Letter to W. H. Meyers  
 Centre Hall, Pa.

Dear Sir: Messrs. Leachman & Edelin, Grafton, W. Va., had been selling a paint, which they thought well of; and this had occurred.

They had sold a customer 18 gallons of it to paint his house. A few years later, they sold the same man Devoe lead-and zinc the same number of gallons to paint the same house. He had 7 gallons left.

The point of the tale is: 11 gallons Devoe paints an 18-gallon house.

Do you want to sell it?  
 Of course, that isn't all.  
 Why does 11 gallons Devoe go as far as 18 gallons of other paint? Because it is all paint, all true, no sham, and full measure.

Do you want to sell it?  
 But that isn't all. Devoe lasts longer. No, no; you haven't got to wait ten years to find that out. Ten thousand people know it. We've got their names. Our agents know them; they think a heap of Devoe. There's no difficulty in showing your townspeople what to expect of Devoe. \$10 will paint a \$150 house; and the paint will last twice as long.

Do you want to sell it?  
 Yours truly  
 F. W. DEVOE & Co.  
 New York.

**A Warning to Mothers.**

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by C. W. Swartz, Tusseyville; F. A. Carson, Potters Mills.
