THE BERRY-BRYAN DINNER.

All Shades of Democratic Sentiment Gata-

er About the Board. Saturday night's dinner to State Treasurer Berry was a notable Democratic love feast, and was held in Philadelphia. Mr. Bryan, who made it a special point to attend, is unquestionably one of the most popular men in the country and, since Mr. Roosevelt's message, the Republican's are hardly in a position to make their usual comments on his extremely progressive program. Mr. Berry is a Pennsylvania Democrat whom all honest citiizens love and honor and who has done this state a very great service by his courage and thoroughness in -topping the grafting in the Capitol contracts and in exposing what had been done in that direction and forcing the trial now in progress in Harrisburg.

All shades of Democratic sentiment were represented at the dinner; and while it was a social and not a political affair, it cannot but have a good influence in harmonizing differences within the party and promoting that unity with which the party can win this year's contest, and for the lack of which it lost the last three elections. There are plenty of Democrats in the country, and there are more in this State than have been going to the polls lately. A disposition to seek the good of the whole party, and through it the good of the entire country, will bring all Democrats together and elect the next President. Mr. Bryan is heartily welcome in Pennsylvania. He is a man of first-class ability, a persuasive orator and he aims at those things which he believes will promote the welfare of all the people.

#### Begin Right,

Because the management of strictly home and local affairs is of the most immediate and pressing interest, and because these affairs are in the complete and unshared control of the majority of the persons directly interested, the municipal and township elections held in February are specially important. To neglect them is to lay the ground-work for misadministration in State and nation. As the family is misgoverned so is the community, and as the communities fail in the quality of self-rule so does the

Gleaming Eyes In the Blackness Give a Flavor of the Wilds.

The average grownup who visits the show, for the fact that the animals are in Dewart. captive robs them of all the romance that would attach to them in their native forests.

But let the blase sightseer obtain permission to visit the zoo at midnight, and his impressions will be very different. Darkness hides the bars and the boards, and the eyes of some wakeful creature gleam maliciously at you. For the moment you imagine that you are in the wilds, on equal terms with the creatures around.

Poised on the swings and platforms at the top of their cages sleep the monkeys, instinct surviving their loss of freedom, for in the forests they had to sleep thus to avoid the beasts

Here rests a lioness, prone upon her back, her legs rigid in the air and her paws hanging limply down. There reclines her lord, asleep upon his side, his paws turned in and his general pose not unlike that of a dog.

The school board did not meet the teachers of the township Saturday to report for their fifth mouth of school. The secretary was absent attending a funeral, hence the meeting was post-
