SEVEN YEARS AGO

A Rochester Chemist Found a Singularly

Effective Medicine. William A. Franklin, of the Franklin & Palmer Chemical Co., Rochester, N. X. writes:

"Seven years ago I was suffering very much through the failure of the kidneys to eliminate the uric acid from my system. My back was very lame and ached if I over

exerted myself in the least degree. At times I was weighed down with a feeling of languor and depression and suffered continually from annoying irregularities of the kidney secretions. procured a box of Doan's Kidney Pills and began using them. I found prompt relief from the aching and lameness in my back, and by the time I had taken three boxes I was cured of all irregularities."

Sold by all dealers; 50 cents a box. Foster-Milburn Co., Buffalo. N. Y.

A Journal of Fiances. A newspaper which is, perhaps, the only one of its kind ever published has made its appearance at Zurich The title, Journal Suisse des Flances, explains itself.

A leading article says that the object of the paper is to supply a list of engaged couples to tradesmen for business purposes. There appear to be 12,000 engaged couples at present in Switzerland, says our Geneva correspondent. Their names and addresses are given in the first number.

The new journal will appear twice a week, but those who do not take the new venture seriously question whether there will be a sufficient number of engaged couples every week to supply the "copy."

Followed McClintock's Orders. A young man who afterward became a successful reporter on a Boston daily relates one of his first experiences in endeavoring to get work as follows

"I walked into the office of John N. McClintock, editor and publisher of the Granite Monthly, a New Hampshire magazine, and asked for an opportunity to show what I could do. I was asked what I could write about, and with a John L. Sullivan confidence replied: 'Oh, I can write about anything.' Like a shot came the response: 'Well, right about face, then.' That settled me. I did."

TRAVEL WITHIN THE REACH OF ALL

Have you longed to know what it would mean to stand in the great places of the earth? Travel, with its possibilities of culture and education, is now practicable for those of modest income as well as the

fortunate few, by means of the Underwood Travel System.

This system is travel of the truest kind, yet it does not utilize either ship or railroad. Such a statement is so extra-ordinary as to seem at first unbelievable, but many have proved its truth. To exbut many have proved its truth. To experience sensations of pleasure or pain in the presence of famous objects and places which inspire thoughts and produce states of feeling enriching life and adding to happiness is to travel truly. By making use of a simple scientific principle, and spending twenty years in its development, there has been perfected the means of actually securing right in one's home these very experiences and benefits which actual travel gives.

travel gives.

Dr. James H. Breasted, of Chicago University, says: "By this means the joys of travel are extended to that large class of our people who thinst for an acquaint-ance with the distant lands of other ages, but are prevented by the expense in-

More information about this truly remarkable system, and strong endorsements of it by hundreds of our greatest educa-tors, can be had by addressing UNDERWOOD & UNDERWOOD, 3-5 West 19th St., N. Y. City.

#### COMMERCIAL

R. G. Dun's "Weekly Review of Trade" says:

Trade broadens in a healthy manner in response to lower temperature and holiday demand. Staple lines of heavy weight wearing apparel are readily distributed, and the movement of Christmas goods promises to add one more to the many new high records established by 1905. Many manufacturers in these lines are unable to fill orders, notably those producing jewelry, candy, toys and novelties.

Wholesale business is on a scale that promises well for next season, shipping departments are taxed to the utmost, and mercantile collections are satisfactory, with few exceptions, which are confined chiefly to southern districts where cotton has not been marketed promptly. Prices have made further advances, Dun's index number being \$105,312, on December 1, against \$103,853 a month previous, and the past week has brought a still higher level. There was nothing in the State documents to disturb confidence. Industrial activity is showing greater progress than at any previous time and railway earnings in November were 6.1 per cent. larger than last year's. Failures this week numbered 232 in the United States, against 239 last year, and 24 in Canada, compared with 26 a year

Bradstreet's says: Wheat, including flour, exports for the week are 4,244,162 bushels, against 3,706,-690 last week, 1,139,369 this week last year, 4,607,610 in 1903 and 3,761,047 in 1902. Corn exports for the week are 6,402,317 bushels, against 1,643,824 last week, 276,989 a year ago, 641,945 in 1903 and 1,301,286 in 1902.

AN AWFUL SKIN HUMOR

Covered Head, Neck and Shoulders-Suf-

fered Agony For Twenty-Five Years Until Cured by Cutleura. "For twenty-five years I suffered agony

from a terrible humor, completely covering my head, neck and shoulders, discharging matter of such offensiveness to sight and smell that I became an object of dread. I consulted the most able doctors far and near, to no avail. Then I got Cuticura, and in a surprisingly short time I was completely cured. I advise all those suffering from skin humors to get Cuticura and end their misery at once. S. P. Keyes, 149 Congress Street, Boston, Mass."

Hundreds of millions of dollars are annually spent in advertising.

ON THE ENGINEER'S LAST RUN

His Story of How He Lived His Life All Over in a Flash. "Drowning is not the only experience that causes a man to read his own biography in the flash of a second," said F. C. Roberts, a locomotive

"I was running on the passenger trains between Atlanta and Macon several years ago, and I was to meet the north-bound train at a certain station on the road. Well, it was all my fault. I hadn't slept any for five nights, and the only rest I had was in my cab. The last stop that we made before this experience of which I speak the fireman had to wake me up when the signal to go ahead was received. I had gone to sleep in my cab.

"As we approached the next stati the conductor may have signaled me, as he claimed he did, but we dashed through the town at about forty miles an hour before I heard the down brakes signal. The minute I heard it I saw the headlight of the northbound train, less than 300 yards away, coming around a curve. I threw on the air brakes and reversed, but it all looked too late. The fireman jumped, but I was paralyzed. The two great engines, one bearing a special train, rushed together like angry bulls, and I was frozen there, and while those trains rushed together, I saw every incident of my life just as plainly as the day it happened. That's all I know about it .--Louisville Courier-Journal.

How the Woodchuck Took Water. One of the best story tellers of his time was my uncle, "Han" Thompson of Auburn, Me. The following is what "Han" told of what he and his brother John tried to do in the way of catch-

ing a woodchuck. They had tried quite a number of times to capture the animal, but unsuccessfully. At last they decided to drown him out. So, procuring four pails, each took two, and they carried water for two solid hours and poured it into the hole in the ground in which the said "chuck" had taken up his

Getting tired, they sat down. After about half an hour the woodchuck cautiously left the hole and deliberately walked down to the brook and took a long drink of water, and then scooted, much tothe disgust of the two boys .-Boston Herald.

Ted's Beginning.

The new assistant rector was trying to impress upon the mind of his young son the difference between his own position and that of his superior. "Now, Ted," he ended, "I want you to remember to be very polite to the rector. We are strangers, and I am only the assistant; it becomes us to be extremely courteous. Some day, perhaps, I shall be rector myself."

The next day the boy was walking with his father when they met the dignified rector.

"Hello!" promptly began Tedd. 'Pop's been tellin' me 'bout youhow you're the real thing, an' he's just the hired man an' we got to knuckle under. But some day he may be It himself, an' then you'll see!"-Woman's Home Companion.

Quaint Wedding Custom. At Eglingham, Northumberland,

Eng., a quaint wedding custom, which has been in existence for hundreds of years, still prevails. At a recent wedding in the parish church after the ceremony the newly-married couple found that a bench had been drawn across the doorway. Over this bench the bride and bridegroom were comselled to jump before they could leave the sacred building.

## TO CURE THE GRIP IN ONE DAY THAS NO EQUAL FOR HE ADACRE

Frankness of Spanish Waiter. E. B. Dewhurst, the Australian tennis champion, said at a dinner party in New York:

"American waiters are much superior to those of Spain. Traveling is cheap and comfortable in Spain; living is cheap and comfortable there, but Spanish waiters are often rude.

"They are particularly rude to Amer-

icans and to those whom they mistake for Americans. The old wound, you see, still rankles. "In Madrid one day I entered a res taurant and ordered a cut of beef. The waiter, after a long delay, brought the beef to me-a miserable, tough

and grisly cut. "'Waiter, said I, 'is this beef from the black bull they killed at the bull

fight yesterday?" "The waiter looked at me with a

"'No, monsieur,' he said. 'It is from one of the horses that they killed at the bull fight."

## **TUMORS CONQUERED** SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pink ham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread en-The growth of a tumor is so sly that frequently its presence is not suspected

until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse menstruation, accom-panied by unusual pain, from the ovaries down the groin and thighs. If you have mysterious pains, if there are indications of inflammation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Com-pound right away and begin its use. Mrs. Pinkham, of Lynn, Mass., will give you her advice free of all charge if you will write her about yourself.

Your letter will be seen by women only. Your letter will be seen by women only.
Dear Mrs. Pinkham:—
"I take the liberty to congratulate you on
the success I have had with your wonderful
medicine. Eighteen months ago my monthliestopped. Shortly after I felt so badly that
I submitted to a thorough examination by a
physician and was told that I had a tumor
on the uterus and would have to undergo an
overation.

on the uterus and would have to undergo an operation.

"Soon after I read one of your advertisements and décided to give Lydia E. Pinkham's Vegetable Compound a trial. After trying five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my monthlies around once lifers, and I am entirely wall."—Fannie D. Fox, 7 Chestnut Street, Bradford, Pa.
