If Jumbled, Whose Fault?
If the County Auditor's statement is jumbled, incomplete, and unsatisfactory, whose fault is it?
The County Commissioners?
NO!
The County Auditors?
YES!
The County statement, as it is usually called, looks like a crazy quilt; there is no information in it that the ordinary tax payer can gather from it. It is a jumbled mass of figures, and that is all.
The statement was compiled by a Republican board of county auditors. So there you have it, and further that board assumed the authority to say in which of the newspapers and in how many of them it was to be published. There you have it.

ENTIRE CITY INTERESTED IN YOUNG MAN

Cooper's New Theory Attracts Widespread Attention During Stay in Cincinnati.

An adequate idea of the intense interest which has been aroused by young Mr. Cooper during the past year with his theories and medicines is given in the following article which appeared in the Cincinnati Post while Cooper was introducing his ideas to the people of that city. The article says: "The beginning of Mr. Cooper's second week in Cincinnati gives every indication that he is to enjoy the same astonishing success here as in other cities."
"From the first day of his visit the crowds that call to see him have steadily increased, until now it has reached a point where several thousand talk with him each day. The entire city seems to have become interested in his theory that the human stomach is degenerate, and he already has an army of followers in Cincinnati who seem positive that his claims are correct."
"A number of Cincinnatians were interviewed at Cooper's headquarters on Friday, and several interesting statements, showing their intense faith in Cooper's preparations, were secured. The following are selected from these statements and are characteristic of them all: Mrs. M. E. Emerson of 630 West Court street, said: 'I have suffered with stomach trouble and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentation, bad taste in my mouth. In the morning I was as tired as when I went to bed. I had a dull pain in the lower part of my back. I have taken almost one bottle of the New Discovery and am so wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine.'
"Another individual interviewed was Mr. J. H. Brooks, living at 527 Walnut street, who had the following to say: 'For the past eighteen months I have been a constant sufferer from catarrh of the head and stomach. My nasal passages would become inflamed and sore. I would have severe headaches, which affected my eyes, and great crusts of matter would drop into the throat, causing an irritation of the bronchial passages, until the stomach finally became poisoned. When I would lay down at night a phlegm would gather in my throat until it almost choked me, and would cause an annoying cough. Half a bottle of Cooper's New Discovery gave me relief, and when the first bottle was finished I felt like a new man. I am now completely cured and consider Cooper's New Discovery the greatest catarrh, blood and stomach remedy in the world.'
The Cooper preparations have been wonderfully successful throughout the United States. We consider them remarkable medicines and would be pleased to explain the nature of them."
