Of Interest to Fishermen. Saturday, October 7th, the west bound passenger train on the L. & T. railroad sidetracked, at Spring Mills, Government Fish Car No. 5, containing sixty-five cases of small fish for various citizens in and about that place. The car was in charge of a Mr. Thomas, a very courteous gentleman, who was aided by four others. This allotment of fish, estimated at not less than 25,000, was secured mainly through the efforts of Smith Brothers and Ripka Brothers, who distributed them in the various streams.

Information is afloat that at various points above and below Spring Mills many persons are doing illegal fishing. There are also many ducks on the creeks, which deplete the waters of the finny tribe more rapidly than most people would suppose. Should the government learn of these hindrances to the fish they distribute, no fish can be secured, and there is hardly a doubt but that some people will suffer the penalty for not abiding by the laws. Don't over-ride your rights, according to law, with reference to fish and game and they can't help but multiply.

The bride wore a beautiful gown of white Panama cloth. She was the recipient of a number of beautiful and valuable presents.

After a delightful overland tour of a hundred and fifty miles, they returned home Saturday, when the groom's mother, Mrs. Emma Sankey, and his sister, Miss Edith Sankey, tendered the young couple a reception and dinner at two o'clock, at their home near Potters Mills. A Judicious Inquiry. A well known traveling man who visits the drug trade says he has often heard the druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed.
