Mail Agent Robert F. Sechler, on the Lewisburg and Tyrone Railroad, is in Cincinnati where the National Convention of Railway Postal clerks is in session. He is accompanied by Mrs. Sechler.

How is it? Have you a six after your name? Do you want a six? Sixes for sale at the Reporter office, don't forget. These figures can be bought at the rate of one dollar for each unit. Cheap as dirt.

After several weeks' visit among friends in Penns Valley, Mrs. Fred Widemann, nee Penington, of Coloma, Michigan, returned to her home. She met many of her old acquaintances after an absence of thirty-two years.

Did you ever see anything more ridiculous than that open letter? It has caused a heap of swearing, in falsetto, among Republicans. There is, however, a marked difference between the swearing among the rank and file of Republican voters and the oath of Mr. Miller.

Mrs. Reaick, widow of Peter Reaick, who for sixteen years was a resident of this community, and Mrs. Henry Brown, her sister, of Millheim, were in Centre Hall beginning of this week, guests of various friends. Mrs. Reaick now lives with her daughter in Altoona.

George L. Goodhart, of near Centre Hill, is each year improving his already beautiful home. This fall he is building a large cistern, which will be so constructed as to permit the water in it to be drawn from a spigot, thus avoiding pumping. An implement shed and corn crib are other improvements under way.

Mrs. Rebecca Floray, of Centre Hall, was a caller last week to buy a six for her daughter, Miss Gertrude, who never leaves the Reporter label fall back a single figure. Miss Floray is a seamstress, and plys the needle hard every day, but one thing, she says, she wouldn't think of doing without, and that is the Reporter.

Messrs. Frank Rice and Joseph Klepper, of Reedsville, stopped at the Reporter office Wednesday morning on their way to Bellefonte Fair. Mr. Rice is one of the Rice Brothers, who are doing a fine mercantile business in Reedsville, and besides find some time to devote playing ball—the three brothers being next door to professionals. MRS. LINN ADAMS. Mrs. Linn M. Adams, widow of T. Frank Adams at one time county commissioner, died at one of the Fraternity houses at State College Tuesday morning, after a brief illness of peritonitis. Her maiden name was Miss Linn Campbell and she was about fifty years of age.

Millinery Opening. The Millinery Store of Mrs. Lucy Henney, on Church street, Centre Hall, will have its annual fall opening Wednesday and Thursday, October 11th and 12th. Mrs. Henney is in the city at present, and is making an unusually large purchase of goods in her line, which includes everything needed by the ladies, misses and children for head dress.

The stock that will be shown at the approaching opening will eclipse any heretofore offered in Centre Hall, it being the object of Mrs. Henney, who has had more than thirty years experience in her line of work, to enable the ladies of Penns Valley to buy the most up to date millinery goods without crossing the mountains, saving both time and money, and not a little of either.

She invites you to call on the opening days, or any time thereafter, and examine the stock, which will be cheerfully shown. There will be a fine selection at all times, but there is some advantage in seeing the stock when it comes in. Remember the opening days—Wednesday and Thursday of next week.

Sales reported show an increase in price over last year.

There is Money in Growing Ginseng

Prof. W. L. Howard of the Missouri State Agricultural College says: "I advise American farmers to cultivate Ginseng. Big profits may be realized. It is a hardy plant and is easily grown." A recent bulletin issued by the Pennsylvania State Agricultural College in part says: "The supply of native Ginseng root is continually diminishing and the price per pound is correspondingly increasing, while the constant demand for the drug in China stands as a guarantee of a steady market for Ginseng in the future. The market for our cultivated root will exist as long as the Chinamen exist."—Consul General W. A. Rublee of Hong Kong says in the U. S. Consular reports: "The sale of Ginseng root grown in America is very large here and the demand is so great that much more could be disposed of advantageously. The root is as indispensable to the 400,000,000 Chinese as is their rice."

Ginseng is a staple on the market the same as corn, wheat and cotton. The present market price varies from \$5 to \$8 per pound according to quality, while the cost of production does not exceed \$1.50. There is room in an ordinary garden to grow several hundred dollars worth each year. The plant is hardy and thrives in all parts of the United States and Canada, except in arid regions. We are successful growers and can show you how to make money growing Ginseng. You can get a good start in the business for a small outlay, and soon have a comfortable income. We have several thousand choice roots for sale for fall delivery. The planting season begins in August and continues till the ground is frozen. Write us today for literature.
