

TERMS.—The terms of subscription to the Reporter are one dollar per year in advance.  
ADVERTISEMENTS.—20 cents per line for three insertions, and 5 cents per line for each subsequent insertion. Other rates made known on application.

The figures opposite your name on label of paper indicate the date to which your subscription is paid. When no date is given the date implied is July, 1905; when no month is given the month implied is July—thus, "50" means July, 1905; "10" means July, 1904; "04" means that your subscription is paid in advance to July, 1904. Other months than July are indicated by abbreviations. When you pay your subscription always examine your label, and when a notice appears that corrections have been made, compare and report immediately if you have not been given proper credit. No receipts for subscription will be sent by mail unless by special request. The change of date on label ought to be sufficient evidence. Money by mail is reasonably safe. There have been no losses to this date.

RESOLUTIONS AND CARDS OF THANKS.—Resolutions of respect will be charged for at the rate of one-half cent per word, (payable in advance) the minimum charge being \$1.00. Cards of thanks, two cents per word, minimum charge, fifty cents, also payable in advance.

A good many people suppose that Cabinet officers are complimentary positions created by Congress as a gratification of certain sections of the population. There is a Secretary of Agriculture to please the farmers, a Secretary of Commerce and Labor to please the manufacturers and workmen. The miners have repeatedly insisted that they were important enough to be "recognized" by having a Secretary of Mining. The schoolmasters have on the same ground urged a Secretary of Education. The doctors are now demanding a Secretary of Health. By the same logic there ought to be a Secretary of Religion. There is none because the Government does not carry on any ecclesiastical system. But neither does it administer the schools or operate the mines or direct the practice of medicine. There are Cabinet officers at the head of the foreign intercourse, the financial, military, naval and postal branches because those are parts of the public service; the Government collects a revenue and maintains an army, and so on.

President Roosevelt did not deliver an address when the new Russian Ambassador was presented to him at Oyster Bay, "because the situation is very delicate and the less said the better." Still, a nice little talk about race suicide should not have proved offensive to Baron Rosen. A few homely sentiments about mothers' duties to their children would have helped to enliven the ceremony, perhaps, or some well chosen remarks about professionalism in athletics. It was too good an opportunity to miss. Baron Rosen is new to President Roosevelt's ways. He was entitled to a private rehearsal as a preparation for what is to come.

The Milton Record is a thorn in the side of the present board of county commissioners in Northumberland county. The recent bond sale has been the text for severe criticism.
