DEAR SIR:

There are no secrets in this Campaign. Strictly practicing what he preaches, Mr. Bryan would not win victory with tainted money paying the election expenses. Not a dollar is to be accepted which requires any promise, either express or implied, other than for honest, impartial government. Mr. Bryan will enter the White House absolutely free from entangling alliances, free to serve all classes of honest citizens alike, or he will not enter it at all.

Hence the course is plain. The campaign of Bryan and Kern must be conducted by the people. The people must pay the necessary campaign expenses if they want public servants who will serve their interests. Special interests and favored classes, having secured " swollen fortunes " by purchasing favors in the past with millions contributed to control elections, stand ready to give millions more for continued favors. But that class never gives a dollar unless it buys a pledge.

Mr. Bryan says, from March 4th, 1909, " Let the People Rule." This can come only if the people pay their own bills, and control their own elections, Beware of the Trusts bearing gifts." That policy of the favored few buying a mortgage on the Government meant that the candidate for President knew a few people only in an entire State. Bryan says, "We will take the cause of People's Rule home to the people of every county."

You can serve the grand cause of popular government through the columns of your paper. It reaches the fireside of the patriot who loves his country for his country's good; as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country's goods.

Please carry this letter in bold type at the masthead of your paper, asking every one who favors Government by the people to pay you, at once, as many dollars as he can spare to aid the campaign for Bryan, Kern and People's Rule. You forward these gifts of honest hearts and homes every week to the Treasurer of the Democratic National Committee, with the name of each contributor and amounts given. The Treasurer will forward you a certificate like the copy enclosed for each one, asking you to deliver these certificates.

Once more, you should be a part of the great organization bearing the Lamp of Light to every nook and corner of Free America. Our Country is for the People; its Government must be by the People.

Sincerely, NORMAN E. MACK, Chairman Democratic National Committee. M. C. WETMORE, Chairman National Finance Committee. C. N. HASKELL, Treasurer Democratic National Committee.
