RESOLUTION ADOPTED BY THE ADVISORY BOARD OF THE DEPARTMENT OF HEALTH OF PENNSYLVANIA, JULY 25, 1907.

Resolved: That in the opinion of the Advisory Board and the Commissioner of Health a person who has had the operation for vaccination faithfully performed three times, at intervals of two successive weeks, without success is for the time being immune from smallpox, and, further, that under the present law persons who have a written certificate from a reputable physician that two such attempts to vaccinate were faithfully performed and a second certificate from a physician of the State Department of Health, or of a Board or Bureau of Health or Sanitary Committee of a city or borough may be admitted to school for one year without violating the spirit of the law, the object of which is simply to prevent the spread of smallpox.

Can't Be Said of All Politicians.
The Philadelphia Record.

Farmer Cressy had his pocket picked at a Grange picnic last week. It is safe to say that the thief did not find any other man's money in Cressy's pocket.

Festival August 17.

The members of the Knights of the Golden Eagle will hold a festival in Grange Arcadia, Saturday evening, August 17, at which ice cream, cake and confectioneries will be served. All are invited.

3 Inches of Rain.

The heaviest rain in seven years fell at Centre Hall Friday morning between the hours of four and eight o'clock. It came in torrents, and filled the government rain gauge to the three inch point.

Picnic, Saturday, 24th.

The members of Branch Company No. 20, The Patrons Rural Telephone Company, will hold their first annual picnic and outing Saturday, August 24th, in the grove above the farm residence of W. E. Tate, west of Pine Stump school house.

A Loganton Miller Injured.

A message was received over the telephone that William Meyer, of Loganton, Saturday fell down the stairs at his flouring mill and was seriously injured.

Mr. Meyer, some years ago, operated the Centre Hall roller mills, and is favorably known to many of the Reporter readers.

- Recitation, Florence Rhone.
- Song by the Grange.
- Select reading, Mrs. Wm. Brooks.
- General Discussions—What assistance can the members of our Grange give in preparing a large display for our Grange Fair.
- Proper preparation of the soil for a good wheat crop.
- Is hilling celery necessary to produce a good crop?

For the New Hospital.

Speaking of the hospital, the Watchman has this to say: Contractor Henry Lowery now has a force of men at work grouting for the foundation walls of the front part of the main building of the new Bellefonte hospital. It will be remembered that in the spring the walls were built for the rear portion of the building. The front portion will be 40x50 feet in size and the rear portion 30x40 where it connects with the front and 20x40 in the rear. This will simply be the main building, the original plans providing for both an east and west wing, which will be built in the future when the necessary funds can be raised. The entire building will be of brick and will be furnished and equipped in modern style. It is the intention to push the work on the main building right along to as early a completion as possible; a fact that will be appreciated by the hospital authorities on account of the always crowded condition of the present hospital building.

Lots of people would rather pick flaws than anything else. A girl isn't necessarily as pretty as a picture just because she is painted.

LOCALS

Remember the Knights of the Golden Eagle will hold a festival Saturday evening.

A young son of Irvin Gray, of Stormstown, was injured by a fall from a load of hay.

Mrs. Elton Kuhn, of State College, was the guest of her uncle and aunt, Mr. and Mrs. Daniel Wion, over Sunday.

Andrew Gregg was home over Sunday. Mrs. Gregg just returned from a trip to western Pennsylvania, and is not in the best of health.

A regular meeting of the Patrons Rural Telephone Company will be held at the Garman House, Bellefonte, Saturday, at ten o'clock.

The Bellefonte school board consolidated two of its schools under the name of intermediate grammar. Miss Helen Harper has been elected teacher for the same.

Dr. M. J. Locke, of Bellefonte, entertained the members of the medical society at luncheon at their regular meeting at the Bellefonte hospital, Tuesday afternoon.

The Reformed congregation in Bellefonte has started in to finish their chapel erected some months ago at the rear of their church on Spring street. It is the expectation to have it ready for dedication in six weeks or so.

Miss Ruth Beck was entertained over Sunday by Miss Lella Huyett, in Centre Hall. The young lady is the daughter of Merchant John Beck, of Snyderstown, and was accompanied to Centre Hall by Lumberman E. M. Huyett.

Rev. and Mrs. D. J. Wolf and children, of Taneytown, Maryland, are the guests of Mrs. Wolf's parents, Mr. and Mrs. Alfred Durst. Rev. Wolf is serving a Reformed charge in Maryland, and is taking his vacation at this time.

Now it's the oats harvest that is keeping the farmers buzzing. The crop, generally speaking, is fair. On some farms it is very good. With favorable weather to harvest and house it, the crop will be of more value this year than last.

Corn is pushing upward.—In almost every stubble field there is a perfect set of both timothy and clover.—In some sections potato blight has done mischief.—Fallows and stubbles are being turned for the wheat crop of 1908.—Black berries are ripe.

The Millinburg Telegraph contained this personal: Misses Margaret and Catherine Weber, two of State College's bright young ladies, were recently the guests at the handsome and modern home of Mr. and Mrs. J. H. Shontz and family, in this place.

Mr. and Mrs. D. A. Booser returned from their Buffalo-Niagara Falls visit the latter part of last week. Mr. Booser brought with him three horses—a team of sorrels and a bay—to add to his livery stock. He now has eleven head of drivers, and not one too many.

The county commissioners received 5,000 dog tax tags and are now sending them out to the various tax collectors throughout the county. Under a recent act it is compulsory to pay a dog tax and any owner of a dog who refuses or fails to do so is liable to have his canine killed.

The September Woman's Home Companion is remarkable principally for two things—the exquisite cover, by Earl Stetson Crawford, which won the \$1,500 prize recently offered by the Companion, and for an excellent article on "The Influence of Business Life on Women," by Anna Steere Richardson.

After conducting a milk route in Bellefonte for some time, William V. Harshbarger purchased the stock and implements on the farm from which he secured his supply of milk and now is operating both the dairy and milk route. Mr. Harshbarger is the eldest son of H. K. Harshbarger, of Potters Mills, and for a time lived in Altoona.

Mr. and Mrs. B. G. Cooper, of Freeport, Illinois, are at present the guests of W. W. Spangler and daughter, Miss Gertrude, in Centre Hall. Mr. Cooper at the last general election was elected treasurer of Stephenson county, and previous to his induction into office was a resident of Rock Grove. He is a westerner by birth, and a Republican. Mrs. Cooper is the sister-in-law of Mr. Spangler, her maiden name having been Bolinger, and a native of Aaronsburg, which place will be visited by them before returning to Illinois.

During the past week the Reporter office has been busily engaged printing pamphlets and blanks for the Patrons Rural Telephone Company of Northampton county, which was organized within the past year on the same basis as the telephone company operated in Centre county by the farmers. At the request of the State Grange the writer attended a meeting of the Northampton County Pomona Grange, September of last year, for the purpose of explaining the telephone system in Centre county. An organization was effected almost immediately, and today there are about forty miles of telephone line operated by the company, who owns and operates its own exchange. The system in Northampton county will be largely expanded, as the Grange organization is much alive and many of its members are in the best financial condition.

Hurt in Auto Wreck.

Roy and Homer Gentzel, sons of Perry Gentzel, met with a serious automobile wreck Saturday forenoon, near State College. The two young men were on their way home, and going down the pike near State College the axle on the machine broke. Homer remained in the machine, but Roy attempted to lessen the chances of being injured by jumping, but did not land clear of the path of the swirling auto. The machine passed over and broke one of his legs at several places, tore a portion of his ear off, broke his nose, and was otherwise injured. He was taken to the Bellefonte hospital where the injuries were dressed.

Mr. Gentzel is a popular young man of about twenty-one years, and is a clerk in the State College Bank.

Boarding House Keeper Wanted.

A good party is wanted to run the boarding house at the Grange Encampment, September 14th to 20th, at Centre Hall.

The boarding house is equipped with tables, seats, stoves and water, and will seat one hundred persons.

THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.

What a Marvel it would have been to Abraham Lincoln splitter of rails.

Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.

You are also informing yourself about fence. We know you are.

- First—there was the stone fence of medieval history.
- Second—pioneer America converted its timber into rails.
- Third—somebody found a way to weave wire and slats.
- Fourth—along came barb wire, with its marvelous sale.
- Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.

But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.

The greatest step forward in fence building is thus accomplished at a single, master stroke.

Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."

A large variety of this fence is kept on hand, and any varieties not in stock will promptly be secured from the factory.
