Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a

sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing It, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. THE "BONE AGE" IN KANSAS.

In Early Days the Plain Was Strewn

With Buffalo Skeletons.

The pioneers of Kansas will never

forget the "buffalo bone age." When

central and southwestern Kansas were

settled the prairies were strewn with

buffalo bones. Those were hard times

in Kansas, and the gathering of these

bones enabled the early settlers to live

while they were getting their claims

weren't many at that-had literally

nothing but a team and a few house-

hold goods that they had hauled from

the east in a single wagon. Of course

there were no buffalo, for this was in

the late seventies, but their bones

strewed the plains, and these bones

valuable, and they went first, but the
