**OUR CANARY BIRD DICK.**  
Perhaps you would like to hear about Dick, the cute little canary bird we have. He is very light yellow, with a few black feathers. Whenever some one comes into the room he sings and sings until the person says: "How do you do?" to him. Then he stops. He is so tame that we allow him to fly all around the house. He likes the mahogany table in the parlor best.  
One day last week I was walking through the hall with a pitcher of water. Dick saw me, flew up to the pitcher, sat on the rim and then flew in and took a bath, which surprised me very much, because he will not take his bath unless it is in the frying pan.  
Dick loves to play with a spool of thread, which he untwists until he has enough in his mouth and then he will fly to his cage. If he sees any one eating something, he flies on his shoulder and with his head cocked on one side sings until he gets something to eat. The other day while my friends and I were in the dining room he flew from one shoulder to the other or flew on to the table to eat the crumbs.—Hildegard Grisch, in the New York Tribune.

The principal producing countries of lignite are Germany, Austria and Hungary, which, in 1926, produced 55,113,000 tons, 22,779,000 tons and 6,263,000 tons respectively, while the provisional figures available for Germany in 1927 show a production of 61,542,000 tons, and in Austria 25,840,000 tons.

## FOOD FACTS

What an M. D. Learned.

A prominent Georgia physician went through a food experience which he makes public:  
"It was my own experience that first led me to advocate Grape-Nuts food and I also know, from having prescribed it to convalescents and other weak patients, that the food is a wonderful restorer and restorer of nerve and brain tissue, as well as muscle. It improves the digestion and sick patients always gain just as I did in strength and weight very rapidly."  
"I was in such a low state that I had to give up my work entirely, and went to the mountains of this state, but two months there did not improve me; in fact, I was not quite as well as when I left home."  
"My food did not sustain me and it became plain that I must change. Then I began to use Grape-Nuts food and in two weeks I could walk a mile without fatigue, and in five weeks returned to my home and practice, taking up hard work again. Since that time I have felt as well and strong as I ever did in my life."  
"As a physician who seeks to help all sufferers, I consider it a duty to make these facts public."  
"Trial 10 days on Grape-Nuts, when the regular food does not seem to sustain the body, will work miracles."  
"There's a Reason."  
"Look in pkgs. for the famous little book, 'The Road to Wellville.'"  
"Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

## FATHER OF 19 DROPS DEAD.

**Indiana Man Dies Of Apoplexy During Lawsuit.**  
Indiana.—Stricken with apoplexy while seated in court, S. Mowry McHenry died at noon after being carried into the law library by Judge S. J. Telford and Prothonotary John Wells. McHenry had listened to the arguments in his coal lease suit and the only attention he attracted was shortly previous, when he informed his attorney, John Hill, that he was about to faint.  
He was the father of nineteen children. Last January he was congratulated by President Roosevelt on his family.

**Milk Dealers To Fight Fee.**  
Reading.—The retail milk dealers of the city and rural districts are preparing for a fight to a finish that will follow the first arrest for the violation of the new milk and meat inspection and license law passed by Councils some months ago. The license fee is \$10, and milkmen declare that they will not pay it. At a meeting, seventy-five dealers were present, and they decided to defend any suits, if brought, for the violation of the ordinance. Each member of the Milk Dealers' Association will be assessed for the purpose of raising funds to employ an attorney.

**Mail Carrier Dragged To Death.**  
York.—George H. Little, 36 years old, the mail carrier between Hummelstown and Granite Station, was dragged to his death. His horse became unmanageable and he was pulled over the dashboard. In some manner he became entangled in the lines and was dragged by the horse over a rough road.  
When picked up he was bleeding profusely and died a short time afterwards.

**State Fire Chiefs Meeting.**  
Reading.—May 13 is the date decided upon for a meeting of the Keystone Chiefs' Association of Pennsylvania, to be held here. The association is composed of all fire chiefs of Pennsylvania, and about forty or fifty visitors are expected. George W. Miller, chief of the local department, will entertain the visitors. James Baxter, Jr., of Philadelphia, is the president of the association.

**Duncannon Plant Not Sold.**  
Duncannon.—The receivers of the Duncannon Iron Company offered the plant at public sale at the office of the company here. There was one bid of \$58,000, which was not entertained, as by a decree of the Court a price less than \$62,000 subject to a mortgage of \$37,000, only could be considered and the sale was called off.

**Killed By Train At Glendon.**  
Easton.—Frederick White, aged 76 years, long a resident of Glendon, was killed while attempting to cross the tracks in front of a Lehigh Valley express shortly before noon. He was road supervisor of Glendon for a considerable term.

**Husband Bars Male Boarders.**  
Media.—Bion Herkins, of Media, has begun a suit for divorce from his wife, Amanda C. Herkins, alleging that she harbored male boarders against his wishes, treated him disrespectfully, refused to wait on him when he was sick, struck him, choked him and in various ways abused him.

**Would Not Wed, Must Pay \$2,500.**  
Sunbury.—Miss Bessie Hummel, the young music teacher of Crowl, Northumberland County, who sued Aaron Kessler for \$10,000 because he did not marry her, was awarded \$2,500 by a jury.

**Three Marines Arrested In Altoona.**  
Altoona.—Charles Nenoman, Emery Snidecker and Max Roman, three young members of the United States Marines, attached to the battleship Kearsarge, were arrested here for stealing a ride on the Pennsylvania Railroad. They had been around the world on the cruise, obtained a fare from Pittsburgh, spending all their money they tried to beat their way to Philadelphia. The furlough expired last night.

**SEEKS AFTER A YEAR OF DARKNESS.**

## WHAT COLORS SHALL I USE?

This Question is Important in Painting a House or Other Building.  
A proper color scheme is extremely important in painting a house. It makes all the difference between a really attractive home and one at which you wouldn't take a second glance. And it makes a big difference in the price the property will bring on the market.

As to the exterior a good deal depends upon the size and architecture of the house and upon its surroundings. For a good interior effect you must consider the size of the rooms, the light, etc.

You can avoid disappointment by studying the books of color schemes for both exterior and interior painting, which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowners' Painting Outfit No. 49. The outfit also includes specifications and a simple instrument for testing the purity of paint materials. Pure White Lead which will stand the test in this outfit will stand the weather test. National Lead Company's famous Dutch Boy Painter trademark on the keg is a guarantee of that kind of white lead.

Saxons have organized to preserve the older national architecture in city homes.

# Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."  
"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold."—Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

**CURED ITCHING HUMOR.**  
Big, Painful Swellings Broke and Did Not Heal—Suffered 3 Years—Tortures Yield to Cuticura.  
"Little black swellings were scattered over my face and neck and they would leave little black scars that would itch so I couldn't keep from scratching them. Larger swellings would appear and my clothes would stick to the sores. I went to a doctor, but the trouble only got worse. By this time it was all over my arms and the upper part of my body in swellings as large as a dollar. It was so painful that I could not bear to lie on my back. The second doctor stopped the swellings, but when they broke the places would not heal. I bought a set of the Cuticura Remedies and in less than a week some of the places were nearly well. I continued until I had used three sets, and now I am sound and well. The disease lasted three years. O. L. Wilson, Puryear, Tenn., Feb. 8, 1926."
