

Kidney Ailment

I want every person who suffers with any form of kidney ailment, no matter how many remedies they have tried, no matter how many doctors they have consulted, no matter how serious the case, to give Munyon's Kidney Remedy a trial. You will be surprised to see how quickly it relieves all pains in the back, loins and groins caused by the kidneys. It reduces the swelling in the feet and legs, also puffiness under the eyes, after taking a few doses of this remedy. You will be delighted to see the color returning to your cheeks and feel the thrill of vigor and good cheer. If your urine is thick or milky, if it is pale and foamy, if it contains sediment or brickdust, if it is highly colored or has an offensive smell, if you urinate frequently, you should persist in taking this remedy until all symptoms disappear. We believe this remedy has cured more serious kidney ailments than all the kidney medicines that have been compounded. Professor Munyon believes that the terrible death rate from Bright's Disease and Diabetes is unnecessary and will be greatly reduced by this remedy.

Go at once to your druggist and purchase a bottle of Munyon's Kidney Remedy. If it fails to give satisfaction I will refund your money.—Munyon.

Six Of A Kind.

Former Congressman J. A. Beidler was talking in Cleveland to W. S. Hayden, the broker, about Prentiss Loomis, his mine superintendent. "He is a peculiar chap," said Mr. Beidler, "but that is due, I presume, to the fact that his father was a minister. My father was a minister, and I know I am peculiar, too."

"For that matter," added Mr. Hayden, "so as far as you like, for my father, too, was a minister."

When he went away the first man Mr. Beidler saw was H. E. Prindle, of the Star Union Line, and to him he related the curious coincidence.

"Huh!" said Prindle, "you ain't so much, after all. My father was a minister, if you want to know."

Along came Dr. G. R. Ehret as the two were discussing the matter. They interrupted their speech long enough to let him in on the story.

"Particular, ain't it?" commented the Doctor. "The fact is, my father was a minister as well."

After luncheon Mr. Beidler, in the seclusion of his private office, related the incident to Jay Gaines, one of his salesmen, whom he asked if he could duplicate any similar experience.

"No," said Mr. Gaines, "except for the fact that my father was a minister."

To escape further complications, Mr. Beidler took the afternoon limited for Willoughby.—Cleveland Leader.

Better Stayed At Home.

The most readable of books could be compiled from the correspondence of the most obscure department of the government. The Pension Office probably deals with more individuals than any other in the government service, and it often turns up some pretty good things.

The latest is a letter from an old soldier, who, for some technical reason, has been unable to obtain a pension. In his last letter to the bureau he inclosed a cartoon representing a very small boy staring with awe and admiration at a grizzled sailor, glorious in the fanciful togs of the sea.

"Did you ever catch any whales?" asks the boy of the old sailor. "No."

"Ever wrecked on a desert island?" "No."

"Did the cannibals ever eat you?" "No."

"Then you might as well stayed at home," comments the disgruntled youngster. "This," suggests the veteran of the wars of his country, in his letter to the Pension Bureau, "is just my case."—Washington Correspondence of Boston Transcript.

Just As He Said.

"I thought you were working on Smith's new house?" said the house-painter's friend.

"I was going to," replied the house-painter, "but I had a quarrel with him and he said he'd put the paint on himself."

"And did he do it?"

"Yes, that is where he put most of it."—Christian Advocate.

CAUSE FOR ALARM.

Seemed to Be Breaking Down With Kidney Trouble.

Mrs. J. N. Smith, Chicago St., Du-chanan, Mich., says: "While lifting, everything seemed to give way and I fell gasping to the floor. From that time I was in ill health—pain in my back all the time, varied with sharp twinges, frequent headaches, trouble with my eyes, nervousness, irregular action of the kidneys, and I seemed to be going all to pieces. I began to improve with the use of Doan's Kidney Pills and gradually the pains all left me. After using a few boxes I was all well again and will never cease praising Doan's Kidney Pills."

Mastery.

Year after year an old farmer had listened in grim silence to the trains thundering by his land. Finally, one day, his patience at an end, he dropped his plow and shook his fist at the passing express.

Weekly Review of Trade and Latest Market Reports.

R. G. Dun & Co.'s weekly review of trade says:

"With bank clearings outside New York 15.9 per cent better than last year and 24.5 per cent better than in 1906, and in New York 24.1 per cent larger than in 1908 and 1.3 per cent larger than in 1906; with railroad earnings for the month of April showing a gain of 13.9 per cent over 1908, and only 10.3 per cent decrease as compared with the calendar year of 1907; with immigration 212,000 larger than last year; with imports much greater than in 1908 and nearly equal to 1907; with a distinct gain in the iron and steel trade in both orders and prices; with a hardening tendency in copper; with works of new construction going rapidly forward, the trade situation seems to afford ample grounds for the prevailing belief that as soon as tariff revision is out of the way the last obstacle to a full restoration of normal industrial and mercantile activity will be removed.

Bradstreet's says:

"Improvement in retail trade, some regaining of lost ground in farming operations and a distinctly more optimistic feeling as to trade for the future are the leading favorable features in this week's reports to Bradstreet's. Jobbing and wholesale trade for immediate delivery shows between-seasons quiet, but fall trade is developing a better tone and enlarged demand.

"Business failures in the United States for the week were 214, against 268 last week, 288 in the like week of 1908, 154 in 1907, 162 in 1906 and 158 in 1905.

"Wheat, including flour exports from the United States and Canada for the week aggregate 1,452,969 bushels, against 896,312 bushels last week and 1,956,833 bushels this week last year."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying its foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

A CURE FOR FITS.

The Treatment is to Accomplish What Science Has Been Struggling for Centuries.

The intense interest that has been manifested throughout the country by the wonderful cures that are being accomplished daily by epileptics still continues. It is surprising the vast number of people who have already been cured of fits and nervousness. In order that everybody may have a chance to test the medicine, large trial bottles, valuable literature, History of Epilepsy and testimonials, will be sent by mail absolutely free to all who write to the Dr. May Laboratory, 548 Pearl Street, New York City.

The epileptic cure is creating great public interest, as well as among Doctors, Students, Hospitals and visiting Physicians.

THEIR SKIN TROUBLES CURED.

Two Little Girls Had Eczema Very Badly—In One Case Child's Hair Came Out and Left Bare Patches—Cuticura Met with Success.

"I have two little girls who have been troubled very badly with eczema. One of them had it on her lower limbs. I did everything that I could hear of for her, but it did not give in until warm weather, when it seemed subsided. The next winter when it became cold the eczema started again and also in her head, where it would take the hair out and leave bare patches. At the same time her arms were sore the whole length of them. I took her to a physician, but the child grew worse all the time. Her sister's arms were also affected. I began using the Cuticura Remedies, and by the time the second lot was used their skin was soft and smooth. Mrs. Charles Baker, Albion, Me., Sept. 21, 1908.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss.—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
