nervous prostration at the time of the accident, suffered a relapse upon hearing of the death of Fritz and is in a serious con-

While assisting in placing a large log in position at a mill dam at Meckville, Cyrus Gerhart, aged 50 years, of that place, fell into the water and was drowned.

The audit in the estate of the late Edmund Kruzensky, Norristown, whose brother's arm established the date of his marriage, ended by a settlement in which the property was divided between his wife and mother.

The taxpayers of Bristol Township at a special election voted 225 against 104 for bonding the township to the extent of \$50,000 for road improvement. Penrose Weidman and Raymond Freyburger, two 12-year-old boys of Birdsboro, were killed by being struck by an express train on the Reading Railway. The lads, with a half dozen others, were returning from a swim in the Schuylkill River and the two boys were standing on the down track watching a passing freight train when the express train

Sheriff Derr, of Carlisle, appointed ex-Deputy Sheriff Goodyear and John Glass as death watches for David Spahr, the condemned murderer of his wife, and asked the Court by petition to ratify the appointment. Judge Sadler stated that he fails to find acts of Assembly conferring the authority on the Sheriff to appoint death watches, and therefore refuses to confirm the Sheriff's appoint-

While at work in the Philadelphia & Reading car shops at Schuylkill Haven John Dalton was overcome by heat and died a few moments later.

## COMMERCIAL REVIEW.

R. G. Dun & Co.'s Weekly Review of Trade says:

"Although trade reports are still irregular and in many cities below expectations, there has been improvement in response to higher temperature and less rain. Manufacturing activity is fully maintained in textile fabrics, and there is an enormous output of iron and steel, despite some reduction from last month's record-breaking rate of production. Building operations are large and materials in excellent demand. Foreign commerce for the past week at this port shows a splendid gain, compared with 1904, imports increasing \$3,137,944 and exports gaining \$1,470,305. All returns for May make favorable comparisons with the same month last year, railway earnings increasing 8 per cent. while bank earnings rose 31.3 per cent.

"Textile manufacturers are in a strong position, buyers gradually appreciating the changed situation. There is little speculative buying, but more disposition to provide for future requirements Prices are very firm. Further weakness has developed in packed hides, the only supporting factor being the light supply of cowhides that are sought by tanners of upper leather. Country hides are in a relatively better position, and South American dry hides are firmer here than in Europe. Supplementary fall contracts are still arriving at New England footwear factories from salesmen in the West, and sample orders for

spring lines are also received. "Failures this week in the United States are 216, against 198 last week. 211 the preceding week and 227 the corresponding week last year. Failures in Canada number 20, against 20 last week, 19 the preceding week and 20

## MUCH IN LITTLE.

At the ordinary price of two cents a sound for rice, the Chinese rice farmrs make money or about the same scale s would American farmers in the Misissippi Valley producing wheat on a pasis of 80 cents a bushel in Chicago.

The commercial nations of Europe are now fully aware of the growing imporance of Mexico, and are making strong forts to increase their trade with that irosperous country; hence competition will be lively in the Mexican markets

#### WHY EYESIGHT FAILS

INFERIOR ARTIFICIAL LIGHT FRE. QUENTLY THE CAUSE.

Binminants of the Past, One and All, linve Serious D. fects-Acetylene Gas With Its Clear, Unwavering, Yet Soft Fiame Cannot Hur; the Eyes.

New York, June 20.- No one can go into our schools or meet a group of children on the street without noticing how large a number of them wear spectacles. The proportion seems to increase yearly, and there are many more who ought to wear glasses. The experience of one teacher might be duplicated by the score. She knew Alice was inattentive and she thought she was unusually stopid. She said so to the principal and sent a note to the mother, requesting that the child be helped at home if she wished her to keep up with her class. One day after a blackboard explanation, the teacher called upon the child and found that she had not seen what had been written. She was kept after school and by dint of much sympathetic questioning Miss C. found that Alice had never been able to see what was put on the board and that her head had ached so often and so hard that she frequently failed to hear what was

Such a sondition may be caused by lack of proper food, but in our American homes it is usually due to the poor quality of the artificial light. The yellow, insufficient light of the ordinary kerosene lamp, with its smoky chimney, is about as bad for the eyes as can be imagined. The flickering light from a coal gas jet is but little better. and even the electric light, brilliant as it usually is, has an unsteadiness due to variations in power, and a glare peculiarly trying to the delicate nerves of sight. The comparatively new illuminant accipiene gas produces as nearly perfect an artificial light as has yet been found. It gives a clear white, unwavering light, very brilliant, yet perfectly soft, and so nearly like the rays of the sun that even colors appear as in daylight.

Fortunately, acctylene is very easily and cheaply produced, and the simple apparatus necessary can be purchased and installed in any home at a very moderate cost, and the acetylene can be piped to convenient points in the house where a light is needed. It is then lighted and extinguished and used exactly like common city gas.

Acetylene is rapidly coming into common use in homes, churches, schools and institutions of all kinds, and it is reasonable to expect that as its use in the home increases, there will be fewer defective eyes, particularly among children. Poor eyesight and the many ills resulting therefrom will undoubtedly be much reduced by Lie use of this new illuminant.

#### Maple Sugar in Tons.

Some idea of the magnitude of the maple sugar industry as carried on in Vermont may be had from the fact that at the single station of East Berkshire Herman Chaffee loaded twenty-two tons of the sweet and A. J. Croft loaded eight. At the same time one buyer alone has gathered up over forty tons of sugar and two carloads of sirup. The banner sugar maker of this section is Norman Hogaboom of South Richmond, who has produced 7,530 pounds from 2,000 trees and sold the whole for \$677.70.

#### AN AWFUL SKIN HUMOR

Covered Head, Neck and Shoulders-Suffered Agony For Twenty-Five Years Until Cured by Cuticura.

"For twenty five years I suffered agony from a terrible humor, completely covering my head, neck and shoulders, discharging matter of such offensiveness to sight and smell that I became an object of dread. I consulted the most able doctors far and near, to no avail. Then I got Cuticura, and in a surpisingly short time I was completely cured. I advise all those suffering from skin humors to get Cuticura and end their misery at once. S. P. Keyes, 149 Congress Street, Boston, Mass."

Hadn't Noticed Bird's Absence. A curious incident happened in England recently during a wedding. The vicar, supposing the party to be complete, began the service, quite unconscious of the fact that the bride had not arrived. Instead of stopping him the bridegroom, best man and others remained silent from sheer nervousness and presently, when the bride and her father," who had been delayed, hurriedly entered. The father quaintly apologized by saying: "Excuse me for interrupting; some mistake has been made." Explanations followed and the service was begun

#### ALL DONE OUT.

Veteran Joshua Heller, of 706 South Walnut street, Urbana, Ill., says: "In the fall of 1899, after taking Doan's

Kidney Pills I told the readers of this paper that they had relieved me of kidney trouble, disposed of a lame back with pain across my loins and beneath the shoulder blades. During the interval which has clapsed I have had occasion to resort to Doan's Kidney Pills when I noticed warnings of

an attack. On each and every occasion the results obtained were just as satisfactory as when the pills were first brought to my notice. just as emphatically endorse the preparation to-day as I did over two years ago."

Foster-Milburn Co., Buffalo, N. Y., proprietors. For sale by all druggists, price 50 cents per box.

# GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan-to furnish the best baking powder in the world at the lowest price-10 cents a pound. Good Luck is the best because it is purest, because it produces the light-

est, whitest, sweetest of baking. These results are due to its unequaled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

# The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffeesthe coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit

#### HOW TO MAKE GOOD COFFEE.

Use LION COFFER, because to get best results you must use the best coffee.

Grind your LION COFFER rather fine. Use "a tablespoonful to each cup, and one ira for the pot." First mix it with a little cold water, enough to make a thick paste, and white of an egg (if egg is to be used as a settler), then follow one of the following rules: 1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3 (Don't boil it too long.
Don't let it stand more than ten minutes before serving.
Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

With Eggs, Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

3d. With Celd Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use (Sold only in 1 lb. sealed packages.)

(Lion head on every package.)

(Save these Lion-heads for valuable premiums.)
