Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

No other female medicine in the world has received such widespread and unqualified endorsement.
 No other medicine has such a record of cures for female troubles or such hosts of grateful friends as has
Lydia E. Pinkham's Vegetable Compound.
 It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.
 It has cured more cases of Backache and Leucorrhoea than any other remedy in the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.
 Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.
 It quickly removes that bearing-down feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulence, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures. Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Saved.

The man dressmaker in his pink velvet coat wrung his hands in despair.
 "Here it is October," he cried, "and I have not yet evolved a new idea in winter gowns."
 "Master," said the apprentice timidly.
 "What, boy?"
 "I have thought out a novel type of gown that will make a woman look like a broken-backed ape with wings."
 "Superb!" the master cried. "Let us model it at once. 'Twill take the world by storm."—Chicago Chronicle.

There is a fine opportunity in this vicinity to take orders for the celebrated White Bronze monuments, headstones, grave covers, etc., made by The Monumental Bronze Company, 322 Howard Ave., Bridgeport, Conn. It is a good, legitimate business, and they offer very liberal inducements, someone should write them for the agency.

To Help Women from Cars.
 As the girl alighted from the trolley car she turned to her escort approvingly. "Do you know you are a man in a thousand?" she said.
 "I'm delighted to hear it," he answered radiantly.
 "I mean about helping a girl off a car," she said hastily. "You are the first man, but one, who has helped me off the car properly for a year. Men generally grab a woman by the elbow and hoist her shoulder high in the air. That makes her look awkward and feel cross. Or else they take hold of her arm with such a grip that it hurts, rumples her sleeve and pushes it up from her wrist. Sometimes they grab her hand, and she has urgent need of both hands to hold on to her skirt and to the side of the car. Now, all she desires is that they gently but firmly slip one hand under her arm simply to steady her, help her to keep her balance, and that's all. And that's what you did."

"Well, who's the other man?" inquired her escort.
 "Oh, that's Jack," she replied, blushing. "We're engaged."

Even appearances are sufficiently deceitful to suit some people.
BABY CAME NEAR DYING
 From an Awful Skin Humor—Scratched Till Blood Ran—Wasted to a Skeleton—Speedily Cured by Cuticura.
 "When three months old my boy broke out with an itching, watery rash all over his body, and he would scratch till the blood ran. We tried nearly everything, but he grew worse, wasting to a skeleton, and we feared he would die. He slept only when in our arms. The first application of Cuticura soothed him so that he slept in his cradle for the first time in many weeks. One set of Cuticura made a complete and permanent cure. (Signed) Mrs. M. C. Matland, Jasper, Ontario."

All the Comforts of Home.
 "Nat" Goodwin the comedian once possessed a fine country house on the banks of the Thames river, near New London, Connecticut. Every summer he used to invite some of his thespian friends to join his house party.
 On one such occasion Goodwin delivered himself of a bon mot that is worth repeating.
 "Nat," said some one, "you certainly have a fine place here. Just think of it, a lawn right on the river!"
 "Yes," drawled "Nat," "it's fine. In the spring we have the lawn on the river, and in the fall we have the river on the lawn."—The Sunday Magazine.

Advance.
 "In the old days," observes the man with the dyed whiskers, "the physicians believed that blood letting was a sovereign remedy for whatever ailed a patient. They would bleed him for gunshot wounds or anything else."
 "So I have read," comments the man with the hay fever.
 "But, of course, as human knowledge broadened, the medical profession came to the knowledge that—"
 "That if a man needed to be bled they didn't have to stick a scalpel into his arm," finished the man who had gone to fifteen specialists to be cured of rheumatism.

TWICE-TOLD TESTIMONY.
 A Woman Who Has Suffered Tells How to Find Relief.
 The thousands of women who suffer backache, languor, urinary disorders and other kidney ills, will find comfort in the words of Mrs. Jan. F. Farrell, of 606 Ocean Ave., Jersey City, N. J., who says: "I reiterate all I have said before in praise of Doan's Kidney Pills. I had been having heavy backache and my general health was affected when I began using them. My feet were swollen, my eyes puffed, and dizzy spells were frequent. Kidney action was irregular and the secretions highly colored. To-day, however, I am a well woman, and I am confident that Doan's Kidney Pills have made me so, and are keeping me well."
 Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

COMMERCIAL

R. G. Dun & Co.'s "Weekly Review of Trade" says:
 A temporary flurry in the money market had little deleterious effect in commercial channels, most reports indicating a further increase in the volume of business. Orders come forward freely for distant delivery, and buyers experience much difficulty in making purchases for quick shipment.

Wholesale trade in holiday goods is now well under way, and retail distribution of seasonable merchandise responds to the generally lower temperature.
 There is still some delay in mercantile collections, especially in the South, where cotton is not being marketed freely, and to a less degree in grain regions, because traffic facilities are not adequate, but the majority reports indicate that payments are more prompt in spite of the higher money rates.

Manufacturing plants have scarcely a drawback, except scarcity of labor in a few instances, and small strikes that interrupt structural work to some extent. Traffic conditions have improved and railway earnings for the first week of November were 4.9 per cent. larger than in the corresponding times last year.
 Failures this week numbered 240 in the United States, against 217 last year, and forty-two in Canada, compared with twenty-seven a year ago.

Bradstreet's says:
 Wheat, including flour, exports for the week, ending November 16, are 4,730,211 bushels, against 3,532,429 last week 1,289,642 this week last year, 2,674,277 in 1903 and 5,277,672 in 1902. Corn exports for the week are 1,054,633 bushels, against 751,050 last week, 1,390,978 a year ago, 1,391,625 in 1903, and 243,381 in 1902.
