### PREVENTING PAINT TROUBLES.

It's easy enough to recognize the symptoms of poor paint, after it has been on awhile-after its inherent tendency to crack and peel and scale and blister, etc., has developed into trouble. You know these paint "diseases" usually indicate adulteration or substitution in the paint materials. And you know the only remedy is re- vised."-Youth's Companion. painting.

A little knowledge of paint and painting requirements, and how to make sure of the purity and quality of materials, would prevent all trouble, and save the big extra expense of re-painting; just as a proper knowledge of simple health-laws, and observance of them, prevents sickness.

A complete painting guide, including a book of color schemes, specifications for all kinds of painting work. and an instrument for detecting adulteration in paint materials, with directions for using it, can be had free by writing National Lead Co., 1902 Trinity Bldg., New York, and asking for Houseowner's Painting Outfit No. 49.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product, has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed, because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of-Syrup of Figs-and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of-Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs-and to get its beneficial effects always note, when purchasing, the full name of the Company - California Fig Syrup Co.plainly printed on the front of every package, whether you simply call for - Syrup of Figs-or by the full name-Syrup of Figs and Elixir of Senna-as-Syrup of Figs and Elixir of Senna - is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name - Syrup of Figs - which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States, in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee o. the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Youth And Age.

Youth is fresh and joyous. Its sky is radiant with the flush of hope and anticipation; but compared with mature age it is ill equipped for doing the big things of life. Oslerism, as commonly understood, is contrary to the facts of modern experience. It promotes the raw recruits, the untested, the unfurnished, to the seats of the mighty, and would crowd the seasoned veterans, at their highest point of efficiency, to the wall. Social scientists, theorizing at their library desks, figure out schemes for pensioning off the world's best workers on the mistaken assumption that they are no longer effective. Meanwhile, resolute, virile, sagacious men of threescore or more, contemptuously ignoring the assumption that they are fit only for pensions and chimney corner senility, push to the front and chiefly take command of the big affairs of

business, society and the state. When forced by ill health and infirmity to lay down the heavy burdens of life a man should do it as gracefully and cheerfully as possible; but he should not relinquish his place in the procession merely because he was born in the middle of the nineteentieth century. Let the twentieth-century people wait for their turn. They have yet to show that they can do things half as well as those who preceded them.

New Zealand's population December 31, 1908, was 1,012,000 consisting of 960,000 Europeans, 40,000 Maoris and 12,000 Cook Islanders. The excess of immigration over departures in 1908 was 14,000 -- a recordwhile the natural increase was 17.-000, a total gain of 31,000.

> LESS MEAT Advice of Family Physician.

Formerly people thought meat necessary for strength and muscular vigor.

The man who worked hard was supposed to require meat two or three times a day. Science has found out differently.

It is now a common thing for the family physician to order less meat, as in the following letter from a N

"I had suffered for years with dyspepsia and nervousness. My physician advised me to eat less meat and greasy foods generally. I tried several things to take the place of my usual breakfast of chops, fried potatoes, etc., but got no relief until tried Grape-Nuts food.

"After using Grape-Nuts for the cereal part of my meals for two years, I am now a well man. Grape-Nuts benefited my health far more than the \$500.00 worth of medicine i had taken before.

"My wife and children are healthier than they had been for years, and we are a very happy family, largely due to Grape-Nuts. "We have been so much benefited

by Grape-Nuts that it would be ungrateful not to acknowledge it." Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
