In a little while you and I will cease Warring as we do; we shall be at peace; I will try no more to belittle you, You will never sneer at the work I do. Foolishly we fret, foolishly we vie, Spurred by rivalry always, you and I; Ne'er a helping hand or a friendly smile Though we both shall rest in a little while.

It is hoped that vaccination is a thing of the past. At least until it is the only law violated in this good township of ours. Give the child its right to a public school education, at least on an equal basis with yourself. But it should be far better in this late day for a firm footing in the House of Success.

For there are no elevators in the House of Success.

But the stairs are long and steep, And a man who would climb to the very top, Before he dare walk must creep.

There are no carpets in the House of Success.

But the floors are hard and bare, With slippery places all about And pitfalls here and there.

There are no lounges or Morris chairs, Nor places to rest your spine, But when one has arrived on the roof at last, Oh! but the view is fine.

Successful.

After a great deal of effort and correspondence J. D. Murray, the popular druggist, has succeeded in getting the Dr. Howard Co. to make a special half price introductory offer on the original fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

The medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that Mr. Murray is willing to return the price paid in every case where it does not give relief.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific, that Mr. Murray has been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half price offer, with his personal guarantee to refund the money if it does not cure.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp, colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a doctor summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better remedy for these diseases. By having it in the home you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by The Star Store, Centre Hall; F. A. Carson, Potters Mills; C. W. Swartz, Tusseyville.

SHORT TALKS BY L. T. COOPER. MEDICINE.

It's curious what some people believe a medicine will do. They seem to think because I advertise my preparations I claim they will cure anything and everything. Well, I don't.

The other day I got a letter from a woman who said her husband had been in bed eighteen years with paralysis. She had bought seven bottles of the Cooper medicines and her husband was still in bed. She stated that I was a scoundrel, a robber and various other pleasant things.

Now the only thing I claim for Cooper's New Discovery is that it will put the stomach in working order. I know that if this is done, rheumatism, constipation, kidney and liver troubles, nervousness, and the general tired out, despondent feeling will disappear in ninety-nine cases out of a hundred. I know this medicine to be a fine tonic which used twice a year will throw off impurities and add flesh, strength and tone to the entire system. But it will not do the impossible. No medicine on earth will do more than help nature. Certain diseases are beyond all medicine, although God in his wisdom may some day give us frail humans a knowledge of how to cure them. At present I know Cooper's New Discovery to be as thoroughly efficient a medicine as was ever on the market, and people who will take it for the common ills to which flesh is heir will be more than satisfied.

Here is a letter from one who has tried: "For a long time I have suffered from severe headaches, weakness, and pains in my back and sides." "Nothing I tried gave me relief, and a friend advised me to try your medicine. I improved from the first week. My back-ache and headache left me and I felt myself growing stronger. My appetite increased and I felt greatly improved in every way. I am indeed thankful for the benefit I have received." Miss Jennie Isaacson, No. 18 15th Avenue, West, Duluth, Minn.

We have sold and are selling great quantities of these famous medicines. J. D. MURRAY, Druggist Centre Hall, Pa.

Summer is the pride of the year. It goeth before the fall. The devotion of a chronic borrower is generally touching. It is generally easier to tell what we don't believe than what we do.
