

NOVEMBER AILMENTS

THEIR PREVENTION AND CURE.

November is the month of falling temperatures. Over all the temperate regions the hot weather has passed and the first signs of winter have appeared. As the great bulk of civilized nations is located in the Temperate Zones, the effect of changing seasons is a matter of the highest importance. When the weather begins to change from warm to cold, when cool nights succeed hot days, when clear, cold days follow hot, sultry days, the human body must adjust itself to this changed condition or perish.

The perspiration incident to warm weather has been checked. This detains within the system poisonous materials which have heretofore found escape through the perspiration.

Most of the poisonous materials retained in the system by the checked perspiration find their way out of the body, if at all, through the kidneys. This throws upon the kidneys extra labor. They become charged and overloaded with the poisonous excretory materials. This has a tendency to inflame the kidneys, producing functional diseases of the kidneys and sometimes Bright's Disease.

Peruna acts upon the skin by stimulating the excretory glands and ducts, thus preventing the detention of poisonous materials which should pass out. Peruna invigorates the kidneys and encourages them to fulfill their function in spite of the chills and discouragements of cold weather.

Peruna is a combination of the most powerful and harmless remedies that have stood the test of time. Many of these remedies have been used by doctors and by the people in Europe and America for a hundred years.

Peruna has been used by Dr. Hartman in his private practice for many years with notable results. Its efficacy has been proven by decades of use by thousands of people and has been substantiated over and over by many thousands of homes.

The Latest Postal Fad.

A phonograph has been invented by a German, which is finding much favor abroad, but has not yet found its way to this country. A description of the novelty is as follows:

For producing the phonographic postal card an apparatus is used which records the human voice upon a piece of pasteboard of the form of the card, which, it is claimed, has many advantages over writing, as it cannot be deciphered except by a reproducing machine. The recording of the human voice is done by an ordinary phonograph of simple construction, by means of a pencil with a sapphire point. This pencil makes its impression upon a suitable substance called "sonorine" spread upon the surface of the card. The sonorine, which can be easily spread over pasteboard possesses all the properties of a wax cylinder, and is in reality the invention. The signs are impressed in the form of a spiral, beginning at the margin of the card and ending in a very small circle, and are impressed so deeply that the stamping by the postal authorities can only destroy two or three words. The card has ample space for about eighty words.—X. Y. Times.

BABY'S AWFUL HUMOR.

This Skin Formed Over Body and Under It Was Watery Blood—Cure in One Week by Cuticura Remedies.

"When my little girl baby was one week old she had a skin disease. A thin skin formed over her body and under it was watery blood, and when she was washed it would burst and break. She was in that condition for weeks, and I tried everything I could think of, but nothing did her any good. When she was three months old I took her to San Antonio to see a doctor, but the doctor we wanted to see was not home, so my sister gave me a box of Cuticura Ointment and told me to use them, which I did in time. I used them three times, and the humor began to fade, and in one week she was as sound and well, and it has never returned since. I think every mother should keep the Cuticura Remedies in the house. Mrs. H. Aaron, Benton, Texas, July 3, 1905."

Some men seem to think they can purchase a mansion in the skies on the installment plan, so they drop a penny into the contribution plate every Sunday.

Wherever you live, you can obtain W. L. Douglas's shoes. His name and price is stamped on the bottom, which protects you against high prices and inferior shoes. Take no substitutes. Ask your dealer for W. L. Douglas's shoes and insist upon having them.

Fast Color. Colors used, they will not wear away. Write for Illustrated Catalog of Fall Styles. W. L. DOUGLAS, Dept. 18, Brockton, Mass.

COMMERCIAL COLUMN.

Weekly Review of Trade and Latest Market Reports.

New York.—R. G. Dun & Co.'s weekly Review of Trade says:

"Trade expands under the stimulating influence of colder weather and mercantile collections improve, although rates for money continue high. Traveling salesmen send in large orders to leading distributing points, but movements of merchandise is still retarded by inadequate transporting facilities. Seasonable lines of wearing apparel and holiday goods attract most attention, while staple articles of every description are in steady demand. Current business is good and prospects for the future were never brighter. Labor disputes reach amicable settlement in most cases, wages being advanced in numerous transporting and manufacturing industries. The most striking development of the week was the unprecedented output of pig iron in conjunction with large imports and advancing prices, indicating the greatest activity ever attained by steel mills. Other industrial reports were scarcely less gratifying.

"Leading commodity markets have developed strength during the past week, especially those in which speculative operations for the short account had been carried to extremes. Recovery in wheat had the additional support of unsatisfactory receipts at the Northwest, and although the small movement was probably due in large measure to the car shortage, it gave rise to smaller estimates of the crop in spring wheat States.

"Liabilities of commercial failures thus far reported for November amounted to \$2,376,428, of which \$883,501 were in manufacturing, \$1,362,346 in trading and \$80,581 in other commercial pursuits."

Wholesale Markets.

Baltimore.—Flour—Quiet and unchanged; receipts, 28,133 barrels; exports, 4,712 barrels.

Wheat—Firm; spot, contract, 74 1/2 @ 74 3/4; No. 2 red Western, 77 @ 77 1/2; November, 74 1/2 @ 74 3/4; December, 75 1/2 @ 75 3/4; steamer No. 2 red, 68 @ 68 1/2; receipts, 36,373 bushels; exports, 64,000 bushels; Southern by sample, 55 @ 70; Southern on grade, 67 1/2 @ 75.

Sheep—Market strong; sheep, 3.25 @ 5.75; yearlings, 5.25 @ 6.40; lambs, 5.50 @ 7.60.

"THE MARRYING SQUIRE."

Justice Geo. E. Law, of Brazil, Ind., Has Married 1400 Couples.

Justice Geo. E. Law, of Brazil, Ind., has fairly earned the title "The Marrying Squire," by which he is known far and wide, having already married some 1400 couples. Ten years ago he was Deputy County Treasurer. "At that time," said Justice Law, "I was suffering from an annoying kidney trouble. My back ached, my rest was broken at night, and the passages of the kidney secretions were too frequent and contained sediment. Three boxes of Doan's Kidney Pills cured me in 1897, and for the past nine years I have been free from kidney complaint and backache."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Nat Goodwin's Bonanza.

Nat C. Goodwin invested in a wheelbarrow load of Western mining stock a few weeks ago. Yesterday it was rumored on Broadway that he had made no less than \$50,000 by the speculation. In the star's dressing-room at the Grand Opera House, last night, he solemnly confirmed this report and declared it was exact to a cent. Moreover, he told of being a full-fledged director in a mining company.

"I bought a good deal of that stock," said Mr. Goodwin, squinting critically at one of his sketch "masterpieces" which hung on the wall to recall a former performance of "The Genius." "I bought so much of it at 7 cents a share that I found myself \$60,000 to the good to-night when it closed on the curb at 59 cents."

Mr. Goodwin seemed pleased with his paper fortune, though he mentioned with regret the investment in "a dress suit case full" of another stock at 40 cents a share, and its sale at 96, "when now it's quoted at 88." There are equally attractive quotations on the curb—until somebody desires to sell.

After realizing on his profits, the genial comedian is maybe going to build a hotel in Goldfield, he says.—N. Y. Sun.

New York Mecca For Criminals.

There are 10,000 professional criminals at large in New York City today, according to police estimates. They include bank robbers, burglars, flat thieves, commercial swindlers, confidence men, pickpockets and shoplifters. A large percentage are ex-convicts whose pictures are in the Rogues' Gallery, and who are known personally to the detectives of the Central Office. As many as one hundred of these professionals have been picked up on the streets as "suspicious persons" in a single night by Inspector McLaughlin's detectives only to be set at liberty in the morning to pursue their criminal vocations. In other States, notably in Massachusetts and New Jersey, they have a law under which known criminals unable to give an account of themselves may be sentenced to short terms of imprisonment as vagrants. The law works so well that many Massachusetts and New Jersey crooks have deserted their home and come to New York to live.—N. Y. World.

Ticklish Season.

Stella—What's the matter?
Beila—I don't know whether to encourage a fellow who is fond of horses, auto or sleighing.—New York Sun.

Not Consistent.

Bobbs—They say that doctor gives his medicine in very small doses.
Dobbs—You should see the size of his bills.—Philadelphia Telegraph.

A DOCTOR'S TRIALS.

He Sometimes Gets Sick Like Other People.

Even doing good to people is hard work if you have too much of it to do. No one knows this better than the hard-working, conscientious family doctor. He has troubles of his own—often gets caught in the rain or snow, or loses so much sleep he sometimes gets out of sorts. An overworked Ohio doctor tells his experience:

"About three years ago as the result of doing two men's work, attending a large practice and looking after the details of another business, my health broke down completely, and I was little better than a physical wreck.

"I suffered from indigestion and constipation, loss of weight and appetite, bloating and pain after meals, loss of memory and lack of nerve force for continued mental application.

"I became irritable, easily angered and despondent without cause. The heart's action became irregular and weak, with frequent attacks of palpitation during the first hour or two after retiring.

"Some Grape-Nuts and cut bananas came for my lunch one day and pleased me particularly with the result. I got more satisfaction from it than from anything I had eaten for months, and on further investigation and use, adopted Grape-Nuts for my morning and evening meals, served usually with cream and a sprinkle of salt or sugar.

"My improvement was rapid and permanent in weight as well as in physical and mental endurance. In a word, I am filled with the joy of living again, and continue the daily use of Grape-Nuts for breakfast and often for the evening meal.

"The little pamphlet, 'The Road to Well-being,' found in pkgs., is invariably saved and handed to some needy patient along with the indicated remedy." Name given by Postum Co., Battle Creek, Mich. "There's a reason."

Handsomest Woman In World.

"She is the handsomest woman in the world," said Herr Direktor Conried, as he came down the gangplank of the French liner La Savoie, yesterday, arm in arm with Mme. Lina Cavalleri, who comes to this country to sing "Fedora."

Mme. Cavalleri is one of the many famous operatic stars who will appear at the Metropolitan Opera House this season. When the huge liner came into port, Herr Conried, who was standing on the dock, waved his hand to Mme. Cavalleri, who was sitting on a camp chair on the promenade deck.

She was attired in a dark blue gown over which she wore a magnificent sealskin robe. The singer's dark eyes sparkled, and she blushed as she walked down the gangplank with Herr Conried.

She speaks no English and when interviewers gathered around her, she said through her brother, who accompanied her:

"I am very glad to be in America and with American people."

Herr Conried drove Mme. Cavalleri to her hotel in a cab.—N. Y. American.

The Original Porous Plaster.

It's Alcock's, first introduced to the people sixty years ago, and to-day undoubtedly has the largest sale of any external remedy—millions being sold annually throughout the whole civilized world. There have been imitations, to be sure, but never has there been one to even compare with Alcock's—the world's standard external remedy.

For a weak back, cold on the chest or any local pain, the result of taking cold or over-exertion, there's nothing we know of to compare with this famous plaster.

If life is a burden to you it's a safe bet that you are a burden to your neighbors.

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c a bottle.

Content is nothing but living a whopping big lie.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

J. C. QUINCY & CO., Toledo, O.
Take Hall's Family Pills for constipation.

When a traveler in China desires a passport the palm of his hand is covered with fine oil paint and an impression is taken on thin paper. This paper, officially signed, constitutes his passport.

FITS, ST. VITUS' DANCE, Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. 23c. Trial bottle and treatise free. Dr. H. B. Kline, Ltd., 601 Arch St., Phila., Pa.

The reason there aren't more sinners in the world is there aren't more people.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lags in his work. So in treating the lagging torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress in "small of back," snoring or distressed feeling in stomach, perhaps nausea, or "rings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes, and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine OF KNOWN COMPOSITION.

When you buy WET WEATHER CLOTHING you want complete protection and long service. These and many other good points are combined in TOWER'S FISH BRAND OILED CLOTHING. You can't afford to buy any other.

FEARFUL PAINS

SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes woman's special pains and irregularities.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes, of 540 N. Division Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham—
"Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the east advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham—
"I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound."

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address: Lynn, Mass.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of American women.

When women are troubled with pain or irregularities, displacements or ulceration of the organs; that bearing-down feeling, inflammation, backache, bloating (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.
