"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world."

The Penn Hall correspondent writes the Reporter thus:

Sara L. Fisher, the eleven year old daughter of Mr. and Mrs. F. M. Fisher, had a fall Sunday night that might have proven fatal. Getting up in her sleep she walked to the upstairs window and fell to the ground. Strange to say, no bones were broken, but her arms and limbs were badly bruised. It was a narrow escape.

Then there are Adale's animals for the children, Winifred Stewart, phenomenal baritone; Emma Francis and her whirlwind Arabs; Dixie Serenaders, colored entertainers. An extra added feature is the Bounding Gordons, a European acrobatic surprise novelty.

Kinloe, of Lock Haven, has resigned his position as an instructor in electrical engineering in the Western University of Pennsylvania to accept a similar one in The Pennsylvania State College. While removing the scaffolding from the rear of H. G. Strohmeier's house, Saturday afternoon, it collapsed throwing Bricklayer Al. Oman from the top of the kitchen roof to the ground. #### FIRE SUNDAY MORNING.

H. C. Shirk's Stable, Horse, Cow, Dog, Buggies, Etc., Burned.

Sunday morning between the hours of one and two o'clock, the alarm of fire was sounded throughout Centre Hall. All were in their first sleep, but soon a large portion of the populace was aroused, and found its way to the south end of town where the stable of Harry C. Shirk was all ablaze. When the fire was first discovered by Messrs. D. W. Bradford and A. P. Luse, the flames were shooting through the roof, and there was no possible way of releasing several dumb brutes that were made frantic by the flames about them.

In a short time after the discovery of the fire, a stream of water was playing on the flames, and protected the rear of Mr. Shirk's dwelling house which stood near by. The night was calm, and the little breeze that was felt carried the flames in a favorable direction.

The structure was a large town stable and was filled with provender. A valuable driving horse, a cow and dog composed the live stock burned. Two buggies, sleigh, sled, wagon, harness, etc., were also consumed, the loss being quite considerable. There was some insurance.

The origin of the fire is a mystery. At the time of the fire it was generally accepted that the fire was at least not of incendiary origin, but later suspicions have been aroused.

#### MAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

"It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of cholera I got caught out in a hard rain and the messes settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy."—Samuel H. Gwin, Concord, Ga. For sale by
