December Court Monday.

December court opens Monday. There are but few civil cases on the trial list.

LOCALS.

Tuesday was a nasty day—cold, wind and snow.

Thanksgiving supper in Grange Arcadia this (Thursday) evening.

The financial horizon is clearing according to reports from New York, Philadelphia and Washington.

There is no better heater made than the Red Cross Oak, straight or down draft. The price is made an object.—J. A. Reesman.

Mr. and Mrs. J. A. Reesman are in New Jersey, having gone there to attend the wedding of Clay Reesman, mention of which appears in another column.

Mrs. Potts, wife of Rev. A. D. Potts, of Petersburg, accompanied by her four children, was the guest of her father, Alexander McCoy, at Potters Mills. Saturday one of the children became ill, and the mother and little ones hurriedly returned home.

After an absence of eleven years during which time he has been living in Atlantic City, William B. Shirk came to Centre Hall a short time ago to visit his sister, Mrs. B. D. Brisbin, and brother, Harry C. Shirk. Mr. Shirk is engaged in the electric light works, having charge of a number of men.

Thursday of last week Mr. and Mrs. George W. Bradford went to Philadelphia to visit their son, Al. Bradford, who a short time ago had an operation performed for appendicitis, and while in the city Mr. Bradford had his eyes treated by Dr. McCluney Radcliffe, at Wills Eye and Ear Hospital. Tuesday Mr. and Mrs. Bradford returned home, and reported their son very much improved. The treatment received by Mr. Bradford for his eyes is also bringing good results.

Trying the Wrong Man.

An unusual verdict was rendered by the jury in a case tried in a California town a good many years ago. The question was as to the ownership of several head of cattle which the defendant was accused of having stolen from the plaintiff. As the case proceeded and different witnesses gave their evidence, it became apparent to all listeners that the defendant was an innocent man. When it came time for the jury to retire to consider their verdict, they did so, but returned to the courtroom in a few moments. The foreman looked the judge straight in the eye and said with a drawl and twang which betrayed his New England origin: "Judge, we find the plaintiff guilty." "The court is not trying the plaintiff, but the defendant," said his honor hastily, and the matter being explained, the foreman was at length induced to express the jury's opinion that the defendant was not guilty.

"Howsomever," added the foreman solemnly, "pears to me we're considering the wrong man, your honor!"

Holy Land a World Center.

It used to be a fancy that the Holy Land was the center of the world. In a sense not then meant it was indeed central. It occupied a strategic position. Three continents converge here—the continents known as the ancients—Asia, Africa and Europe. Contiguous to Palestine on the south lies Egypt and on the north Syria. Or, taking a wider view, on one side of it were India, Persia, Assyria and Babylonia, while on the other side of it were Egypt, Greece and Rome. A babe among giants the land of Jesus was indeed little among the geographical tribes; but, like a babe, it was monarch of the household of lands.

From its central vantage tiny Palestine saw through the march of centuries the procession of these mighty empires—Assyrian, Babylonian, Median, Persian, Greek and Roman, being itself during much of the time a center of influence and determining force that have helped form the character and history of the civilized world.—Exchange.

A Clash of Prayers.

Maggie, with her fair face and blond hair, and Nina, with dusky skin and kinky wool, had played together at mud pies and had swung on the same gate ever since they could remember, for Nina's mammy was Maggie's nurse, says the Housekeeper. They were now seven years old. Maggie loved Nina in spite of her color, yet she had a feeling that her friend deserved to be white, so she added to her prayer each night:

"Please, God, make Nina white." As the weeks went by and Nina remained unchanged Maggie felt that her petition needed re-enforcement, so she confided in Nina, begging her to pray for the greatly desired bleaching. But Nina in surprise looked at Maggie with wide open eyes and exclaimed:

"Me? No, sis-ee. Fo' de Lawd, Maggie, I don't want to be no white child, an' I jes' prays' with all my might for you to come black!"

MORE DEER AND BEAR.

Hunters in Seven Mountains Report Additional Game Killed—Paddy Mountain Best Hunting Field.

Hunters in their various camps report having killed additional game since the report appeared in these columns last week. Paddy Mountain proves to be the best hunting district yet reported. Beside the deer and bear killed, reports come saying that considerable small game has also been killed.

The success of the hunters follow: REISH KILLS BUCK.

Potters Mills has two bucks to its credit for the present deer season. Buck number two, weighing nearly two hundred pounds, with two prongs, was killed Monday by Landlord James E. Reish, of Potters Mills. He and a company of about ten hunters were out for a day's hunt, when the fleet-foot was captured on the Indian Path, on Big Flat, at the west end of Bald Mountain Kettle.

TWO DEER FOR PENN HALL HUNTERS.

Poe Valley, in the Seven Mountains, proved to be an acceptable hunting ground this season for the Penn Hall hunters, namely, Messrs. W. C. Meyer, C. E. Zeigler, H. W. Weaver, W. H. Sinkabine, Cleve Gentzel, A. F. Mark, George Shook, Jr., Clarence Stover, Arthur Grove, Albert Burrell and James Sheesley. This party came home Saturday and had killed two fine—bucks, of course.

LONE HUNTER KILLS BEAR.

Singularly fortunate was David Libby, of near Cherry Run Station in the mountains along the L. & T., who Wednesday of last week alone strolled over the mountains in search of game. He came across a bear weighing over two hundred pounds, and Bruin was his.

BEAR FOR BRADFORD PARTY.

Messrs. J. Frank Smith and Clyde Bradford returned from the Bradford hunting camp in the Allegheny Mountains, located at Wild Wood, in Green Woods, twelve miles north of Kartaus, Saturday, and report the killing of a bear by Station Agent W. Frank Bradford, of Centre Hall.

SMALL GAME KILLED.

The hunters in the Seven Mountains below Coburn and Union county report killing considerable small game. Hunters camped in those quarters are imagining that they have found the "happy hunting grounds" the Indians speak of.

HARRISBURGER KILLS BEAR.

A Harrisburg party is camped near Monroe Furnace, across the mountain from Pine Grove Mills, who name themselves the Irvin hunters. One of their number, J. L. Yoder, killed a large bear.

FIVE BEARS FOR WINGERTS.

Monday William Wert added the fifth bear to the trophies of the Wingert hunting party, who are located near Paddy Mountain tunnel. That is doing great work.

RILEY PARTY HOLD UP RECORD.

The Riley party, made up of hunters from Boalsburg and vicinity, are holding up their good record. A seven-pronged buck was killed by Oscar Stover, of Boalsburg.

TWO DEER FOR THE MODACS.

Harry Bailey, of Boalsburg, and Frank Bailey, of Milton, were the lucky ones of the Modoc hunters to kill deer. The camp is at Ross', on Stone creek.

5-PRONGED BUCK FOR UNION CO.

A party of Union county hunters camped below Woodward killed a large five pronged buck Friday.

Reesman—Gibbs.

The marriage of Clay W. Reesman, of Centre Hall, and Miss Alice Wyne Gibbs, daughter of Robert E. Gibbs, of Thorofare, near Woodbury, New Jersey, took place Tuesday afternoon. The Press makes this mention of the affair: Miss May Gibbs, a twin sister of the bride, was bridesmaid, and Leslie Gibbs, a cousin of the bride, was best man. Miss Pauline Leyman, of Philadelphia, sang the bridal chorus, and Miss Mamie Harrigan, of Philadelphia, presided at the piano.

The bride wore white batiste and carried bride roses, and her maid was attired in blue batiste, and carried white roses.

When they return from their wedding trip, the bride and groom will reside at Wildwood.

Anderson-Miller.

The marriage of William R. Anderson, of Shickshinny, and Miss Mayme E. Miller, of Millheim, takes place at Millheim today (Thursday.) The groom is employed in the Peerless Pick and Handle works. Miss Miller for a number of years has been in the Bell telephone exchange at Millheim, and was an efficient operator. The young couple have the Reporter's best wishes for a long and happy life.

The Ladies' World for December is one of the most attractive magazines that has come to our table. It is full of entertainment, information and suggestion for the holiday season, has a lot of capital stories and some special art features that are remarkable—very remarkable when one considers the low price at which the publication is offered, namely fifty cents a year.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

YOUNG MAN HAS NEW THEORY

Human Life Seems Centered In Stomach.
All Else Is Secondary.

The immense success which has followed L. T. Cooper during the past year with his new preparation has exceeded anything of the kind ever before witnessed in most of the leading cities where the young man has introduced the medicine. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an eastern city: "The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a virulent nature, such as cancer, tuberculosis, diabetes, etc., which are organic, and are not traceable to the stomach, but even fevers can, in nine cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by the stomachic conditions, and it is because my remedy will and does regulate the stomach that I am meeting with such success."

"To sum the matter up—a sound digestive apparatus that is doing its full duty, getting every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."

Mr. A. C. Brock, chief of the Brock Restaurant, Market District, Boston, Mass., who is a staunch believer in Mr. Cooper's theory and medicine, has this to say: "I had chronic indigestion for over three years. I suffered terribly, and lost about thirty pounds. I was a physical wreck when I started this Cooper medicine, a month or so ago. Today I am as well as I ever was in my life. I am no longer nervous, my food does not distress me in the least, and I have a splendid appetite. I am gaining flesh very rapidly—in fact, at the rate of a pound a day. I would not believe any medicine on earth could have done for me what this has done. It is a remarkable preparation and Mr. Cooper deserves all his success."

We recommend the Cooper preparations as being remarkable medicines.
