The oddest of odd causes for divorce has crept out in the case of Zenus L Finnegan before Frederick W. Ghichtel, master in chancery, at Trenton. Finnegan and his wife lived together for seventeen years before she discovered that she did not like the name and asked him to

So she brought suit for divorce, and the Court freed her from Finnegan.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. When a physician tells a woman, suf-ering from ovarian or womb trouble, hat an operation is necessary it, of ourse, frightens her.

Hearing how Lydia E. Pinkham's Vegetable Compound had saved other woman from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness.

Miss Margret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains and extreme irritation compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

Ovarian and womb troubles are
