

A MISSOURI WOMAN

Tells a Story of Awful Suffering and Wonderful Relief.

Mrs. J. D. Johnson, of 603 West Hickman St., Columbia, Mo., says: "Following an operation two years ago, dropsy set in, and my left side was so swollen the doctor said he would have to tap out the water. There was constant pain and a gurgling perspiration around my heart, and I could not raise my arm above my head. The kidney action was disordered and passages of the secretions too frequent. On the advice of my husband I began using Doan's Kidney Pills. Since using two boxes my trouble has not reappeared. This is wonderful, after suffering two years." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Waited For The Other Boot. The nervous patient is hard to please. The man who, occupying the room next to one of these, was asked to make as little noise as possible when he came home at night, really did try to carry out these instructions. When he took off his boots he placed them both at once on the floor, instead of flinging them separately in opposite directions, as was his wont; he crept noiselessly about the room; he said nothing when he got into bed and found he had forgotten to put out the gas; he might have been the traditional mouse that no one has ever met. As he closed his eyes a growl came from the next room: "When on earth are you going to put down the other boot?"—London Chronicle.

Argo Red Salmon is just the thing for unexpected company. There is nothing better to serve from the can. At all grocers.

The production of Indian corn in Portugal and possessions in 1906, writes Minister C. P. Bryan, of Lisbon, amounted to about 20,000,000 bushels, which large crop restricted the demand for foreign corn.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case of Catarrh that cannot be cured by this medicine. Address F. J. CHENEY & CO., Toledo, O.

Take Hall's Family Pills for constipation. The long feather of a bird's wing are fastened to the bone. It is the same which gives the wing the strength and surface wherewith to beat the air.

Take Garfield Tea in the Spring—it will save you many days of headache, lassitude and general ill health. This natural laxative purifies the blood, cleanses the system and establishes a normal action of liver, kidneys and bowels.

Consult J. E. Dunning reports that an electric railroad 85 miles in length and to cost \$47,000,000 is to be built between Genoa and Milan.

Include six cans of Argo Red Salmon in your next grocery list. It will keep for twenty years.

Damascus is the first city in the Turkish Empire to be lighted with electricity and to have electric street cars.

Pure! Pleasant! Potent! Three interesting facts about Garfield Tea, the Natural Laxative. It is made of Herbs and is guaranteed under the Pure Food and Drugs Law.

The force of dynamite is about eight times that of gunpowder.

Do You Open Your Mouth Like a young bird and gulp down whatever food or medicine may be offered you? Or do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes his treatise and on each bottle wraps it in a paper made of the same material as the wrapper, and writes upon it: "This he can afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated."

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and curative of nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attending upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

COMMERCIAL COLUMN.

Weekly Review of Trade and Latest Market Reports.

New York.—R. G. Dun & Co.'s Weekly Review of Trade says: Erratic weather makes trade reports irregular, retail sale of spring wearing apparel being retarded by storms and cold at many points although some sections experience seasonable conditions. Temporary interruptions to retail distribution has no ill effects upon jobbing and wholesale business, however, heavy transactions and shipments testifying to confidence in the future, while mercantile collections show further improvement. Several strikes have retarded work, notably in sawmills at Portland, Ore., and in shipbuilding at Cleveland, but manufacturing returns are most satisfactory on the whole. Textile mills, machine shops, steel plants and footwear factories have little idle machinery, forward business appearing more rapidly than the rate of production in many cases.

Most encouraging news comes from the iron and steel industry, large sales of pig iron being made for delivery up to the end of the year.

Wholesale Markets. Baltimore.—Flour—Quiet and unchanged; receipts, 5,341 barrels; exports, 362 barrels. Wheat—Firm; spot, contract, 79 1/4 @ 79 3/4; No. 2 red Western, 81 @ 81 1/4; April, 79 1/2 @ 79 3/4; May, 80 1/2 @ 80 3/4; steamer No. 2 red, 75 @ 75 1/4; receipts, 2,006 bushels; Southern on grade, 75 @ 79. Corn—Firm; spot, mixed, 52 1/2 @ 53; No. 2 white, 54 1/4 @ 54 3/4; April, 52 1/2 @ 53; May, 53 1/4 @ 53 3/4; July, 54 1/4 @ 54 3/4; September, 54 1/2 @ 55; steamer mixed, 50 1/2 @ 50 3/4; receipts, 93,901 bushels; Southern white corn, 52 1/2 @ 55; Southern yellow corn, 51 1/2 @ 53. Oats—Firm; No. 2 white, 48 1/2; No. 3 white, 47 1/2 @ 48; No. 2 mixed, 46 1/2 @ 47; receipts, 16,103 bushels. Rye—Steady; No. 2 Western domestic, 75 @ 76; choice, 80 bid; receipts, 2,600 bushels. Butter—Firm; unchanged; fancy imitation, 23 @ 24; fancy creamery, 21 @ 22; fancy ladle, 22 @ 23; store packed, 17 @ 18. Eggs—Steady; unchanged; 16. Cheese—Active and strong; unchanged; large, 15; medium, 15 1/4 @ 15 1/2; small, 15 1/4 @ 15 1/2.

New York.—Wheat—Receipts, 55,000 bushels; exports, 48,727 bushels; spot barely steady; No. 2 red, 82 1/4 @ 82 3/4; No. 2 red, 84 f. o. b. afloat; No. 1 Northern Duluth, 90% opening navigation f. o. b. afloat; No. 2 hard winter, 87% opening navigation f. o. b. afloat. Corn—Receipts, 77,400 bushels; exports, 800 bushels; spot firm; No. 1, 57 elevator, and 53 f. o. b. afloat; No. 2 white, 56, and No. 2 yellow, 55 f. o. b. afloat. Option market was quiet but steadier, closing partly 1/2c, net higher. May closed 55 1/4; July, 55 1/4 @ 55 1/2, closed 55 1/4. Oats—Receipts, 65,000 bushels; exports, 17,150 bushels; spot steady; mixed, 26 @ 32 pounds, 47; natural white, 30 @ 33 pounds, 48 @ 50; clipped white, 36 @ 40 pounds, 49 @ 53 1/2. Philadelphia.—Wheat 1/2c higher; contract grade, April, 79 @ 79 1/2. Corn firm, 1/2c higher; April, 51 @ 51 1/2. Oats firm, 1/2c higher; No. 2 white, natural, 49 @ 49 1/2. Butter, good demand. Extra Western creamery, official price, 40 1/2c; street price, 31 1/2; extra nearby price, 33. Eggs firm, good demand. Pennsylvania and other nearby firsts, free cases, 17 1/4c, at mark; Pennsylvania and other nearby current receipts, returnable cases, 16 1/2c, at mark; Western, free cases, 17 1/4c, at mark.

Live Stock. Chicago.—Cattle—Receipts, about 1,500 head; market strong, common to best steers, \$4.40 @ 6.75; heifers, \$3.15 @ 5.50; cows, \$2.50 @ 5.00; bulls, \$3.30 @ 4.50; calves, \$2.50 @ 6.75; stockers and feeders, \$2.50 @ 5.10. Hogs—Receipts, about 18,000 head; market 5 @ 10c lower; choice heavy shipping, \$6.70 @ 6.75; light butchers, \$6.70 @ 6.77 1/2; light mixed, \$6.65 @ 6.70; choice light, \$6.70 @ 6.75; packing, \$6.00 @ 6.67 1/2; pigs \$3.50 @ 6.50; bulk of sales, \$6.65 @ 6.70. Sheep—Receipts, about 8,000 head; market steady; sheep, \$4.25 @ 6.65; yearlings, \$5.25 @ 7.60; lambs, \$6.00 @ 8.50.

New York.—Bees—Market active; steers firm to a shade higher; bulls and cows steady to 10c higher; steers, \$4.50 @ 6.25; one car extra, \$6.50; bulls, \$3.80 @ 4.60; cows, \$1.75 @ 4.45. Hogs—All for slaughterers except a few head; nominally firm. Kansas City, Mo.—Cattle—Market strong to 10c higher. Choice export and dressed beef steers, \$5.40 @ 6.40. Hogs—Market 5 @ 7 1/2c lower. Top \$6.55. Pittsburg, Pa.—Cattle—Supply light; market steady. Choice, \$5.80 @ 6.00; prime, \$5.60 @ 5.75; good, \$5.30 @ 5.60; veal calves, \$7.00 @ 7.50. Hogs—Market steady. Prime heavies, \$7.20 @ 7.25; mediums, heavy and light Yorkers, \$7.25 @ 7.30; pigs, 7.20 @ 7.25.

ODDS AND ENDS. Roller skates were invented by Plympton in 1863. The force of dynamite is about eight times that of gunpowder. Damascus is the first city in the Turkish Empire to be lighted with electricity and to have electric street cars. Only 7 per cent. of the food of a French peasant consist of meat, while an English navy's food is 28 per cent. meat.

NEW YORK DAY BY DAY.

Some of the Things Done Daily in the Metropolis.

Free Demonstration. Tempted by the presence of a throng of handsomely gowned women among whom he was being led by his sisters to an insane asylum, Daniel Knott, suffering from the delusion that he is a famous opera singer, could not resist making his debut in the heart of Brooklyn's shopping district. The sidewalk at Fulton Street and Flatbush Avenue was his stage. He selected the most stately of the women shoppers as soloists and others as chorus girls and supernumeraries. He ran from his three sisters to a tall, handsome woman, and throwing an arm about her waist, seized her gloved hand and sang "I love thee, I love thee, I love thee." With a resounding smack the woman's hand fell on the man's open mouth. Knott seemed to consider the slap a part of the performance. He found compensation for the blow by pressing his bruised lips against the cheek of a pretty little woman with blue eyes and fair hair. She screamed and ran. The scream attracted a great crowd of women. Knott ran among them, kissing, hugging and singing. The performance lasted just two minutes, but in that brief space the man hugged eighth women, kissed five and terrified several scores. Policeman John J. O'Connor appeared. Knott was only a play actor, but the policeman was a stern reality. Knott was thrown to the ground. The two struggled desperately and the policeman was the victor, despite maniacal strength of Knott.

Finds A New Sun Spot. Dr. S. A. Mitchell, an instructor in astronomy at Columbia University, announced that he had discovered a new sun spot which he says is as large as that discovered by Professor Brashear of Allegheny on February 13. According to Dr. Mitchell, the sun spot is more remarkable because the period of frequency of spots is long. As soon as he discovered the spot Dr. Mitchell made several observations of its spectrum and came to the conclusion its temperature was much lower than that of the other parts of the sun. This, he said, was the case with all of these peculiar phenomena. This spot, which is one of a number with which the surface of the sun seems to be dotted, is near the meridian. It is much larger than any of the others and seems to be the centre of an unusual solar activity. A small telescope disclosed numerous other spots with which the larger one was surrounded. Dr. Mitchell does not look for any very violent atmospheric disturbances as a result.

New Cure For Snoring. Henry D. Archer, a White Plains merchant, in an answer to his wife's divorce suit, which he just filed there declares that he has been the worst treated husband in the world. Mrs. Archer accused her husband, among other things, of having turned her mother's picture to the wall. "That may be so," says Archer. "But it's not a circumstance to what she has done. She has driven me almost insane by keeping me awake at night. As soon as I get to sleep she blows a tin whistle and keeps at it until I wake up. The excuse she gives is that I have been snoring and she wants to break me of the habit."

Will Now Have His Way. Mayor McClellan signed the Bingham police bill, and it was sent back at once to Albany, where it will be signed by Governor Hughes. Police Commissioner Bingham will be clothed with the powers to organize the force according to his own ideas. The hearing on the bill was held in the old Council Chamber and lasted less than two minutes. General Bingham, who is in Atlantic City, was represented by First Deputy O'Keefe. It is believed the following inspectors are likely to retire: Cortright, Nally, McLaughlin, Schmittberger, Wiegand, Murphy, Baldwin and Grant.

Immigration Steamer Quarantined. The Russian steamer Petersburg, from Liban and Rotterdam with 981 steerage passengers, was detained at Quarantine because of a case of smallpox in the steerage. The patient was transferred to a hospital ashore and 150 passengers who occupied the same compartment were sent to Hoffman Island for observation. The steamer will be disinfected and released later.

Sighted Four Huge Icebergs. Four huge icebergs, one of which resembled a church in general appearance, with a lofty steeple-like pinnacle towering 300 feet above the surface of the sea, were sighted by the steamer Vaderland of the Grand Banks of Newfoundland. The Vaderland arrived here Wednesday from Antwerp and Dover after a rough passage.

Egos vs. Brainstormers. Two teams, the Exaggerated Egos and the Brainstormers, have arranged for a game of baseball at Kingsland, N. J. Lemons will be used in place of the ordinary balls, and the bats (not the players) will be light sticks. The game will last 25 minutes and the side ahead at the end of that time will be declared the winners. Each player and the winning team will receive a piece of lemon pie and a glass of lemonade at the expense of the loser.

Hundreds of people have told the grocers that the Argo Red Salmon is the best salmon that they have ever eaten. Ask your neighbors if they have tried it.

Gives Diver Strength. The difficulty a diver experiences in lifting weights beneath the water is partly overcome by a new Italian invention, which has been formally adopted by that government. The mechanism is a diving suit, the artificial arms of which are worked from the inside by the wearer. The leverage thus secured enables the diver to lift objects heavier than he could otherwise handle. In addition to this improvement over the old method, a high-power electric light that will penetrate the water for some distance is placed in the helmet.

Argo Red Salmon readily adapts itself to the requirements of breakfast, luncheon, dinner, or supper, and gives reasonable variety to every meal.

Why He Didn't Know Him. An uncountry business man was once introduced to Abbot Lawrence. "Mr. Smith?" said Mr. Lawrence, with a smug air. "I don't think I know you, do I?" "Well, you ought to," was the reply. "I've traded with you for twenty years."

"Always paid your bills perhaps?" "Of course."

"That accounts for it," said Mr. Lawrence. "I know the others."—Boston Herald.

SKIN SORE FOR EIGHT YEARS. Spent \$300 on Doctors and Remedies. But Got No Relief—Cuticura Cures in a Week.

"Upon the limbs and between the toes my skin was rough and sore, and also under the arms. I had to stay at home several times because of this affliction. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is today the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. I had been suffering for eight years, and have now been cured by the Cuticura Remedies within a week. Fritz Hirschfeld, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1906."

Afraid Of A Comet. The ignorant negroes throughout Indian Territory are greatly excited by the reported approach of a destructive comet. In many places they have quit work and are assembling nightly in church and holding religious services.

It is reported at Fort Gibson and at many other points along the Arkansas River where there are large negro settlements that the comet is the only thing talked about, and the negroes believe that the world is coming to an end. This condition has reached such proportions that the Times-Democrat, a local newspaper, telegraphed Prof. P. J. J. See, of Mare Island, asking his opinion about the comet. His reply was:

"The comet is a ghost of the air. It is going from the earth instead of toward it. There is no danger of contact."

A Great many Indians have also become alarmed over the agitation. At Westville it is reported that meetings are being held nightly and prayers offered. These reports come from the smaller towns and rural communities.—Kansas City Star.

Reason For Security. "Are you aware that the man you have challenged is an expert swordsman?" said one Parisian.

"Certainly," answered the other. "The fact gives me confidence. He is not likely to do anything clumsy and unexpected that might result in serious injury."—Washington Star.

A Growler. "Many a man," said Brother Williams, "growls 'kaze he ain't got nuffin' ter growl 'bout. I once knowed a man what growled 'kaze he spots on de sun wuzn't big enough ter be a shady umbrella fer him while he wuz ploughin' in July."—Atlanta Constitution.

APPENDICITIS. Not at all Necessary to Operate in Many Cases.

Automobiles and Appendicitis scare some people before they are hit. Appendicitis is often caused by too much starch in the bowels. Starch is hard to digest and clogs up the digestive machinery—also tends to form cakes in the cocum. (That's the blind pouch at entrance to the appendix.)

A N. H. girl had appendicitis, but lived on milk for awhile—then Grape-Nuts and got well without an operation.

She says: "Five years ago while at school, I suffered terribly with constipation and indigestion. (Too much starch, white bread, potatoes, etc., which she did not digest.)

"Soon after I left school I had an attack of appendicitis and for thirteen weeks lived on milk and water. When I recovered enough to eat solid food there was nothing that would agree with me, until a friend recommended Grape-Nuts.

"When I began to eat Grape-Nuts I weighed 98 lbs., but I soon grew to 115 lbs. The distress after eating left me entirely and now I am like a new person."

(A little Grape-Nuts dissolved in hot water or milk would have been much better for this case than milk alone, for the starchy part of the wheat and barley is changed into a form of digestible sugar in making Grape-Nuts.) Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a reason."

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS. HENRY LEE MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain. When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, St. Paul, Minn., writes: Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes: Dear Mrs. Pinkham:—

"After suffering untold misery for three years during Change of Life, I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

Outclassed. Lawyer—So you want a divorce from your husband, eh? What ground? Fair Client—He's a prizefighter? Lawyer—Does he beat you? Fair Client—Oh, no; but he insists on doing all the talking.—Chicago News.

FITS, St. Vitus' Dance, Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. \$2 trial bottle and treatment free. Dr. H. R. Kline, M.D., 2835 Arch St., Phila., Pa.

It's a great comfort to a woman to think how lonesome her husband would be if she were dead. The average poem is just as silly even if you write it yourself.

RHEUMATISM AND NEURALGIA

ST. JACOBS OIL

The Proved Remedy For Over 50 Years. Price 25c and 50c

Mica Axle Grease

lengthens the life of the wagon—saves horsepower, time and temper. Best lubricant in the world—contains powdered mica which forms a smooth, hard coating on axle, and reduces friction.

If you want your outfit to last and earn money while it lasts—grease the axles with Mica Axle Grease.

STANDARD OIL COMPANY Incorporated

BATH OF BEAUTY

For Preserving, Purifying and Beautifying the Skin, Scalp, Hair, and Hands.

Calumra SOAP MEDICINAL TOILET

PRICE 25 CENTS
