Americanizing Canada. More than half of the 5,000 immigrants who entered Canada in December were from the United States. In the year 1908 nearly 150,000 came in, and 57,000 of them were from "the States," as our neighbors over the border put it. This sort of thing is giving the Canadian Northwest, a vast region of much vitality and promise and swift growth, a decided American tinge. American books and magazines, American fashions, American slang and American ideas, too, are much in evidence. American money is one of the greatest sources of prosperity. American enterprise is leading the most active and growing section of the Dominion along the road to very American wealth and industrial power.

Old-fashioned Canadians, intensely loyal to their own country and to Great Britain, do not like this Americanizing of the Dominion's wide expanse of wheat lands in the Northwest, but they are unable to stem the tide. If Canada is inviting enough to enterprising men and important investments, the Americanizing will go on. And what Canadian wants his country to fall or slacken its pace in any phase of growth which attracts the homeseekers from the United States?—Cleveland Leader.

In Ancient Days. It was at the great battle of Actium. "Undone!" gasped Cleopatra, from her position at the bow of the ship. "Undone!" "Great Caesar!" signaled the startled Antony. "Has an enemy betrayed us?" "Worse than that, Mark. There are two buttons off my waist in the back. I have just seen them in my hand mirror and I could never think of going through the battle in such a condition. Ho, slaves, back to Egypt!" This is the real reason why the ship of Cleopatra was seen to withdraw from action and retreat under full sail.—Philadelphia Telegraph.

GOOD CHANGE
Coffee to Postum.

The large army of persons who have found relief from many chronic ailments by changing from coffee to Postum as a daily beverage, is growing each day.

It is only a simple question of trying it for oneself in order to know the joy of returning health as realized by an ill young lady. She writes: "I had been a coffee drinker nearly all my life and it affected my stomach—caused insomnia, and I was seldom without a headache. I had heard about Postum and how beneficial it was, so concluded to quit coffee and try it."

"I was delighted with the change. I can now sleep well and seldom ever have headache. My stomach has gotten strong, and I can eat without suffering afterwards. I think my whole system greatly benefited by Postum."

"My brother also suffered from stomach trouble while he drank coffee, but now, since using Postum he feels so much better he would not go back to coffee for anything."

Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in pkgs. "There's a Reason."

CONFESSION CLEARS MYSTERY.

Keeps Secret For 24 Years Identity Of Man Who Killed The Kester Brothers.

Hazleton.—Conscience-stricken since she became blind, a short time ago, Annie Ramalla, wife of Addison R. Ramalla, made a confession as to why her husband was killed on March 8, 1907, which may clear up the mysterious murders of John and William Kester, near Hazleton, in 1885. Mrs. Ramalla is an inmate of the Laurytown Hospital, being ill of paralysis, which recently caused her to go blind. She summoned a Wilkes-Barre attorney, to whom she made the confession. She said her husband had been murdered because he knew the murderers of the Kester brothers, and it was feared that some day he might expose them. She also said the men who murdered the Kester brothers killed her husband.

Ramalla, like his wife, was for years an associate of the sporting fraternity, and in this way came into many secrets that others would not be trusted with.

Mrs. Ramalla knows as much as did her husband, but being seriously ill at Laurytown, those connected with the crimes evidently had no fear of her telling, hoping, perhaps, for her death.

The names of the men accused by her are withheld, but Mrs. Ramalla is known to have said: "It was committed by a black hearted rascal who was a resident of the valley. He knows it, and he knows I know it. There is also a woman in Hazleton who knows all about the murder. Bring her before me and I will make her acknowledge it."

District Attorney Salsburg and his force of detectives are now engaged in following out the story, and assert that in a few days important arrests will be made.

WILL EXHUME BODY.

Relatives Of Mrs. Esther Brandt Demand That Authorities Probe Murder Theory.

Pottsville.—The body of the late Mrs. Esther Brandt, who was found dead in a pool of blood at her lonely home at Llewellyn, December 12, and buried after the coroner's jury had found a verdict of suicide, is to be exhumed at the demand of the woman's relatives, who claim to have evidence of murder. An autopsy will be held at Minersville.

Officers and neighbors are now convinced that the aged woman did not commit suicide. The more the matter was looked into the stronger became the murder theory, and it is expected that following the autopsy two suspects will be placed under arrest, and compelled to explain certain suspicious circumstances in connection with their whereabouts on the night of the crime and some of their actions since.

The two knife wounds from which the woman died were of a character such as would have been almost impossible to inflict, even by a strong man, upon himself. Mrs. Brandt was elderly and almost an invalid. The weapon with which the cutting was done was a dull carving knife, and there were two distinctive wounds, either of which would have been fatal, and neither one of which it is thought could have been self-inflicted.

SCHOOLS MAY BE AN ISSUE.

If Code Is Not Passed Now Question Will Enter Politics.

Speaker Cox said that should the legislature fail to pass the State school code bill, it would become a political issue in the next two years. Continuing, the speaker said: "Rather than see the school code bill fall in this legislature, I hope it will be adopted without a single change. In my judgment, if the bill is not passed now, it will result in injecting the schools into politics and the issue will become a political one in the election of the next legislature. It will become an issue just as is local option. The legislature should pass the bill as it is rather than risk its defeat as the result of amendments."

A second public hearing on the bill will be held on February 23.

PURE DRINK BILL OFFERED.

Foust Says Pennsylvania Is Dumping Ground For Bad Whisky.

That "Pennsylvania is a dumping ground for all the bad whisky in the United States" was the statement made by State Dairy and Food Commissioner Foust in announcing his intention to have introduced in the legislature a bill prohibiting the adulteration of liquors, wines and beer. The bill prohibits the use of salicylic acid and chemicals, and requires that all blended liquors shall be so labeled.

Whirled To Death Around Shaft.

Chester.—His foot becoming fastened in the belting of machinery at the plant of the Arasapha Manufacturing Company, James Lanahan, aged 50 years, a dyer, was whirled to his death about the shafting. Every stitch of his clothing was torn off and his body was badly mangled.

Plays With Gun, Shoots Brother.

Somerset.—Playing with a rifle, Henry, the five-year-old son of Mr. and Mrs. Lawrence E. Siple, accidentally shot and instantly killed his four-year-old brother, Richard. Seated in a rocking chair holding the weapon with the muzzle resting on another chair, the lad was playing with the trigger when the cartridge exploded. His younger brother happened to walk past the gun just as it was discharged.

ESCAPED MURDERER UNDER ARREST.

Slayer Of Mauch Chunk Boarding Mistress Caught In Butte, Montana.

Mauch Chunk.—Martin Leskowski, who was arrested in Butte, Mont., charged with assaulting his wife, effected his escape from the Carbon County Jail March 29, 1904, while waiting sentence for the murder of his boarding mistress, Mrs. Andrew Yonaciez, of Lansford. He was convicted and sentence was deferred, pending argument on a motion for a new trial.

He is a giant in stature, being six feet tall and weighing 185 pounds. On the day he made his escape, Sheriff J. H. Rothmel's daughter, in the absence of the sheriff, went to Leskowski's cell in response to a call from the prisoner. He wrested the keys of the prison from her and secured his liberty before an alarm could be given.

A thorough search was made for him by a posse, but he evaded his pursuers.

It is said on authority that Leskowski's arrest was brought about as a result of his wife communicating to her friends at Lansford, stating he was beating and abusing her. Her friends in turn notified the authorities in Butte of the whereabouts of the fugitive.

Former Sheriff Rothmel has left for Butte to identify the prisoner. If he be the man wanted, extradition papers will be secured at once and the prisoner brought back to the Carbon County Jail. A reward of \$500 was offered for his capture.

INSANE FROM SON'S CRIME.

Father Of Self-Confessed Murderer Is Taken To Hospital.

Lancaster.—As a direct result of the arrest of the murderers of Alfred Hallman, in Pequa Township, ten days ago, Abraham Aston, father of Benjamin Aston, one of the confessed murderers, has become insane, and was admitted to the county hospital for treatment. The father brooded continually over his son's predicament and eventually became melancholy. In the end his mind gave way completely.

Relatives of the murderers have visited them at the county prison daily. Fornwalt, who was the first to confess, does not realize the seriousness of his position. He is under only a minor charge, as he did not participate in the shooting. Walter Aston has broken down completely.

BURIED IN GRAVE HE WAS DIGGING.

Chester Sexton's Cries For Help, However, Bring Rescue From Horrible Death.

Chester.—Shrieks and cries for help coming from the Upland Baptist Cemetery started the sexton, Samuel T. Pretty, who was at work in the church, adjoining the burial grounds, and following the direction of the sounds Pretty found his assistant, Theodore Mullin, buried up to his neck in a newly-made grave. Pretty secured the assistance of a couple of men and the three dug Mullin out of the soft earth. He was not seriously hurt, but the experience worked upon his nerves to such an extent that he was compelled to go to his bed.

Mullin was digging a grave, when the one beside it caved in upon him, catching him under the load of clay before he could reach the ground above.

MYSTERY IN LETTER.

Pittsburg Officials Puzzled By Mysterious Note From Philadelphia.

Pittsburg.—The executive and legislative departments of the municipal government are "stumped" because of a letter received at City Hall. An eight page missive, closely written on both sides, in an extremely fine hand, addressed to "Mayor and Council of Pittsburg," and signed by Henry C. Burrows, Waverly Street, Philadelphia, came in the mail and was turned over to Mayor Guthrie. Mr. Guthrie puzzled through it, and then passing it to Secretary Walter Black, requested that he be informed as to its contents. Mr. Black spent an hour without success, and so reported to the Mayor. The writing is English, but it is so small and so closely run together as to be unintelligible.

The Pennsylvania Railroad Company has issued orders to all its agents to carry free and on made-up trains, all firemen and apparatus going to help adjoining cities fight fires. Rev. Ralph W. Hingsworth was installed as pastor of the Presbyterian Church, at Marietta, in the presence of a large congregation. Rev. G. Wells Ely, of Columbia, was the moderator. The charge to the pastor was delivered by Rev. Dr. R. R. Workman, of Leaman Place, and to the congregation by Rev. Dr. E. T. Jeffers, President of York Collegiate Institute. Rev. Dr. John E. Tuttle, of York, also participated.

BACKACHE IS KIDNEYACHE.

Usually There Are Other Symptoms to Prove It.

Pain in the back is pain in the kidneys, in most cases, and it points to the need of a special remedy to relieve and cure the congestion or inflammation of the kidneys that is interfering with their work and causing that pain that makes you say: "Oh, my back!"

Henry Gullatt, of Greensboro, Ga., says: "Two years ago kidney disease fastened itself on me. I had awful dizzy spells, headache and urinary irregularities. My back was weak and tender. I began using Doan's Kidney Pills and found quick relief. I was soon restored to complete good health."

Beware Egg Bloom.

"I know these eggs at least are fresh," said the young housewife. "As I took them from the basket a white bloom, like the down of a peach, came off in my hands."

Her husband, a food expert, gave a sneering laugh.

"In that case," he said, "I'll forego my usual morning omelette. That bloom, my dear, proves your eggs to be a year or so old—may be four or five years old."

"The bloom, as you so poetically call it, is lime dust. It shows that the eggs are pickled. Lime dust, which rubs off like flour, is the surest test we have for pickled eggs—a not unwholesome article, but not to be compared with the new-laid sort."—New Orleans Times-Democrat.

HAMLIN'S WIZARD OIL GREAT FOR PAIN

As It Really Was. Alexander the Great wept. "Why these tears, your majesty?" asked the sycophants. "Isn't it glory enough to have conquered one world?"

"I'm not weeping because there are no more worlds to conquer," blubbered Alexander. "It's because I have a presentiment that some day Sig. Ferrero will find out I'm nothing but a shiner!"

The sycophants, suppressing the real facts in the case, gave out the false version of the incident that has come down through the ages.—Chicago Tribune.

IN AGONY WITH ECZEMA.

Whole Body a Mass of Raw, Bleeding, Torturing Humor—Hoped Death Would End Fearful Suffering—In Despair: Cured by Cuticura.

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony I endured seemed more than I could bear. Blood and pus oozed from the great sore on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor did all he could, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my frightful sufferings."

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I wish I could tell everybody who has eczema to use Cuticura. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."
