

TIRED AND SICK YET MUST WORK

"Man may work from sun to sun but woman's work is never done."

In order to keep the home neat and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to those women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides. I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.

COMMERCIAL COLUMN.

Weekly Review of Trade and Latest Market Reports.

R. G. Dun & Co.'s weekly review of trade, says:

Weather conditions have been favorable for trade and transportation in most sections, but a few adverse reports are still received, and total transactions again felt the curtailing influence of a holiday. At the large cities there is a good attendance of interior merchants or their representatives, producing much activity in jobbing circles, notably those dealing in dry goods, millinery and other distinctively spring lines. Mercantile collections are improving, but some complaints are heard regarding extensions, especially from points that experienced greatest interruption to traffic from the recent storms. Industrial returns are uniformly encouraging, mills and factories having so much business in sight that no machinery is idle, except in cases where fuel deliveries are unsatisfactory or the labor supply inadequate. Farm staples are fairly steady in price, liberal foreign purchases precluding any possibility of excessive stocks to be carried over from last year's large crops, and preparation for the new season promise another big acreage in grain and cotton.

Of most interest in the textile market is the increased attendance of outside buyers in the jobbing centers, and there is also definite improvement in demand at first hands. New England manufacturers of footwear report a fair volume of supplementary orders for late spring and early summer delivery, which, in addition to contracts on hand, assures full operation of factories until fall business is placed.

Wholesale Markets.

Baltimore.—Flour—Dull and unchanged; receipts, 6,715 barrels. Wheat—Quiet; spot, contract, 79 1/2 @ 79 3/4; No. 2 red, Western, 81 1/2 @ 82; February, 79 1/2 @ 79 3/4; March, 80 @ 80 1/4; May, 81 1/2 @ 82; steamer, No. 2 red, 74 1/2; receipts, 12,984 bushels; Southern, on grade, 75 @ 79 1/2.

WORTH REMEMBERING

The most profitable business in Morocco is smuggling in firearms.

Among the 5,000 car drivers in Vienna the are 400 knights, 50 barons and 5 counts.

The total pack of the United States of canned tomatoes in 1906 is given as 9,074,965 cases.

The result of the first six months' working of the Simpson tunnel have been tabulated, and show that an average of 3,000 passengers were carried a day.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
