Penn's Cave.

Some one with a bit of capital could make a splendid investment by purchasing Penn's Cave, and opening a modern summer resort. There is water power on the premises, which could be used to operate an electric light plant. POOR DIRECTORS MUST PAY.

Attorney General's Department Renders Important Decision.

The attorney general's department has furnished State Health Commissioner Dixon with an opinion to the effect that it is the duty of the county commissioners of counties, where there are no poor directors, to provide sustenance for all indigent persons residing within their districts who are afflicted with disease or who are kept from their regular employment by reason of quarantine established by the state health department.
