Kidney Trouble Causes Weak Backs and Multitude of Pains and Aches.

Col. R. S. Harrison, Deputy Marshal, 716 Common St., Lake Charles, La., says: "A kick from a horse first weakened my back and affected my kidneys. I became very bad and had to go about on crutches. The doctors told me I had a case of chronic rheumatism, but I could not believe them, and finally began using Doan's Kidney Pills for my kidneys. First the kidney secretions came more freely, then the pain left my back. I went and got another box, and that completed a cure. I have been well for two years."

PLANTS THAT HAVE VANISHED.

Shrubs of Southern Mountains That Go for No Known Reason.

In the southern mountains certain flowers have been lost for nearly a century and rediscovered by chance in a different locality, thriving and abundant. No one knows the cause of their disappearance, by what means they were removed, or why they prefer their new habitat.

One curious feature is that these vanished flowers or shrubs, are not as a rule insignificant plants that one might overlook. On the contrary, the beautiful variety of sumach named after Michaux, a French botanist, which was lost so many years ago and has only recently been found again, bore great panicles of cramy blossoms first, and later on thick clusters of velvety and crimson fruit.

Its leaves also turned a rich crimson in autumn, so that it seemed to flame and glow on the mountain sides.

Another lost plant, also a shrub, the ellottia, was a striking beauty. It belonged to the heath family and had long spikes of white blossoms, each blossom shaped like a St. Andrew's cross, in vivid contrast with its lustrous green foliage. It has now vanished as completely as if it had never existed.

Some of the plants were fortunately collected in 1878 by a gentleman near Augusta, Ga., so that it has disappeared in less than a quarter of a century. No reason is known for this loss either to botanists or the people among whom it once bloomed.—New York Herald.

Queer English Election Law.

If a person's name gets on the English registry of voters, however improperly, he has an indefensible right to vote. Thus it happened in the recent election that a woman voted for a member of parliament. In another case, at Rayleigh, in Essex, a school-boy, James Griggs, 11 years old, residing at Thundersley—found himself legally entitled to a claim to vote. At the Rayleigh polling station the lad presented himself on the day of the election, and, satisfying the officials in charge of his identity with the person named in the register, was given a paper and allowed to vote.

But few girls are as homely as they sometimes act.

Cures Eczema, Itching Humors, Pimples and Carbuncles—Costs Nothing to Try. B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, itching bones or joints, boils, carbuncles, pricking pain in the skin, old eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Heals every sore and gives the rich glow of health to the skin. Builds up the broken down body and makes the blood red and nourishing. Especially advised for chronic, old cases that doctors, patent medicines and hot springs fail to cure. Druggists, \$1, with complete directions for home cure. To prove B. B. B. cures, sample sent free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble, and free medical advice sent a sealed letter.

SAVED BABY LYON'S LIFE.

Awful Slight From That Dreadful Complaint, Infantile Eczema—Mother Praises Cuticura Remedies.

"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery. In fact, there was nothing we would not have done to have given him relief. We finally procured a full set of the Cuticura Remedies, and in about three or four days he began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered. Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld prior to the treatment of the Cuticura Remedies. Mrs. Marshall Iron, 1828 Appleton Ave., Fazonas, Kan., July 18, 1905."

THE KEYSTONE STATE

The Latest Pennsylvania News Told in Short Order.

Mrs. Henry Noidy, aged 65, who was totally blind for many years, fell down stairs at her residence in North Scranton, and broke her neck.

Miss Florence Townsend, of Kimberlton, and Miss Sophia Steese, of Mount Springs, students at the State Normal School at West Chester, were badly burned in the laboratory by an explosion of nitric acid, but neither is seriously injured. The young women were experimenting with the acid, when the retort they were using suddenly exploded and the acid was thrown into their faces. It is feared both will be badly scarred. One of Miss Townsend's eyes is injured.

Rev. A. W. Brownmiller, pastor of the First United Evangelical Church, Lebanon, broke ground for the erection of a \$20,000 church and parsonage. Members of the Women's Sewing Society filled the first cart with ground taken from the excavations and the work was continued for three hours by a score of male members of the congregation. The young men will work nightly on the excavations until the work is completed. Each evening refreshments will be served to the workers by the women of the congregation.

As he entered the Philadelphia & Reading station at Girardville the other night, Michael Klatch, a track walker of Mahanoy, was floored by a vicious dog, which leaped upon him. Before the animal could be driven off Klatch lost his nose and a goodly portion of the upper lip, which were torn off.

The San Francisco disaster has a direct bearing on the interests of at least one town in Northampton County. Dr. Irwin Bachman, president of the Standard Cement Company, with offices in the Crocker Building, San Francisco, arrived in Easton with a number of California capitalists Wednesday to begin work on a \$1,000,000 cement mill to be erected at Friedenthal, a stone's throw from Belfast Junction, along the slate belt trolley line. The output of this mill was to be about sixty carloads of cement a day, surpassing the combined output of all the mills in the Nazareth district. News of the catastrophe has halted the Californians from perfecting arrangements for building the plant at this time. Dr. Bachman owns mills at Napa, Cal., and quite a colony of Easton and Northampton County people is out there operating them. A telegram to Dr. Bachman said all were safe and the mill running.

Seven men were injured, two fatally, by an explosion of powder in the Hazel coal mine of the Pittsburgh, Buffalo Co. On their trip into the mine, one of the men carried a quantity of blasting powder wrapped in a paper. The flame of his lamp came in contact with the powder and an explosion resulted. The injured were all foreigners.

The general officers of the National Guard of Pennsylvania have decided to hold the division encampment at Gettysburg on July 21-28 next.

Captain Hiram Meyers, a Civil War Veteran, who fought in all the famous battles in Virginia and whose company led in the first charge at Petersburg, is dead at Bangor, aged 71 years. He was one of the founders of the Grand Army of the Republic, was a member of Sedwick Post, No. 1, New York, and when U. S. Grant's body lay in state in City Hall, New York, was one of the guards surrounding it.

A gang of safe-crackers entered the post office at New Holland the other morning, cracked the safe, stole considerable money and stamps and got away with their booty. When Postmaster John Roland entered the post office he found the place a topsy-turvy condition and the safe looking like a lot of junk. The cracks at the safe door were sealed with wax and nitroglycerin was used as an explosive. The plunder secured is valued at \$750. The robbers were evidently not adequately provided with tools for the job. Lloyd Eberly, plumber, was entered and a number of implements stolen. The bran store of Mr. Gunzenhauser, in the borough, was also forced open and a bale of hay taken, presumably for horse feed.

Mrs. Elizabeth Peters, mother of E. P. Peters, owner of the Peters House, at Bushkill, is dead at the age of 87 years. Mrs. Peters and her husband, who died some years ago, first developed the village as a Summer resort, over fifty years ago.

Civil Engineer Began, running a line at Dornisite, eleven miles west of Shamokin, in an agricultural district. They would not state for whom they were working. It is believed they are employed by the Wabash Railroad, and that the line will pass through the Mahanoy Valley from Pittsburg to New York.

Recently, John Reklaitis, of Shamokin, missed \$35 in greenbacks from his bed tick, where he kept it, prior to placing it in a bank. He kept a strict watch, and finally was rewarded by seeing a rat emerge from a hole in the room and make its way to the tick, from which it extracted some straw and carried it to the hole. Reklaitis soon found his missing money in the rat's nest.

At the annual meeting of the Allentown fire police, retiring captain Irvin J. Bachman was presented with a handsome gold badge. These officers were chosen for the ensuing year: President, A. R. Ross; vice president, H. J. Stuber; secretary, E. A. Adams; treasurer, Edward Bartholomew; captain, S. O. Reichard; lieutenants, James McFadden, Harry Bowman and Charles Stoneback. Ground has been broken for the new synagogue of Kenesseth Israel Congregation, to be erected in Allentown.

Howe Breckenridge of McKinney, was committed to jail at Carlisle on charges brought against him by his mother, who alleged that he took a horse and buggy from her and sold it to the proprietor of a Shippensburg hotel. The young man was also accused by a Shippensburg liverman of having stolen robes, blankets and other driving equipments.

Mrs. Mary Simpson, aged 86 years, was found dead in bed at her home, Chester Pike and Oak Lane, Glendon. Coroner Gilmour is investigating.

COMMERCIAL

R. G. Dun & Co.'s "Weekly Review of Trade," says:

"Stringency in the money market has caused no interruption to the wholesome progress of trade and industry, although tending to develop conservatism in speculative departments. Weather conditions accelerate the distribution of seasonal merchandise and retail business is of large volume outside the immediate vicinity of the coal mines and a few other places where local controversies have their influence. Building operations are only limited by the supply of labor and material, which cause frequent delays, and the heavy consumption of all commodities is shown by the highest level of quotations since February, 1884, Dun's index number on April 1 being \$106,066, against \$104,204 a month previous, and \$99,206 a year ago.

Since the month opened there has been a further advance. Manufacturing plants are fully engaged; pig iron production is at the maximum, shipments of footwear from Boston exceed those of any previous year and a stronger tone is reported at the textile mills in response to the well maintained markets for raw material.

Structural shapes and steel rails continue the prominent feature of the iron and steel industry, although every department has recently broadened in interest.

Failures this week numbered 193 in the United States, against 214 last year, and twenty in Canada, compared with twenty a year ago.

Bradstreet's says: "Wheat, including flour, exports from the United States and Canada for the week are 2,362,347 bushels, against 2,155,816 last week, 1,292,301 this week last year, 1,213,855 in 1904, and 2,077,777 in 1903. Corn exports for the week are 1,725,799 bushels, against 3,101,586 last week, 2,299,767 a year ago, 583,339 in 1904, and 1,677,621 in 1903.

IN THE FIELD OF LABOR.

In eight days 5483 signatures were brought into the Anti-Citizens' Alliance in Los Angeles, Cal.

Union pavers and rammersmen have been supplanted by nonunionists on city work in Cincinnati, O.

Railroad metal workers in St. Paul and Minneapolis, Minn., have consolidated with the sheet metal workers.

A strike of miners has broken out in Tifal, in Carinthia, about 2600 men being out for an increase of 20 per cent.

High Class Druggists AND - OTHERS. The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction. Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

COCKNEY SHOCKED AT WASTE.

Incidentally His Knowledge of Farming Was Meager.

A Manchester manufacturer was praising the late Lord Masham, who invented the wool-carding machine—the machine which in a marvelous manner takes in at one end huge armloads of wool and discharges at the other end woven yarn ready for spinning.

"Lord Masham spent some years of his youth in America," said the manufacturer. "He liked our American ways. He profited by them. So earnestly, on his return to England, did he urge the English people to imitate the Americans that he was given the nickname of 'American Jack.'"

"I knew Lord Masham and he told me that he imputed his success to his adoption of the American spirit—the spirit of humble and unremitting inquiry and struggle.

"Unremitting inquiry, a great struggle after improvement, was the keynote of the American character, Lord Masham said, and what he disliked in the character of too many Britons was the direct opposite to this—a stupid and domineering ignorance."

"Stupid and domineering ignorance," said Lord Masham. "Why, a cockney visited my Swinton hall estate one day and seeing a farm boy planting potatoes shouted to the lad: 'Hi! s'y, what do you want you a hidin' ten potatoes for, you idiot? Don't you know the bloomin' things is worth £5 a ton in London?'"

A BUSY WOMAN.

Can Do the Work of 3 or 4 If Well Fed.

An energetic young woman living just outside of N. Y. writes: "I am at present doing all the household work of a dairy farm, caring for 2 children, a vegetable and flower garden, a large number of fowls, besides managing an extensive exchange business through the mails and pursuing my regular avocation as a writer for several newspapers and magazines (designating fancy work for the latter) and all the energy and ability to do this I owe to Grape-Nuts food."

"It was not always so, and a year ago when the shock of my nursing baby's death utterly prostrated me and deranged my stomach and nerves so that I could not assimilate as much as a mouthful of solid food, and was even in worse condition mentally, he would have been a rash prophet who would have predicted that it ever would be so."

"Prior to this great grief I had suffered for years with impaired digestion, insomnia, agonizing cramps in the stomach, pain in the side, constipation, and other bowel derangements, all these were familiar to my daily life. Medicines gave me no relief—nothing did, until a few months ago, at a friend's suggestion, I began the use of Grape-Nuts food, and subsequently gave up coffee entirely and adopted Postum Food Coffee at all my meals."

"To-day I am free from all the troubles I have enumerated. My digestion is simply perfect, I assimilate my food without the least distress, enjoy sweet, restful sleep, and have a buoyant feeling of pleasure in my varied duties. In fact, I am a new woman, entirely made over, and I repeat, I owe it all to Grape-Nuts and Postum Coffee." Name given by Postum Co., Battle Creek, Mich.
