

Installation Services.

Services incident to the installation of Rev. B. F. Bieber as pastor of the Centre Hall Lutheran charge, will be held Sunday, November 24th.

The charge to the people will be delivered in the morning by Rev. Parr, and in the afternoon Rev. Rearick will charge the pastor.

In the evening Rev. Parr will hold services at Georges Valley and Rev. Rearick at the Union.

Georges Valley.

The rain and wind have kept some of the farmers back with their corn husking.

Messrs. H. C. Zerby and Edward Brown spent Saturday in the valley hunting. They were guests of C. A. Barger, who acted as guide.

James Foust and son Elmer, who have been working at Yeagerstown the past summer, returned home and will remain until the first of December.

A party of young folks spent Sunday afternoon on the mountain.

Rev. B. F. Bieber, of Centre Hall, was a caller among his members here last week.

The American Literary Society has changed the time of its meetings from Monday night to Tuesday night of each week.

At this writing Mrs. Wm. Lingle is very ill.

Sunday afternoon as A. V. Lingle, C. A. Barger and E. W. Zettle were strolling in what is known as Treasler's Gap, they discovered hidden under a rock a lot of cups, saucers, frying pans and tumblers of a very ancient pattern.

How and when they came there is a mystery and will doubtless remain so. The Lord's supper, which was celebrated at the Holy Cross church Sunday, was largely attended.

Misses Moritz and Francis McClellan accompanied by Miss Bae Houtz, of Spring Mills, spent Sunday with the latter's grandmother, Mrs. Jas. Foust.

Messrs. C. A. Barger and E. W. Zettle spent Monday at the Red Mill dam shooting ducks.

Mrs. Robert McClellan and two sons, Carl and Rodney, of Linden Hall, visited friends in this locality a few days.

Aaronsburg.

Thomas Meyer and family, of Coburn, and Mr. and Mrs. George E. Stover, of Millheim, Sunday were to see John C. Stover, whose health is failing, at the home of Geo. Weaver.

Mrs. Henry Crouse has gone to visit her son Fred, at Wilkensburg.

Mr. and Mrs. Ira Gramley attended the funeral of Mrs. Brungart, at Rebersburg, Friday.

C. A. Weaver, of Coburn, spent a few hours among friends in town, Friday.

Miss Elsie Grimes and gentleman were guests at the residence of Warren Winkblech, Sunday.

Mr. and Mrs. Ezra Burd, of Coburn, visited the latter's mother, Mrs. Swabb, Sunday.

Mr. and Mrs. James Wert, of Tusseyville, were guests of Luther Wert, a few days last week.

Merchant Mensch and family spent the Sabbath with friends at Spring Mills.

Herbert Hoosterman and wife, of Woodward, spent the Sabbath with the latter's parents, Mr. and Mrs. E. G. Mingle.

Rebersburg.

Mr. and Mrs. John Weaver and Miss Flossie Luse, all of Coburn, spent a day this week at the home of Scott Stover.

Curtis Bierly spent a few days with his parents at this place.

Wm. Bair and wife spent Saturday and Sunday with their daughter, Mrs. Moyer, at Potters Mills.

Mrs. Wm. Eckert, who had been seriously ill, is now on a fair way to recovery.

Miss Sara Brungart, of Centre Hall, was among relatives here for a few days recently.

Mr. and Mrs. Wm. Cole are at present visiting relatives at Jersey Shore.

Mrs. Willis Weber is visiting her aged mother, who is ill at her home at Millheim.

Joel Deibler is numbered among the sick.

Calvin Morris paid a short visit to his family in this place, last week. He is employed in the western part of the state.

A reception was held Saturday evening, by Mr. and Mrs. Jared Kremer, in honor of Mrs. Bright, who returned from a few months' stay at Boston.

LINGERING COLD.

Withstand Other Treatment But Quickly Cured by Chamberlain's Cough Remedy. "Last winter I caught a very severe cold which lingered for weeks," says J. U. Quinby, of Zephyr, Ontario. "My cough was very dry and harsh. The local doctor recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by: The Star Store, Centre Hall; F. A. Carson, Potters Mills; C. W. Swartz, Tusseyville.

The Black Hole of Calcutta.

A scientist, writing of the black hole at Calcutta and its atmosphere, says: "On the 20th of June, 1756, about 8 o'clock in the evening, 146 men were forced at the point of the bayonet into a dungeon eighteen feet square. They had been but a few minutes confined in this infernal prison before every one fell into a perspiration so profuse that no idea can be formed of it. This brought on a raging thirst, the most difficult respiration and an outrageous delirium. Such was the horror of their situation that every insult that could be devised against the guard without and all the opprobrious names the viceroy and his officers could be loaded with were repeated to provoke the guard to fire upon them and terminate their sufferings. Before 11 o'clock the same evening one-third of the men were dead, and before 6 next morning only twenty-three came out alive, but most of them in a high putrid fever. All these dreadful effects were occasioned by the want of atmospheric air and by their breathing a superabundant quantity of nitrogen emitted from their lungs."

Making a Newspaper.

Moving Pictures Show Every Step in Production of "The Record." There has been a general curiosity on the part of the public to know how a modern newspaper is made and to satisfy this curiosity the Philadelphia Record has recently produced a series of life-motion pictures called "The Making of a Modern Newspaper." The Philadelphia Record was selected as the model by S. Lubin, who made the series of very realistic pictures.

The series opens with a scene representing a newspaper office over a hundred years ago. This is to give artistic and historical contrast to the great mechanical advance in journalism since that time. It shows the outside of an old Philadelphia printing shop, and the inside of the office where the printing press is in operation. A journeyman is laboriously pulling impressions with a Blawie, or Washington hand press, while his apprentice is busy among the type, both being in natural and blood before the camera. Next appears Ben Franklin himself. He walks to the window, looks critically at the sheet, and again returns to his office, in a short time putting on his hat and walking out.

The next picture leaps across a century and gives a fine panoramic view of the home of "The Philadelphia Record." In a flash is seen the Record's famous Electric Baseball Score Board, with the great crowd watching the progress of an exciting game between the Athletics and the Phillies.

The next picture shows the business offices of "The Philadelphia Record," with the office force and the ordinary routine of business going on. From that point the real tour of "The Philadelphia Record" begins.

The managing editor is shown in consultation with various members of his staff, and all so true to life that the effect is as if they were transacting their business in real time and blood before the audience.

Next comes a prominent feature of the making of a modern newspaper—"Drawing of the Daily Cartoon." The spectators see the artist actually at work and are at once impressed with the deftness of his pen and the modesty of his studio. The next step is into the Mechanical Department, the visitor is treated to a close range view of "Setting Up Advertisements" by hand, succeeded by a tour through the linotype room, where "The Philadelphia Record's" batteries of linotype machines are shown in active operation. These almost human pieces of mechanism were never exhibited to better advantage.

The next natural step is a visit to "The Philadelphia Record's" press room, and the exhibition is such a fine one that even the dullest admire the magnificent series of views so faithfully portrayed on the screen. The great pressure is shown to the fullest advantage from every angle, and at every stage of the journey, from the placing of the blank rolls on the spindles to the finished newspapers that may be seen rushing out of the mouths of the presses by the tens of thousands per hour.

One of the busiest departments is the delivery, mailing and shipping room. There the papers are automatically conveyed from the press room by an endless elevator and several bustling groups of men are kept on the jump putting up bundles, wrapping parcels and getting ready for the mail bags. Individual copies for out of town subscribers. Next is shown "Making the Trains," where the wagon delivery service every morning makes good the boast that "The Philadelphia Record" is always on time.

The final picture shows "The Philadelphia Record" at the breakfast table, and makes a fitting climax to the wonderful series. A typical American family is seen at home. The father, seated beside his wife, is showing "The Record" just received.

There is no better heater made than the Red Cross Oak, straight or down draft. The price is made an object.—J. A. Reesman.

TIMBER FOR SALE.—The timber on eighty acres of land, consisting of chestnut, hemlock and other timber. A good place for a saw mill. Situated one mile west of Potters Mills. For further information call on or address J. O. STOVER, Reedsville, Pa.

DO YOU GET UP WITH A LAME BACK? Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The Home of Swamp-Root, regular fifty cent and the Home of Swamp-Root, regular dollar size are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

Two Failures. "I married for beauty alone," said a presumably happy benedict to an old chum. "And yet you remind me of a friend of mine who married for money," was the rejoinder. "How's that?" "He didn't get it," said the chum sarcastically.

Sarcasm. His Wife—You have been drinking again. Haven't you, now? Her Husband—M'dear, I cannot tell a lie—His Wife—You can't! Then you are further gone than I thought!—Illustrated Bits.

A pessimist is a man who won't take the one remaining seat in the car for fear a woman will get on at the next corner.—Dallas News.

SHOES!! We are now ready to supply your needs in Footwear for school boys and girls, and for the little ones. There will also be some left for the older ones to make you comfortable and happy. C. A. Krape Spring Mills - - - Pa.

Wanted Lard, Side Meat, Onions, Chickens, Fresh Eggs. Highest Cash prices paid for same delivered to Creamery. Howard Creamery Corp. CENTRE HALL, PA.

A Good Liniment. When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by The Star Store, Centre Hall; F. A. Carson, Potters Mills; C. W. Swartz, Tusseyville.

COURT DECIDED IN HIS FAVOR

Cooper Fought to Retain Formula Which Has Made a Fortune.

L. T. Cooper, the man who believes that 90 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day.

While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over three years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

Among statements obtained recently from users of this medicine that is arousing such universal discussion is one from Mrs. Emma Stanley, living in Chicago, at 713 Washington Boulevard, who said: "Perhaps I had the most complicated case that Mr. Cooper had to deal with. I was troubled for years with my stomach. I consulted with doctors and took many patent medicine preparations without result. My stomach was in such a wretched shape that I could not enjoy a meal that I ate."

"I was very nervous, and could hardly sleep; I had a roaring in my ears and dancing spots before my eyes. I felt very bad and weak. Then there was a very sore spot at the pit of my stomach that nearly set me wild. I heard about the Cooper medicine and decided to try it. I used four bottles, and the improvement in my case has been really wonderful. My nerves have been quieted, and I am so much improved that I feel like a new woman."

"I cannot say too much for these wonderful remedies, for they have made me well."

We sell the Cooper medicines and consider them well worth a trial by any one afflicted with chronic stomach trouble and its attendant diseases. —J. D. Murray.

PENNSYLVANIA RAILROAD Bulletin

THE NEW UNION STATION AT WASHINGTON

All the passenger trains of the Pennsylvania Railroad will enter and depart from the new Union Station at Washington on November 17, 1907, and on the same date the present station at Sixth and B Streets will be closed to traffic.

The date is singularly fitting. In 1807 both wings of the Capitol were completed, and now a century later a building even larger is opened for a great public utility, which did not exist at that time.

The railroad terminal facilities at Washington have been inadequate for years, particularly at inauguration periods and on the assembling of other large gatherings at the Capitol. Their improvement was imperative and so it has come about that, by the combined effort of the railroads and the United States Government, one of the largest and unquestionably the handsomest railroad station in the world is now provided not only for the convenience of the citizens of the United States, but as a notable architectural addition to the great public buildings of the Capitol City. It is a monumental edifice and a worthy type of the future structures, which will make Washington the municipal beauty spot of the world.

The station including the Concourse is longer than the Capitol and nearly as wide. The waiting room is larger than the hall of the House of Representatives. The concourse, which is the train lobby, is longer than the interior of the Capitol building, if it were one continuous hall, and half as wide. It is the largest building ever constructed for a like purpose.

Within this great structure there is every convenience the traveler can desire, so grouped about the central hall as to serve his purpose to the best advantage.

The lofty arched entrances face a plaza as large as an ordinary city park, which will be laid out as a plaza and adorned with shrubbery and fountains.

The trackage is sufficient for all demands upon it and as the entrance to and exit from the trains are separated, the confusion and jostling of hurrying crowds moving in opposite directions will be obviated.

The bigness of the station is impressive; its utilities obvious.

THE CENTRE HALL SUPPLY CO. WM. F. COLYER, Manager WANTED-WANTED You want the highest market prices for your poultry, apples, potatoes, onions, etc., do you not? We are paying the following prices: APPLES, per bu. 55 cts. DUCKS, per lb. 9 cts. POTATOES " 50 cts. VEAL CALVES, lb. 6 cts. ONIONS, " 60 cts. WALNUTS, per bu. 55 cts. CHICKENS, per lb. 10 cts.
