Letter to Frank Geary

Centre Hall, Pa.

Dear Sir: You'd strike it rich if you could find a way to shave your customers in less time, for less cost, and make the shave last twice or three times as long.

You wouldn't shave the same person so many times, or get so much of his money; but the town would be talking about you, and everybody would come to you for a shave.

Devoe lead-and-zinc is exactly that in paints. It takes fewer gallons, and it wears longer. Costs less for the job, and you don't have to do it again for years and years—six years at least.

Yours truly F. W. DEVOE & Co.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by C. W. Swartz, Tusseyville; F. A. Carson, Potters Mills.
