For Cramps in the Stomach of Six Years' Standing.

"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated by three doctors.

"They said that I had nervous dyspepsia. I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine, being cured by Peruna, so thought I would give it a trial. I procured a bottle at once, and commenced taking it.

"I have taken nineteen bottles, and am entirely cured. I believe Peruna is all that is claimed for it."—Mrs. J. C. Jamison, 61 Marchant St., Watonsville, Cal.

Only One Fool Emperor.

An American just returned from a European tour brings this story from Berlin. Two Americans were walking in the Friedrichstrasse, when one, in the course of conversation, said, in a rather loud tone of voice, "The Emperor is a fool." The words had hardly been spoken when a man who had overheard the remark stepped up to the couple and said: "You are under arrest—you slandered the Emperor." "Not at all," said the American; "I was speaking of the Emperor of China." "That is not true," said the patriotic German; "you can't fool me—there's only one fool emperor." And the Americans had to make further explanations to the authorities.—New York Tribune

A LITTLE KNOWLEDGE

Of Painting Requirements Will Save Much Expense.

When one sees the surface of a house or other building scaling, or peeling, or spotted or blistered, or showing other symptoms of paint "disease," it is evident that a poor painter has been on the job, or that poor paint was used—or possibly that a good painter has been dominated by a property-owner who knew nothing about paint.

It is an easy matter to be informed on paint and painting. A complete painting guide, including a book of color schemes, either for exterior or interior—specifications for all kinds of painting,—and an instrument for detecting adulteration in paint material, with directions for using it, may be had free by writing National Lead Company, 1902 Trinity Bldg., New York City, and asking for House-owner's Painting Outfit No. 49.

Then, every houseowner should make it a point to get only well-known reliable brands in buying his materials. Pure white lead is especially important, or the paint will not prove satisfactory. The famous "Dutch Boy Painter" trademark of National Lead Company, the largest makers of pure white lead, is an absolute guarantee of the purity and quality of the white lead sold under it. That trademark is a safeguard against paint trouble.

Paying Job.
"Do you find poultry-keeping pays?"

"Well, no; I can't say that it pays me, but I think it pays my boy Jim."
"How's that?"
"Well, you see, I bought him the fowls. I have to pay for their keep and buy the eggs from him, and he eats them."—Illustrated Bits.

Hopeless.

A friend was once talking with a crazy woman, when a stigmaty man passed by.
"Do you see that man?" said she, with a cunning smile. "You could blow his soul through a hummingbird's bill, into a mosquito's eye, and the mosquito wouldn't wink."—Catholic News.

A prehistoric forest, buried under 400 feet of sand, recently was discovered by army engineers boring an artesian well at Sandy Hook, New Jersey.

EXPOSES "WHITE SLAVE" PLOT.

Warrants For Maidens Who Were To Have Accompanied An "Agent."

Du Bois.—By one of the victims becoming conscious of the plot, the police department uncovered a traffic in "white slaves" that apparently has been flourishing in this section for months.

Five young girls, all under 19 years of age, were to have been the victims in the last deal, according to the story of Lulu Bowers, 18 years old, who was arrested by Chief Logan on board a train, bound for Fort Wayne, Ind. The child was in the company of the "agent." She was approached, she said, some days ago by Myrtle Boring, a former Du Bois woman, and agreed to go with her to Fort Wayne.

According to statements made by the Bowers girl to Mayor Scofield, five other girls of her own age from this section are now in Fort Wayne, Pa.

The girl gave the names of those who were to accompany her on the trip, and warrants charging them with incorrigibility were sworn out. The Bowers girl's story also posted the police on the moral condition in this city and developments are anxiously awaited.

BLOWS OFF HIS HEAD.

Lad Grieffstricken At Cousin's Death, Ends Life.

York.—Grieving over the death of his cousin and disappointed because he had not been appointed one of the pallbearers, Palmer Ehrhart, 16 years old, blew off the top of his head with his father's shotgun. The youth seated himself in a rocking chair at his home and placing the muzzle of the gun to his head pulled the trigger with his toe. All that portion of the head above the eyes was torn away.

Young Ehrhart, whose home is at Potosi, committed suicide while his parents, Mr. and Mrs. John Ehrhart, were attending his cousin's funeral about half a mile away, he having refused to accompany them.

SHOOTS HIS FATHER-IN-LAW.

Youngville Man Also Fatally Wounds Self After Quarrel.

Youngville.—Lynn Hodges shot and fatally wounded his father-in-law, A. P. Anderson, at the joint home of the two, in this city. A few minutes later Hodges put a bullet in his own head.

An old dispute had been renewed, and Hodges stepped up behind the old man and, placing his revolver at his back, fired, the bullet penetrating the lung.

Mrs. Hodges alarmed the neighborhood with her screams. Twenty minutes later, as neighbors began to arrive at the house, Hodges stepped outside the door and shot himself.

SELLS WIFE FOR \$60.

Purchaser Deserts His Affinity One Year After They Elope.

Hazleton.—Sold by her husband for \$60, a year ago, when she and Joseph Folbrata eloped and were caught, Mrs. Ann Patruza returned from Midvale, N. J., with a story of cruel desertion.

Folbrata paid the woman's husband \$60 to withdraw prosecution when the pair ran away. Recently Folbrata disposed of the couple's furniture, and took a train at Midvale to accompany Mrs. Patruza and her child to Hazleton.

After the train started, he jumped off and disappeared.

LONELY, KILLS HIMSELF.

York Man Who Has No Relatives Drinks Carbohic Acid.

York.—Drinking two ounces of carbohic acid after a hearty supper, as though for dessert, John Feldman, 57 years old, a German shoe maker, committed suicide. After gulping down the poison he was hurried to the hospital, where he died shortly after being admitted.

Feldman had no relatives in America and it is said he committed suicide because he was all alone in the world. He came to York from Baltimore about eight years ago.

ASSAULTED AND ROBBED.

Two Masked Men Attack Aged Man At DuBois.

DuBois.—O. H. Rose, aged 67, was assaulted by two masked men in a lonely place on his way home. After robbing him of a gold watch, \$75 in money and a valuable ring, the robbers left him for dead.

Rose regained consciousness an hour later, and managed to reach the Mahler Glass Works, where he received medical attention. He gave a good description of the men, but no trace of them has been found.

CHOOSSES HORRIBLE DEATH.

Aged Man Deliberately Walks Into Swiftly Moving Express.

Franklin.—John Shaw, 65 years old, of Springville, Venango County, deliberately walked into a swiftly moving Lake Shore passenger train and was instantly killed.

When the engineer whistled the old man waved his hand in recognition, but made no attempt to get off the track. It was a case of suicide.

Eight-Inch Fall Kills Woman.

Gettysburg.—A fall of only eight inches resulted fatally for Mrs. Elizabeth J. Shively, a prominent woman of this section. Mrs. Shively, who was 82 years old, was descending the steps at her home and thought she had reached the floor. One step remained and she fell heavily, sustaining internal injuries, from which she died.

STRUCK DOWN.

Worn Out and Prostrated With a Treacherous Trouble.

Miss Emma Shirley, Kill Buck, N. Y., says: "Under my doctor's treatment for general debility and stomach trouble I failed to improve, and had to take to my bed. I was terribly nervous; headache and dizzy spells and awful spells of pain in the back racked me. The kidney secretions were much disordered. I consulted specialists, but without relief, and sank lower and lower until given up to die. Kidney trouble was the cause all the time, and when I began using Doan's Kidney Pills I began to improve right away. In good time I was cured, and gained every bit I had lost."

The Los Angeles Times says that Admiral Philip C. Cooper, chief of the Asiatic station, complained in a recent letter of the extortions of innkeepers in out of the way parts of the globe.

"In Mentevideo once," he wrote, "I asked for my bill, after having slept over night at a certain hotel, and as soon as the document was handed to me I took out my purse to settle it. I did not bother to verify the various items. What would have been the use?"

"But my readiness to pay amazed the landlord. He thought a moment, and he said, unthinkingly: 'Will you let me have another look at that bill? I think I have omitted something.'"

"Well, what is it? Didn't I tell you to keep quiet?"

"I—I didn't hear your shins bark."

And the next moment Tommy was being pursued by an angry sire with a hair brush.—Chicago Daily

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment.

How Tommy Found It.

George Ade, at a dinner at the Ritz, in London, said of luck: "Nobody is so dependent on luck as the playwright. When he prospers he considers luck a kindly goddess, but when his work fails then luck seems to him a spirit perversely cruel and mean."

"He regards luck then as Tom Jackson's wife, of Lafayette, does."

"Tom Jackson had one morning at breakfast.

"'Hang it all! While I was weeding I dropped my Imperial Order of the Roosters pin on the lawn, and I've been looking for it now over half an hour. It's gone for good I suppose.'"

"That night when Jackson sat down to dinner there was his pin beside his plate.

"'Bully for you!' said he. 'Where did you find it, Martha?'"

ECZEMA BURNED AND ITCHED.

Spread Over Hand, Arms, Legs and Face—It Was Something Terrible—Complete Cure by Cuticura.

"About fifteen or eighteen years ago eczema developed on top of my hand. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it ringworm. After trying his different remedies the disease increased and went up my arms and to my legs and finally on my face. The burning was something terrible. I went to another doctor who had the reputation of being the best in town. He told me it was eczema. His medicine checked the advance of the disease but no further. I finally concluded to try the Cuticura Remedies and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled since. C. Burkhardt, 259 W. AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."—Mrs. ERRA DONOVAN, Box 290, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?
