PENNSYLVANIA RAILROAD

Bulletin

THE FORTY BEACHES OF NEW JERSEY.

The one hundred and twenty-five odd miles along the New Jersey coast line from Long Branch to Cape May presents the greatest pleasing section in the United States.

Upon the bluffs of the northern end and the gently shelving sands of the southern end are located forty resorts which entertain during the spring and summer seasons millions of pleasure seekers.

At no time in the year is this section more delightful than during the spring and early summer months. One who has not seen them at this season would marvel at their delights. The great pine belt, which extends through the centre of New Jersey, fills the air with life-giving ozone, which combined with the salty tang of the sea and the open air exercise possible at all times, is exhilarating and tonic to the highest degree.

Long Branch, with its beautiful cottage-neighbors, West End, Hollywood, and Elberon; Deal and Allenhurst, largely devoted to cottage life; Asbury Park and Ocean Grove, attracting thousands yearly; Avon, Belmar, Como, Spring Lake, and Sea Girt, are a galaxy of attractive places upon the bluffs where "the country meets the sea."

Then the Barnegat Bay section, where Point Pleasant, Sea Side Park, Island Heights, Barnegat City, and Beach Haven, with other smaller places nearby, welcome the summer sojourner.

Atlantic City with its seven miles of beach and drives, and its charming suburbs, leads the island resorts, separated from the main land by the great salt marshes.

Ocean City, Sea Isle City, Avalon, and Stone Harbor; Anglesea, Wildwood, Holly Beach, and Wildwood Crest also have a large summer population.

And Cape May, with its new million dollar hotel and its wonderful improvements makes a fitting climax and holds a high place among the forty beaches.

The Pennsylvania Railroad is the direct route to all these resorts from all sections of the country. Its splendid train service makes each of them neighbor to all the rest and to the world at large.
