**Deafness Cannot Be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. ### Weekly Review of Trade and Latest Market Reports.

New York.—R. G. Dun & Co.'s weekly review of trade says: "Trade returns are irregular, because of the erratic weather, unseasonably high temperature restricting sales of heavyweight wearing apparel at some points, while business is most satisfactory in colder sections. Freight blockades were relieved to some extent, but there is still much complaint of tardy deliveries. Mercantile collections are also more prompt in some sections than others, but there is a unanimity regarding the large amount of forward business on the books of manufacturing plants and general confidence in the future. Building operations have been greatly facilitated in the East by open weather, maintaining activity in markets for materials beyond the customary date. Prices of all commodities declined almost 1 per cent. during December.

"Demand for cotton goods in the primary markets is somewhat less urgent, but there is no prospect for lower prices in the near future, owing to the abundance of business on the books of the mills. Mills are making good profits on present business, after a long period in which dividends were irregular, and the industry is now in a most satisfactory position. Improvement is noted in woolen goods, considerable business being accomplished in the men's wear division, but this movement is only fairly started, and it is not yet possible to ascertain the exact status of the market.

"Higher prices have prevailed at the leading commodity exchanges. In wheat there was a natural reaction from the preceding decline as the short account took profits, and the recovery was carried still further in response to reports from winter wheat States that a sharp fall in temperature threatened much damage from frost, because of insufficient snow covering.

## TERRIBLE TO RECALL.

Five Weeks in Bed With Intensely Painful Kidney Trouble.

Mrs. Mary Wagner, of 1367 Kosuth Ave., Bridgeport, Conn., says:

"I was so weakened and generally run down with kidney disease that for a long time I could not do my work and was five weeks in bed. There was continual bearing down pain, terrible backaches, headaches and at times dizzy spells when everything was a blur before me. The passages of the kidney secretions were irregular and painful, and there was considerable sediment and odor. I don't know what I would have done but for Doan's Kidney Pills. I could see an improvement from the first box, and five boxes brought a final cure."

#### The Limit Of Confidence.

Some amusement has been occasioned by newspaper reports of a sermon recently preached by a noted clergyman. He was appealing to the people to repose in their pastors the same degree of trust with which they followed the advice of their lawyers and their doctors.

"If," he is reported to have said, "you get a prescription from your doctor, you take the medicine trustfully." Then he paraphrased Tennyson's noble lines thus:

Yours not to reason why,  
Yours not to do and die,  
We are quite sure that the good man did not realize what an interpretation his words might bear.—N. Y. Medical Journal.

#### Logic Is Logic.

The Irish intellect is more often associated with wit than with logic, but an Irish workman recently silenced for a moment the upbraiding tongue of his foreman by a display of something which bore just enough resemblance to logic to confuse his hearer.

The workman enjoyed leaning on his hod and making shrewd observations much more than he did stirring about, and the cry of "Mort! Mort!" fell on dull ears.

"Why don't you attend to your hod and keep that man going?" demanded the foreman severely when Patrick was enjoying one of his frequent periods of rest.

Patrick raised his hod with a leisurely movement and turned a pair of twinkling eyes on his accuser.

"Sure, now," he said easily, "if I was to keep him goin' all the time sorta a thing he'd say at all, at all; and if he didn't say anything I'd be thinking he wasn't there. An' if he wasn't there, sorr, what would he be wantin' of murther anyway?"—Youth's Companion.

#### Smart.

"That plump little Widow Filthers, who is just going by, is quite an accomplished woman, isn't she?" inquired the picture enlarger, who was fairly well acquainted in the hamlet.

"You betcha!" triumphantly replied the landlord of the tavern at Polkville, Ark. "She's caused four men to be shot, within the past two years—smart a woman as there is in town! Be an ornament to the Four Hundred of New York; I reckon."—Puck.

#### WHITE BREAD

Makes Trouble For People With Weak Intestinal Digestion.

A lady in a Wis. town employed a physician, who instructed her not to eat white bread for two years. She tells the details of her sickness, and she certainly was a sick woman.

"In the year 1887 I gave out from over work, and until 1901 I remained an invalid in bed a great part of the time. Had different doctors, but nothing seemed to help. I suffered from cerebro-spinal congestion, female trouble and serious stomach and bowel trouble. My husband called a new doctor, and after having gone without any food for 10 days the doctor ordered Grape-Nuts for me. I could eat the new food from the very first mouthful. The doctor kept me on Grape-Nuts, and the only medicine was a little glycerine to heal the alimentary canal.

"When I was up again doctor told me to eat Grape-Nuts twice a day and no white bread for two years. I got well in good time, and have gained in strength so I can do my own work again.

"My brain has been helped so much, and I know that the Grape-Nuts food did this, too. I found I had been made ill because I was not fed right, that is, I did not properly digest white bread and some other food I tried to live on.

"I have never been without Grape-Nuts food since and eat it every day. You may publish this letter if you like, so it will help some one else." Name given by Postum Co., Battle Creek, Mich. Get the little book, "The Road to Wellville," in pkgs.

## Majesty Of A Great Name.

The officer, who had come in a closed carriage to take the man of the house to the detention hospital, was informed that there would be some difficulty in persuading him to go.

"What's the trouble?" he asked. "He says he is the caliph of Bagdad, and he doesn't have to go anywhere unless he chooses. He says he's going to stay right here."

"I can fix that all right," the officer said. Entering the room, he walked up to him and extended his hand.

"Haroun al Raschid," he said, with a genial smile, "how are you old boy?"

"Who are you, slave?" haughtily demanded the other.

"Don't you know me? I am the Akhond of Swat. I have come to take you out for a ride. Come with me."

"Your highness outranks me. I will go."—Chicago Tribune.

#### An Unlucky Tip.

"Yes, he was arrested for tipping a waiter. Is there any State law of that sort?"

"No. This is a Federal law. The quarter he gave the waiter was a counterfeit."—Cleveland Plain Dealer.

#### AWFUL EFFECT OF ECZEMA.

Covered With Yellow Sores—Grew Worse—Parents Discouraged—Cuticura Drove Sores Away.

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 3. He came over and looked her over and said that he could do nothing more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we would try doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me \$1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1908."

Men guess at a thing and if it happens to come out their way they boast of their good judgment.

#### Thoroughly Reliable.

If ever there was a reliable and safe remedy it is that old and famous porous plaster—Alcock's. It has been in use for sixty years, and is as popular to-day as ever, and we doubt if there is a civilized community on the face of the globe where this wonderful pain reliever cannot be found. In the selection of the ingredients and in their manufacture the greatest care is taken to keep each plaster up to the highest standard of excellence, and so pure and simple are the ingredients that even a child can use them.

Alcock's are the original and genuine porous plasters and are sold by druggists in every part of the civilized world.

#### The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, and kindred derangements was first made as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts (doctors and writers on Medical Medicine) who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is used.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

MISS JULIE FLORENCE WALSH

## WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

## Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 36th St., New York City, writes:—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.
