Escaped Terrors of Many Winters by Using Pe-ru-va.

Isaac Brock, 120 Years of Age.
Mr. Isaac Brock, of McLennan county, Tex., is an ardent friend to Peruna and speaks of it in the following terms:
"Dr. Hartman's remedy, Peruna, I have found to be the best, if not the only reliable remedy for COUGHS, COLDS, CATARRH and diarrhea."
"Peruna has been my stand-by for many years, and I attribute my good health and my extreme age to this remedy. It exactly meets all my requirements."
"I have come to rely upon it almost entirely for the many little things for which I need medicine. I believe it to be especially valuable to old people."

One Of Messina's Tragedies.
One of the saddest incidents of the Sicilian earthquake catastrophe happened the day following the great quake. A party of Russian sailors found in the center of the town the rear wall of a four-story house still standing precariously. A foot or two of the third and fourth floors remained, and upon these narrow edges were clinging two women and three children, crying for help. There were no ladders and rescue seemed impossible. The brave bluejackets did a heroic thing. One stood on another's shoulders against the outside of the wall, a third carrying a pick climbed over them, and, using his implement as an ice pick, drove it into the mortar high above his head. By this means he pulled himself up to a window sill, released his pick, used it again in the same way to gain a nearer window above, and finally reached the terror-stricken refugees high in the air. He lowered them with a rope to his comrades below and then slid down himself. The little party assembled in the narrow courtyard prepared to depart, and one of the sailors was wrapping his jacket around one of the almost naked children. At that moment the tottering wall fell upon them and killed every one, the brave sailors as well.

NEW IDEA
Helped Wis. Couple.
It doesn't pay to stick too closely to old notions of things. New ideas often lead to better health, success and happiness.

A Wis. couple examined an idea new to them and stepped up several rounds on the health ladder. The husband writes:
"Several years ago we suffered from coffee drinking, were sleepless, nervous, sallow, weak, and irritable. My wife and I both loved coffee and thought it was a bracer." (delusion).
"Finally, after years of suffering, we read of Postum and the harmfulness of coffee, and believing that to grow we should give some attention to new ideas, we decided to test Postum."
"When we made it right we liked it and were relieved of ills caused by coffee. Our friends noticed the change—fresher skin, sturdier nerves, better temper, etc."
"These changes were not sudden, but relief increased as we continued to drink and enjoy Postum, and we lost the desire for coffee."
"Many of our friends did not like Postum at first, because they did not make it right. But when they boiled Postum according to directions on pkg., until it was dark and rich they liked it better than coffee and were benefited by the change." "There's a Reason."
Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pkgs.

MUST QUIT HUSBAND.

Schwenksville Banker In Will Demands That Daughter Margaret Leave Robert Anderson.

Norristown.—In the will of John G. Prizer, a banker, of Schwenksville, is revealed a romance in which his daughter, Margaret, figured to the resentment of the parent, who stipulates that unless she quits the man she married, Robert Anderson, of Norristown, she cannot share in an \$80,000 estate.

The will of Banker Prizer, who was for many years a trustee of the Norristown Hospital for the Insane, was probated. He devised one-third of his estate to his wife, Emma S. Prizer, and the remainder to his four children, Clara J. Rahn, Adele D. Prizer, Roscoe J. Prizer and Margaret J. Prizer.

Margaret's share is given "on condition that she severs her relationship with Robert Anderson." If she does not cut away from Anderson the amount due her for that year is to go to her mother absolutely. Margaret is given seven years in which to come to terms. If she fails in that time her share reverts to her mother and brother and sisters.

Miss Prizer's whereabouts are unknown. She did not attend the funeral of her father. Anderson was a telephone lineman, and became acquainted with Miss Prizer while she was employed as an operator in the telephone exchange at Schwenksville. After Miss Prizer and Anderson were married it was alleged that Anderson already had a wife. Then it was that Miss Prizer left this vicinity.

PENNSYLVANIA PARK.

State Veterans Of Gettysburg Fight Will Be Honored.

Gettysburg.—The Executive Committee of Pennsylvania State Monument Commission met here and decided upon the site for the memorial to the soldiers from this State who fought in the Battle of Gettysburg. The land to the southeast of the intersection of Hancock and Pleasanton Avenues was selected and will be converted into what is to be known as "Pennsylvania Park." The monument is expected to be ready for dedication July 3, 1910.

The National Park Commission has sanctioned the selection of the site which is one of the most prominent on the entire field, having a commanding position and situated between the Vermont and Minnesota monuments.

The Secretary of War is expected to ratify the action of the Park Commission in the near future. The members of the Executive Committee which met here are General St. Clair A. Mulholland, General S. H. DeKoper and Captain George P. Morgan, all of Philadelphia, and Judge Wallis F. McKenna, of Pittsburg.

Slayer Of Affinity Keeps Nerve On Scaffold.

Reading.—Frank Palmer, who murdered his sweetheart, Gertrude Clinton, by cutting her throat, on September 12, 1907, paid the penalty of his crime when he was hanged in the Berks Jail yard by Sheriff Bradley.

Sunbury.—Since 1883 William Meisberger has paid \$1,260 to Miss Rebecca Metz, according to his own admission in court, during the progress of a \$10,000 breach of promise suit instituted against him by Miss Metz, both of Johnson City.

Meisberger, who is said to be worth \$8,000 to \$10,000, testified on the stand he met Miss Metz twenty-one years ago. He took her carriage riding shortly afterward and they became such good friends that he frequently gave her money until last July. Some years ago a child was born and Miss Metz said he was his father. After Meisberger told Miss Metz he was going to marry another girl the former determined to institute suit against him.

Woman Gets Verdict At York.

York.—Emanuel Darone, of Dover, will have to pay \$500 to Mrs. Alice Rentzel for having brought a malicious and unfounded prosecution for larceny against her. It appears that Darone was not given the proper legal advice when his cattle had strayed into Mrs. Rentzel's barnyard and she refused to give them up until Darone would pay for the damages which they had done. The owner of the cattle had her arrested for larceny.

"Oh, that is all right. Cousin Bob told me to play him both ways," replied his niece.—Harper's Weekly.

One who suffers with backache or any form of kidney trouble wants a cure, not merely temporary benefit. Rev. Maxwell S. Rowland, of Toms River, N. J., makes a statement in this connection that is worth attention.

Says he: "I was suddenly taken with an attack of kidney trouble, had severe pains in my back and loins and was generally run down. Doctors were not helping me, so I began using Doan's Kidney Pills. They brought me prompt relief, and as I continued taking them the pains in my back disappeared and the kidneys were restored to normal condition."

Doact For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.
