

TIED TO A CHAIR.

Unable to Move About On Account of Kidney Troubles.

Mrs. Anna Beebe, River and Monroe streets, Anoka, Minn., says: "I had to sit in a chair day after day unable to move about on account of rheumatic pains in my back, hips and legs. I was short of breath and my heart would flutter after the least exertion. I had dizzy spells and bearing down pains and the kidney secretions were much disordered. I thought I would not live long, but since using Doan's Kidney Pills I am a different woman, can do my own work and have no more fear of those troubles." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Football Fellow!

Mrs. Newwed—Are these eggs as fresh as the ones I got from you last week?

The Grocer—Oh, yes'm. Some of the same lot, ma'am. I've been keeping 'em for you.—Pick-Me-Up.

Easy For Them.

"I always seem to attract the married men," said the sweet young thing.

"Perhaps it's because they can talk to you without having to think."—Chicago Record-Herald.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address F. J. Cheney & Co., Toledo, O.

Sold by Druggists.
Take Hall's Family Pills for constipation.

A Maine Prayer.

A little girl in Auburn, Me., recently made her go-to-bed prayer in these words: "Dear God, be awfully careful of Yourself, for if we should lose You we have nobody but the President, and papa does not like the way he acts."—N. Y. Sun.

Nathan Straus, an Eastern philanthropist, has established in New York City a series of milk booths where pure sterilized milk is sold to the poor for one cent a bottle. Absolute antiseptic cleanliness is required by him in all branches of the enterprise. In cleansing the milk bottles he uses two things—hot water and Borax. The glistening bottles testify to the effectiveness of this method.

Remarkable Effect of An Explosion.

Mrs. John Lis, living in Washington County, was badly burned in a peculiar manner yesterday afternoon. In attempting to build a fire in a hurry she took up what she supposed was an oil can, but instead it contained powder. She threw on a liberal quantity, when it exploded. The flesh on the woman's left arm from her elbow down was peeled off better than it could have been done with a surgeon's knife.

On the floor, after the explosion, was what looked like a glove. It was in reality the skin from the woman's arm and hand. All the fingers were perfect, the fingernails coming off with the skin. There was not a break in the cuticle. The woman's entire side was treated in the same manner from her heel to her breast.

Singular enough, there was not an abrasion on arm or leg, and the nail cells were not injured. The woman will recover.—Exchange.

Doctor's Rich Fee From America.

A French nerve doctor was called to treat an American visitor for acute neuralgia. Electricity was applied with excellent results. The patient, gratified, promised to send the doctor a check. The next day the medico was astonished to receive a check for \$4,000. He went and asked if a mistake had not been made and received further expressions of gratitude. A few days later the American sent the title deeds for a house near Are de Triomphe of the value of 1,000,000 francs. Gils Blas vouches for the story and says the doctor has just moved into the house given him.—New York Herald.

The Latest Microbe Menace.

Playing cards that have been used again and again would doubtless show on bacteriological examination an appalling selection of micro-organisms, and on enumerating them there surely would be found the organism which works for evil side by side with that which works no mischief.—Lancet.

PLEASANT SUMMER

Right Food the Cause.

A Wis. woman says: "I was run down and weak, troubled with nervousness and headache for the last six years. The least excitement would make me nervous and cause severe headache."

"This summer I have been eating Grape-Nuts regularly and feel better than for the six years past. I am not troubled with headache and nervousness, and weigh more than I ever have before in my life. I gained 5 lbs. in one week."

Name given by Postum Co., Battle Creek, Mich. Read the book, "The Road to Wellville," in pkgs. "There's a Reason."

State of Pennsylvania

SALARY INCREASE \$850,000.

Snyder Act Not As Expensive To Carry Into Effect As Supposed.

Harrisburg (Special).—It is calculated at the Department of Public Instruction that not so much money as was anticipated will be required to carry out the provisions of the Snyder minimum salary act passed at the last legislative session. It will add a little more than \$850,000 a year in the aggregate to the salaries of the school teachers of Pennsylvania. This excess over the salaries paid to the teachers last year will be taken out of the increase in the school appropriation from \$5,500,000 to \$7,500,000 by the recent Legislature. The districts are, however, required to pay their teachers the increased salaries and wait until next June to be reimbursed by the State.

The Legislature set apart out of the increased appropriation \$275,000 for the support of township high schools for the two years beginning the first Monday of June next and added \$75,000 to the amount heretofore appropriated for two years in aid of these schools. The Legislature also took out of the increased appropriation \$230,000 to pay the salaries of the county superintendents of schools.

These several amounts, when deducted from the total increased appropriation, will still leave more than \$800,000 additional to be distributed among the 2890 school districts annually in the usual way and can be used after the purposes for which the \$5,500,000 heretofore appropriated every school district in Pennsylvania a larger appropriation during the next two years than they had this year, provided they comply with the school laws and do not suffer a decrease of population.

THAWING DYNAMITE BURSTS.

Thirty Sticks Explode In House And Man Is Injured.

York (Special).—By the explosion of thirty sticks of dynamite in Washington Township, a three-story brick house was blown up and John Goche-nour, 70 years old, was injured. The dynamite was to have been used to blow up stumps and was placed above the kitchen stove to thaw.

At the time of the explosion no one was in the house. Mr. Goche-nour having just stepped on the door sill. He was hurled backward and the hair was burned from his head and his beard was singed off. The house was completely wrecked.

IRONWORKERS WAGES CUT.

Ten Per Cent. Reduction At Birdsboro Steel Foundry Shops.

Birdsboro (Special).—The Birdsboro Steel Foundry and Machine Company posted notices in all departments of their works of a general reduction of 10 per cent. in wages to take effect on November 16. The reason given is a general depression of business and a cancellation of orders.

The paddle mill, sheet mill and nail works of the E. & G. Brooke Iron Company has closed down for a lack of orders. This is the first time there has been such a general shut-down for nine years, all the men with the exception of the watchman being laid off.

Lancaster Also Objects To Noise.

Lancaster (Special).—An ordinance has been introduced in city councils the purpose of which is to abate the phonograph and electric piano nuisance on the streets. The city is being inundated with nickel shows and business men are protesting. Hereafter no building can be used for a theater or show place until the fire department chief and building inspector have approved it.

Four Houses Burned.

Pottstown (Special).—Fire almost totally destroyed a block of four houses, owned by Joseph Bechtel and J. H. Bleim. Fanned by a high wind the blaze was a stubborn one and it was only after two hours' hard fighting that the firemen got the blaze under control. It was caused by a defective flue in the home of Mrs. Daniel Buck. The loss will aggregate \$8,000.

Steady Work For Miners.

Hazleton (Special).—Announcement was made that the mines of all the companies and the individual coal operators will be worked steadily from now until Christmas, when there may be a week's idleness on account of the holidays. Then they will start in again for the winter and work until spring. There is such a demand for coal that the orders can't be filled promptly.

Tablets For Historical Spots.

York, Pa. (Special).—Wilbur C. Kraber, of this city, is at the head of a movement to organize a National Military Memorial Association, to mark historical spots throughout the United States with tablets or monuments. Mr. Kraber has written to prominent men throughout the country, and has interested the Pennsylvania Railroad in the proposed erection of tablets on the Columbia bridge to commemorate the burning of the bridge by the Confederates.

DYNAMITE UNDER BED.

Brick Yard Worker Takes Peculiar Manner To End His Life.

Pittsburg (Special).—Calmly lying down on a bed at his home, John Lectak, aged 50, of Eno Station, near Imperial, drew a comfort over him after lighting a fuse to a stick of dynamite, which he placed under the bed. A moment later a terrible explosion occurred, blowing Lectak into bits, as well as demolishing the bed, all other furniture in the house and completely wrecking the building.

Lectak was employed at a brick yard at Imperial. It is said he had been despondent recently after recovering from a lengthy spree. Lectak waited until the other occupants of the house had left and placed the stick of dynamite under the bed. Then he laid down to await certain and horrible death.

BIGAMIST A GOOD DODGER.

Luke Whittaker Finds Pike County Woods Safe Hiding Place.

Milford (Special).—Luke Whittaker, the Pike County bigamist, who is hiding in the Pike County wilds, is giving the State policemen all the fun they want. A few days ago he was located at Egypt Mills and Constable John Gallagher alone tried to effect his arrest. Whittaker opened fire and the officer wisely concluded to postpone the little affair he had with the notorious young outlaw and seek assistance. Whittaker took to the tall timbers and when the officers returned they found their man had left.

In defiance of the law, Whittaker for nearly seven months has kept the authorities of both Pike and Monroe in hot water. He is playing the Jesse James act to perfection, and the fact that he insists upon making friendly visits to farmer friends and takes an occasional meal with the relatives, is most tantalizing to the officers.

Perhaps no man in Pike County knows the many hiding places better than Whittaker, and being a crack shot, only zero weather may induce him to change his present plans of keeping out of the way of his pres-keeping out of the way of his would-be captors.

FIREMEN HURT.

Flames In Norristown Mill Destroy \$40,000 Worth of Property.

Norristown (Special).—Another fire broke out Sunday morning in the stock house of the Eureka Knitting Mills but was soon conquered. After battling with flames there for five hours Saturday night, Chief P. V. Hoy thought that the fire was extinguished at that time.

Forty thousand dollars' worth of stock was destroyed, and Harry Carney, George Frait, Henry Eckert, John Mack and John Worrall had narrow escapes from death. They were on the fourth floor when the drum of an elevator fell, crashing through the floor.

The firemen dropped fifteen feet and all received painful injuries. Carney was rescued with difficulty, was unconscious for several hours and had several ribs broken. John Perry, James Burkett and St. Clair Williams were injured by being knocked from a ladder.

STATE NEWS IN BRIEF.

Augustus F. Abraham, of Reading, delirious from a long illness, slashed himself in the chest and abdomen with a pocket knife, while his wife lay sleeping beside him. He is not expected to recover.

A movement to keep their places of business closed Sundays is meeting with success among the fresh meat dealers of York.

William Schwartz was probably fatally injured and Del Schwartz, a relative, seriously mangled from the crash when three pushing locomotives ran into a freight train at Simpson, near Scranton. The freight was standing on a siding and when struck toppled over upon a coal train standing close by.

By a fall of roof in the Pine Brook mine of the Scranton Coal Company, two men were seriously and perhaps fatally crushed while a body was slightly injured about the mine.

The injured men are John Kluba and Joseph Maukrey. Brooding over family troubles, William H. Kline, 46 years old, of York, took his life by hanging himself Sunday.

Eva, 11-year-old daughter of Edward Snyder, of York, was seriously scalded by the contents of a pan of boiling water pouring over her head and body when she bumped into her grandmother.

Three farmers, of Colerain Township, Lancaster County, were shot by a rabbit hunter. The injured men are John Himes and William and John Kunkle.

W. L. Foote, of Wilkes-Barre, general outside superintendent of the Delaware & Hudson Coal Company for the past forty years, has resigned and will be succeeded by Dwight T. Thorpe, of Carbonville, outside foreman of the Leggett's Creek Colliery, of the company.

Caught in the scraper line at Greenwood Colliery, Joseph Gotrovy, aged 20 years, of Coaldale, was crushed to death.

Through a rear door a thief entered the Fountain House Hotel yards, Doylestown, Sunday night, and stole a valuable team belonging to John Emmerson, of Tradesville, while its owner was at church.

The Sechler Fertilizing Company will rebuild the drying plant at Eapy, recently destroyed by fire. The new plant will be built of steel and concrete, cost \$50,000 and will give employment to forty men.

POLICE STOP HUNT.

Neighbors Regard N. L. Donley As Not Responsible.

Renovo (Special).—The people of this place are reluctantly coming to the conclusion that the murderer of little Mary Donley, who was strangled to death, is at last in the hands of the law. They are, however, less vindictive than they were, their desire for vengeance being tempered by the fact that the man now under arrest, William L. Donley, is the uncle of the little victim and not regarded as mentally sound.

They recall of peculiarities of the man and speculate regarding his complete responsibility, the opinion being frequently expressed that he could not have appreciated the awfulness of the crime he is now suspected of, if he really did commit it. There is a disposition among all classes to suspend judgment until the evidence against him is made public.

Donley is 35 years old, a molder by trade, and has been employed in the Pennsylvania shops for a number of years. He is 5 feet, 10 inches tall, has a stooping figure and weighs about 150 pounds. He has dark hair, blue eyes, smooth face not all indicative of his alleged mental deficiency. His general conduct has been good, and although he has indulged somewhat in drink, his associates have been few and of good character.

Naturally of a retiring disposition, he has not sought to any extent the company of women and his neighbors have regarded him as an easy-going, harmless sort of person and a good and steady workman. If he did murder his niece his neighbors say he did the crime when he was not wholly responsible for his acts. Indeed some of his neighbors stoutly deny his guilt.

However, it is significant that the authorities have ceased to look further for the perpetrator of the awful deed and appear to have determined to charge Donley with the crime. That this is their intention is no secret at the county seat. Just what the evidence against the man may be is not yet divulged, but there are rumors of all kinds afloat, the most important being that the gag found in the mouth of the murdered girl was a piece of the shirt worn by Donley on the night of the assault. Another that he was missed from the house at about the same time as little Mary was. Still another that he answers to the description of the man carrying the bundle to the dump by two boys on their way home.

But these rumors and others have not been verified and the people here are in the dark fully as much as when the arrest was made known.

Bank Cashier Dead.

Pottsville (Special).—William T. Tyson, cashier of the Citizens' Bank, and also treasurer of several financial organizations, of St. Clair, died rather suddenly. He was but 28 years of age and the youngest banking official holding such a position of trust in Schuylkill County. He was one of the best all-around athletes which this region ever turned out.

Five Hurt As Scaffold Fell.

Lancaster (Special).—Five bricklayers employed on a new linoleum plant being erected in this city fell thirty-five feet by the breaking of the scaffold. Harry Burns was critically injured and Frank Carl, Robert T. Wade, C. F. Landis and an Italian were taken to a hospital in an unconscious condition. Burns' recovery is uncertain.

Murderer Declared Insane.

Altoona (Special).—Rocco Circullo, convicted of murdering his wife and sentenced to be hanged was declared insane by Morris Guth, superintendent of the insane asylum at Warren, Pa., who made an examination of the prisoner a week ago. Steps will be taken to have Circullo committed to an asylum.

Carnegie Founder's Day Changed.

Pittsburg (Special).—The trustees of the Carnegie Institute has changed Founder's Day, which has always been held on the first Thursday of November to the last Thursday in April. Director John W. Beatty, of the Department of Fine Arts, will start at once for Europe to collect paintings for the international exhibit next April.

Cave-In Wrecks Flyer.

Scranton (Special).—Jersey Central flyer from Philadelphia was wrecked near Pittston at 10.30 o'clock P. M. A mine cave-in caused a settling of the tracks. Engine and cars tumbled over the embankment killing Engineer Johnson and seriously injuring the fireman. Passengers escaped serious injury.

Brakeman Takes His Life.

Easton (Special).—James Burke, aged fifty years, for many years a brakeman on the New Jersey Central Railroad, committed suicide by hanging himself at his home. Three months ago he suffered a sunstroke and his mind has since been affected.

Negro Child Turning White.

York (Special).—The authorities of the Christian Home declare that Anna Hardeman, a 5-year-old negro child that was placed in their charge about one month ago, is turning white. When the child was taken to the institution it is said that her skin was dark and her hair kinky. Since then it has been noticed that she is becoming lighter in color and parts of her face are almost entirely white.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham, in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

NO MORE MUSTARD PLASTERS TO BLISTER
THE SCIENTIFIC AND MODERN EXTERNAL COUNTER-IRRITANT.

Capsicum-Vaseline.
EXTRACT OF THE CAYENNE PEPPER PLANT TAKEN DIRECTLY IN VASELINE

DON'T WAIT TILL THE PAIN COMES—KEEP A TUBE HANDY

A QUICK, SURE, SAFE AND ALWAYS READY CURE FOR PAIN—PRICE 15c.—IN COLLEGE TUBES MADE OF PURE TIN—AT ALL DRUGGISTS AND DEALERS, OR BY MAIL ON RECEIPT OF 15c. IN POSTAGE STAMPS.

A substitute for and superior to mustard or any other plaster, and will not blister the most delicate skin. The pain-allaying and curative qualities of the article are wonderful. It will stop the toothache at once, and relieve Headache and Sciatica. We recommend it as the best and safest external counter-irritant known, also as an external remedy for pains in the chest and stomach and all Rheumatic, Neuralgic and Gouty complaints. A trial will prove what we claim for it, and it will be found to be invaluable in the household and for children. Once used no family will be without it. Many people say "it is the best of all your preparations." Accept no preparation of vaseline unless the same carries our label, as otherwise it is not genuine.

Send your address and we will mail our Vaseline Booklet describing our preparations which will interest you.

17 State St. CHESEBROUGH MFG. CO. New York City

W. L. DOUGLAS

WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN.

BABY'S ECZEMA GREW WORSE.

Hospitals and Doctors Could Not Relieve Disease—Cuticura Remedies a Speedy, Permanent Cure.

"Eczema appeared when our baby was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. C. F. Kara, 343 East 63rd Street, New York, March 30, 1906."

Experience is what the wise man waits for and the fool has to pay for.

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 30c a bottle.

Nothing spoils romance so much as a sense of humor in the woman.
