**NEW THEORY SUCCESSFUL  
IN INDIANAPOLIS**

**L. T. Cooper Makes Many Converts During Stay in That City.**

The new theory backed up by his preparation) advanced by L. T. Cooper with regard to the cause of most ill health of the present generation is being sown broadcast by this young man.  
Cooper believes that the human stomach has become degenerate in civilized races and claims that good health is impossible unless the stomach is re-vitalized. This he claims to do with his preparation.  
An article from the Indianapolis Star during Cooper's stay in that city has this to say of Cooper and his preparation: "Residents of this city are being astounded by L. T. Cooper and his new preparation."  
"Reports that preceded Mr. Cooper's visit here told of his success in other localities, but the immense success of his medicine and the general belief in his theory was wholly unprecedented."  
"So great is the rush of the public to this young man that people stand in line waiting their turn for hours in an effort to see him. The most interesting feature of this is statements made by reliable citizens as to the actual accomplishments of Cooper's medicine. Among recent statements of this character the following is a fair example:  
"Mr. B. F. Campbell, of 3224 West Washington Street, had this to say of his experience with Cooper: 'I have been a victim of stomach trouble for the past five years—sick and suffering pain all the time. Everything I ate distressed me. I have been under the treatment of many physicians, and have taken all kinds of medicine, none of which afforded me relief. I was greatly discouraged, and was about ready to give up, when Mr. Cooper came to this city to introduce his preparations.  
"I was skeptical, of course, after spending so much money and taking such a large quantity of medicine, but, like the drowning man, I was ready to grab at a straw, so I secured some of Mr. Cooper's New Discovery medicine and began taking it. It seemed to help right from the first dose. I have been taking it for several weeks, and can now eat heartily and enjoy my meals for the first time in five
