

MRS. EMMA FLEISSNER
Suffered Over Two Years—Health Was in a Precarious Condition—Caused by Pelvic Catarrh.

HEALTH AND STRENGTH RESTORED BY PE-RU-NA.

Mrs. Emma Fleissner, 1412 Sixth Avenue, Seattle, Wash., Worthy Treasurer Sons of Temperance, writes:
"I suffered over two years with irregular and painful periods. My health was in a very precarious condition and I was anxious to find something to restore my health and strength."
"I was very glad to try Peruna and delighted to find that it was doing me good. I continued to use it a little over three months and found my troubles removed."
"I consider it a splendid medicine and shall never be without it, taking a dose occasionally when I feel run-down and tired."
"Our files contain thousands of testimonials which Dr. Hartman has received from grateful, happy women who have been restored to health by his remedy, Peruna."

BABY'S AWFUL ECZEMA

Face Like Raw Beef—Thought She Would Lose Her Ear—Healed Without a Word—Mother Thanks Cuticura.
"My little girl had eczema very bad when she was ten months old. I thought she would lose her right ear. It had turned black, and her face was like a piece of raw meat, and very sore. It would bleed when I washed her, and I had to keep cloths on it day and night. There was not a clear spot on her face when I began using Cuticura Soap and Ointment, and now it is completely healed, without scar or blemish, which is more than I had hoped for."

GAS TO TAKE PLACE OF COAL.

Seems Likely to Come into General Use on Shipboard.
If a vessel propelled by steam power is called a "steamer," should a vessel in which the motive power is gas be called a "gasster"? The query is prompted by the possibility that in the not far distant future marine propulsion will be largely effected by means of explosion engines, whose fuel will be gas generated on board. For stationary purposes plants of this description have already been erected on a large scale, and more than one firm of engineers is said to be engaged in perfecting a combined plant consisting of engine and gas generator which shall be lighter and occupy less space than the present combination of steam boilers and engine, power for power. The gas used is known as producer gas, and is to all intents and purposes steam or water vapor passed through incandescent coke in a special form of furnace. The resultant gas is a combination of carbon monoxide, hydrogen and nitrogen.

Utilizing the fuel in this manner is claimed to effect a very appreciable economy as compared with burning it under a boiler to generate steam. Indeed it has been estimated that one pound of fuel will thus go as far as three pounds in the latter method. This on a long voyage not only means the reduction of the coal bill, but also a corresponding increase in cargo space or passenger accommodation.

THE SECRET OF YOUTH

De Soto looked for the secret of youth in a spring of gushing, life-giving waters, which he was sure he would find in the New World. Alchemists and sages (thousands of them), have spent their lives in quest for it, but it is only found by those happy people who can digest and assimilate the right food which keeps the physical body perfect that peace and comfort are the sure results.

A remarkable man of 94 says: "For many long years I suffered more or less with chronic constiveness and painful indigestion. This condition made life a great burden to me, as you may well imagine."
"Two years ago I began to use Grape-Nuts as food, and am thankful that I did. It has been a blessing to me in every way. I first noticed that it had restored my digestion. This was a great gain, but was nothing to compare in importance with the fact that in a short time my bowels were restored to free and normal action."
"The cure seemed to be complete; for two years I have had none of the old trouble. I use the Grape-Nuts food every morning for breakfast and frequently eat nothing else. The use has made me comfortable and happy, and although I will be 94 years old next fall, I have become strong and supple again, erect in figure and can walk with anybody and enjoy it." Name given by Postum Co., Battle Creek, Mich. "There's a reason."

Whole Town Charged Location.

We have been accustomed to hearing of the bodily removal of houses, but it has been left for Russia to provide the spectacle of a whole town of some 5,000 inhabitants changing its location. This, however, is the case of Lepinsk, a town in the district of Semiretsche, in Russian Turan. Twenty-two years ago Lepinsk was founded on land provided for the purpose by the governor general of the province. This land had, however, formerly belonged to the Semiretsche horde of Cosacks, who strongly objected to the transfer. For twenty-two years the dispute has continued, and now at last the inhabitants of Lepinsk, hearing of a suitable site thirty-five kilometers to the northwest of their present quarters, have decided to remove thither in a body, taking their possessions and as much of their habitations as possible along with them.

STOPS BELCHING BY ABSORPTION—NO DRUGS—A NEW METHOD.

A Box of Wafers Free—Have You Acute Indigestion, Stomach Trouble, Irregular Heart, Dizzy Spells, Short Breath, Gas on the Stomach

Bitter Taste—Bad Breath—Impaired Appetite—A feeling of fullness, weight and pain over the stomach and heart, sometimes nausea and vomiting, also fever and sick headaches?
What causes it? Any one or all of these: Excessive eating and drinking—abuse of spirits—anxiety and depression—mental effort—mental worry and physical fatigue—bad air—insufficient food—sedentary habits—absence of teeth—holding of food.

If you suffer from this slow death and miserable existence, let us send you a sample box of Mull's Anti-Belch Wafers absolutely free. No drugs. Drugs injure the stomach.
It stops belching and cures a diseased stomach by absorbing the foul odors from undigested food and by imparting activity to the lining of the stomach, enabling it to thoroughly mix the food with the gastric juices, which promotes digestion and cures the disease.

SPECIAL OFFER—The regular price of Mull's Anti-Belch Wafers is 50c. a box, but to introduce it to thousands of sufferers we will send two (2) boxes upon receipt of 75c. and this advertisement, or we will send you a sample free for this coupon.

PISO'S CURE FOR CONSUMPTION

Go Barehead to Church. The custom of going bareheaded which New York women have extensively adopted this summer, has spread even to the churches. At services which are held week evenings a large contingent of women attend without hats. "I hope the custom will extend to the theaters this winter," said a West Side man. "Then women will not have to hold their hats in their laps. I always feel sorry for women when they take off their hats in the theater. Their hair is usually disarranged, and taking care of a hat all evening is a nuisance. A woman never looks prettier than with a scarf of lace or chiffon thrown over her head, and it is no trouble to take care of that. Women wear them in London and why shouldn't they in New York?"

Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

Mrs. Chester Curry **Mrs. Chas. F. Brown**

A nervous, irritable mother, often on the verge of hysteria, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nervousness, the blues, sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration. Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women testify to this fact.
