

CAUGHT BY THE GRIP--- RELEASED BY PE-RU-NA.

The Medical Profession Recognizes The Grip as Epidemic Catarrh.

Effective Medicine For La Grippe.
Robt. L. Madison, A. M., Principal of Culver School, Painter, N. C., writes: "Peruna is the most effective medicine that I have ever tried for la grippe. It also cured my wife of nasal catarrh. Her condition at one time was such that she could not at night breathe through her nostrils."

La Grippe and Systemic Catarrh.
Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., writes: "Six years ago I had la grippe, followed by systemic catarrh. The only thing I used was Peruna and Manalin, and I have been in better health the last three years than for years before."
Mrs. Jane Gift, Athens, Ohio, writes: "Six years ago I had la grippe very bad. My husband bought me a bottle of Peruna. I was soon able to do my work."

An \$8,000 Cow.
Eight thousand dollars, recently paid by Daniel W. Field, a Brocton shoe manufacturer and farmer, for a meek-eyed, pale-faced, but industrious cow, makes this acquisition to Mr. Field's herd of full-blooded stock the highest priced bovine in the United States.

And Pontiac Rag Apple, this euthionious, dubbed Holstein-Friesian, although she has been in the hands of her present owner only a month, has already returned \$4,000 or one-half of the price paid for her, a sum agreed for her next calf, which has already been sold to a New York breeder of fancy stock.

In addition to having immediately saved her cost, this wonderful animal holds the second highest record for the amount of milk and butter produced by any one cow in the world. It is expected by her present owner that she will reach the champion producing mark during the next year. She is at present less than five years old.—Boston Dispatch.

Reads So "Easy."
A French mariner thinks advantage may be taken of the favorable winds at the edge of a cyclone for facilitating navigation. By means of observations with the barometer and other instruments he would ascertain the direction in which the storm is going, and so shape the course of the ship that it would be carried along by the breeze of the storm, thereby without becoming involved in the dangerous center of the storm.—Detroit Free Press.

The Modesty of Women
Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It is strictly non-alcoholic, non-secret. All its ingredients being printed on its bottle-wrappers; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Suffered Twelve Years From After Effects of La Grippe.

Mr. Victor Patneude, 328 Madison St., Topeka, Kan., writes: "Twelve years ago I had a severe attack of la grippe and I never really recovered my health until two years ago. I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again."

Pneumonia Followed La Grippe.
Mr. T. Barnecott, West Aylmer, Ontario, Can., writes: "Last winter I was ill with pneumonia after having la grippe. I took Peruna for two months, when I became quite well."
Pe-ru-na—A Tonic After La Grippe.
Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes: "After a severe attack of la grippe, I took Peruna and found it a very good tonic."

Custodian of Dynamite.
The New York State senate has voted to give its clerk the power to expel a reporter from the floor of the senate. The clerk did not ask for this accession of authority, and is not likely to exercise it impulsively. It may be flattering to be made the custodian of the senate's dynamite, but a wise man would as soon not be too much flattered.—Harper's Weekly.

WORKS IN THE GARDEN.
Eighty-seven Years Old, But Has a Sound Back.

Robert Scollan, 87 years old, of 55 Garden St., Seneca Falls, N. Y., a fine, sturdy old gentleman, who works in his own garden, gives thanks to Doan's Kidney Pills for his sound back and kidneys. Mrs. Goetchous, his daughter, says: "Father had a severe attack of kidney trouble and lumbago, which caused him much suffering. He began taking Doan's Kidney Pills and was soon cured. We always keep them on hand. My husband was cured of bad pains in the back by taking only part of a box." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

The heaviest locomotives in the world are those of the prairie type, which haul the fast trains on the Lake Shore and Michigan Southern Railway. This type weighs 11½ tons. Among British engines the record is 130 tons—namely, the new engine of the Cardean class in use on the Caledonian Railway.

Consular Agent Alfred C. Tevis writes that the canton of Aargau, of which Aarau is the capital, is the center of the straw goods industry of Central Europe.

It would be a great comfort to a woman if she could believe in her husband the way she thinks she does.

Every grocery store should carry Argo Red Salmon. If the salesman has not yet called on you, drop a card to the Alaska Packers Association, Richmond, Va., where our temporary advertising offices are located.

If you watch for the items on Argo Red Salmon, you will find some very interesting things about Alaska and the Salmon industry, of which very little is known in this country. "Argo" is a household word wherever this Salmon has been introduced.

Argo Red Salmon is standard in quality, quantity, color and price. "Argo! Argo! Argo! Argo! Argo! Argo! Argo! Argo! Argo!"

COMMERCIAL COLUMN

Weekly Review of Trade and Latest Market Reports.

New York.—R. G. Dun & Co.'s Weekly of Trade says: Although the average of the 60 most active railway securities fell during the week to the lowest point since 1904, there was no corresponding reaction in commercial activity, which continued beyond precedent. Reports from leading manufacturing centers indicate that scarcely any idle machinery can be found, preparations for future trade evidencing a confidence in well maintained consumption. Forward business is most extensive in the iron and steel manufacture and the cotton industry, but other prominent producers have liberal contracts on hand also, and the mercantile outlook is bright. Wholesale houses receive large contracts for spring delivery, especially in dry goods lines and the settled winter weather has produced a wholesome reduction in retail stocks of heavy-weight wearing apparel and other seasonal merchandise.

Notable strength is still the feature in the primary markets for cotton goods, and predictions of further advances are being realized constantly, despite apparent precedents to the contrary. A general resume of the situation discloses a level of prices and scarcity of supplies that has not existed since the Civil War, while there is the additional factor of no element threatening weakness, although quotations are conceded to be abnormally high.

Commodity markets have shown very little activity during the past week, and variations in prices were fractional.

Of Interest to Women.
Every woman naturally should be healthy and strong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headache, backache and a general tired condition are prevalent amongst the women of to-day, and to relieve these conditions women rush to the druggists for a bottle of some preparation supposed to be particularly for them, and containing—nobody knows what. If they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the feminine system. The same dose has the same effect, no matter how long they are used.

Brandreth's Pills have been in use for over a century and are sold in every drug and medicine store, plain or sugar-coated.

It has to be a mighty old day to make a girl cover up her neck if it's the prettiest thing about her.

NO RELIEF FROM ECZEMA

For Over Two Years—Patent Medicines, Quack Cures, and Even Doctors Fail—Cuticura Succeeds.
"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, 1905."

The Power of Man.

Have you any idea of what is meant by the physical power of a man? Ask the officials of the English prisons, where convicts are required to operate the treadmill. Estimate how many pounds are lifted an hour by the alleged sportsman who shoots pigeons with a seven-pound gun. Give a woodsman a five-pound ax on a ten-day job in the Adirondacks and reckon the number of times he raises that weight every eight hours. What of the busy typewriter, capacity 100 words a minute? Each hand weighs a pound (speaking of man now, not the dainty little flippers of woman-kind), and counting each word at an average of four letters we can figure out a movement of 400 times a minute, 24,000 times an hour, and 576,000 times in a working day of eight hours, which is to say he lifts 192,000 pounds with both hands in a day of eight hours.—N. Y. Press.

"I never get weighed in public places any more," said the thin woman. "The ceremony draws too big a crowd. Just as sure as a person begins to dial around a weighing machine she becomes a magnet for all the idlers in the neighborhood. They cease their chatter and their aimless staring and crowd around trying to read the figures. Then they keep up a fire of comment. 'Gee,' says one, 'I didn't think she'd go that high.' 'I thought,' says another, 'that she'd weigh a little more than that.' For the person who strikes a happy medium these criticisms are perhaps not unwelcome, but for the one who overshoots or undershoots the mark the ordeal is not pleasant."—N. Y. Sun.

GUIDES CHILDREN

Experience and a Mother's Love Make Advice Valuable.
An ill mother writes about feeding children: "If mothers would use Grape-Nuts more for their little ones there would be less need for medicines and fewer doctor bills. 'If those suffering from indigestion and stomach troubles would live on Grape-Nuts, toast and good milk for a short period they would experience more than they otherwise would believe. 'Our children have all learned to know the benefit of Grape-Nuts as an appetizing, strengthening food. It is every evening, with few variations, like this: 'Mama, let's have toast and Grape-Nuts for breakfast; or, let's have eggs and Grape-Nuts'—never forgetting the latter.

"One of our boys in school and 15 years of age repeatedly tells me his mind is so much brighter and in every way he feels so much better after having Grape-Nuts as a part if not all his breakfast." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Well-being," in pgs. "There's a Reason."
