

WOUND PROVES FATAL.

Ralph M. Williams, of Scotia, Accidentally Shot.

Ralph M. Williams, a boy thirteen years of age, son of George M. Williams, died Friday evening at Bellefonte, as the result of being the victim of a serious shooting accident which occurred at his home, Scotia, shortly after noon of the same day.

The boy Williams was playing at the school house when Bert Delige happened along with a gun, bound on a hunting expedition. The boy saw and hailed him, saying: "Wait a minute, I want to tell you something." He started toward him, and as he did so, Delige, in a spirit of fun, pulled up the gun. Unfortunately the hammer was up and the gun was discharged. The charge tore away the calf of Williams' leg, while other shot buried themselves in his body and other leg.

The colored youth was placed under arrest. He is said to have but recently been released from the Huntingdon reformatory, but was on friendly terms with the boy Williams. He was also friendly with the Williams family and had just left the Williams home a short time before the shooting.

DEATHS.

JOHN A. STOVER.

The death of John A. Stover cast a pall over the young people of Centre Hall. He was taken ill about two weeks previous to his death, and his sickness at once became of a serious character. Mr. Harshbarger is well advanced in years, and makes his home with his son, Elmer Harshbarger, tenant on the Bartholomew farm, between Centre Hall and Linden Hall. The elderly gentleman is subject to light attacks of falling fits, and it is supposed that the injury to his hand was received during one of these spells while in the corn field at corn cutting time.

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.
