News From Holland.

terest and edification a recent issue of our Dutch namesake, De Courant, of Amsterdam. We must applaud the diligence shown in collecting and sorting the news of the Netherlands. A modicum of foreign news is sup-plied in "Reuter Telegrammen." The sport-redacteur tells, in many columns, of the doings of the Nederlandsche Automobieiclub; voetbal; ericket; gymnastiek. etc. The important departments of Financiecle Mededeelingen and Marktberichten have been duly looked after. There are several stories; the muses also get a show. One poem begins: Johan en Grietje, broertje en zusje

Voortdurend ruzie, worstelden en vochten.

Zooals 't gewoonlijk-knap wie dat verstaat!-

fusschen broertjes en zusjes gaat." In an illustrated "Zondagsblad," we find portraits of Maeterlinck and Maarten-Maartens; views of the Canadian Alps, Chicago's harbor and new postoffice. Davenport, Iowa: a 3t. Louis industrial plant, an Amerian harvest field, an American roof garden, Amsterdam's new gasworks, etc.; comic pictures, and "de nieuwate Parijsche damesmode." The person desired in some of the want ads. is "een nette dienstbode," and in others "een flinke dienstbode." The paper used in our Amsterdam namesake's pressroom is crackly and rather sleazy; most paper is that nowdays. We wish De Courant length of days and abundant prosperity. May the reign of H. R. H. Princess Juliana's great-grandchild find De Courant fat and flourishing!

While the forests of the United tinue a systematic search. States are increasing at the rate of 7,000,000,000 cubic feet a year, the country is using 23,000,000,000 cubic feet of wood each 12 months.

-Hartford Courant.

By the addition of Venetian soap and gum lac alcohol has been made into briquettes, inclosed in air-tight metal boxes, so formed that they may be used as spirit lamps.

To measure the amount of air admitted through cracks in buildings a novel instrument has been devised. shaped like a funnel and carrying i small anemometer in its nozzle.

WHEN YOUR BACK ACHES

It is a Warning That the Kidneys Are Sick and Need Help. A bad back makes every day a dull

round of pain and misery. It's a sign the kidneys are sick and cannot keep up their never-ending

ago I was in such gagony with kidney disease, bladder trouble and rheumatism that I was doubled ever and had to walk with crutches. I was racked with pain, and so bad I had to give up my farm and come to town. I only weighed 108. Doan's Kidney Pills quickly improved my back, until I was able to walk without a crutch. For five months I have improved steadily and now weigh 160.

The kidneys are normal." Sold by all dealers. 50 cents a box. Foster-Milbarn Co., Buffalo, N. Y.

FATHER ACCUSES DAUGHTER. Cannot Help Stealing Declares The Prisoner.

Reading .- Miss Florence X. Albright, a pretty 17-year-old girl, of this city, who has frequently been in the custody of the police on charges of petty larceny, was arrested at Carsonia Park by Detective H. C. Martz, on the charge of stealing \$5 from her father, Jacob Albright, and two skirts from her sister on May 31 last.

The girl has had quite an experience during the past year. Two Reading physician, and suddenly left, taking with her, it is alleged, valuables amounting to \$100. She was arrested at Pottstown, but the physician declined to prosecute and Florence was given another chance.

Five days later she left the city and went to Philadelphia, where un-der the name of "Evelyn Clark" she secured a position as a domestic at a hotel conducted by Jacob Rimby at Camden, N. J. She worked there four days and then left with two trees. rings, one valued at \$60 and the other at \$50. Rimby came here to locate the girl, but failed.

One of the stolen rings was in her immediately surrendered it. The other, she said, she gave to a young man stopping at a Y. M. C. A. Association on Arch Street. Philadel- bark. phia. She furnished the officials with the name of the man and the number of his room.

When taken into custody she had a magnificent pair of pearl handled opera glasses and a solid silver jewel case, which are believed to have been taken from a hotel. Philadelphia, where she worked for a short time. She also had a key to one of the rooms of the hotel in her purse.

The young woman was committed to the House of Good Shepherd and expressed great satisfaction at being placed there. She said:

just can't help taking things. I don't want to steal, but it seems I can't leave my hands off of things. Perhaps it will do me good to be sent

SIGNS OF PROSPERITY.

We have been examining with in- Pittsburg Blast Furnaces Double Production Of Year Ago.

Pittsburg .- Evidencing a condition of prosperity in the pig iron and steel industry unequaled for the past six months is the announcement made by a Pittsburg concern that a deal has been consummated for the dren of sale of 6,000 tons of basic iron for over the prices of thirty days ago.

A general advance from 15 to 25 cents per ton in the price of basic and bessemer pig iron has already eports show Pittsburg blast furnaces producing pig iron are running about 90 per cent, capacity and furnaces making steel are running about 80 per cent. This is more than double capacity. the production for the same period last year.

There are more blast furnaces running at present than at any time since October, 1907.

LIVES IN TREASURE HOUSE. New Tenant Finds Hidden Money Of Suicide Everywhere.

recently moved into the house on Spring Garden Avenue, which was his parents from their residence with the scene of the Charles Dodson sui- an ax. Constable Reilly and a posse cide about a year ago, was digging overpowered him and brought him abouts the rocts of a tree on his to the county prison at Huntingdon, lawn when he found a tin can containing a \$5 bill. From the time of the suicide until McCleary moved in the Maple Hill mine, in the suicide until McCleary moved in City, and his buddy, John Ambrose, the house was unoccupied.

Since taking up his residence there he has found money in many different parts of the house. He will con-

Dodson was known to have considerable money, but all that could be found was \$50 in bills, which was found tucked away in the toes of the boots he wore at the time of his yound all possibility of redemption.

SUICIDE WAS A MISTAKE.

Widower Thought Children Had Been Taken From Him.

Friendless to call on his three children whom he placed there recently when the mother died. There is an ed prominently in the Gould case as epidemic of measles at the home and cashier at the St. Regis, used to work the matron would not admit him, in the mines at Scranton. He could not be made to understand about the quarantine and thought he was being permanently deprived of his little ones. Turning away from the door of the home he drew a revolver and shot himself through tails were given. The Firthsules the head, dying instantly.

Send Pittsburg Briber To Prison. Pittsburg. - Charles B. Richardson, a broker, convicted of conspiracy in connection with the alleged attempts of Charles S. Cameron, president of the Tube City Railroad, to bribe Councilman W. A. Martin, was sentenced to serve one year and three months in the Western Penitentiary and pay a fine of \$500.

Freed By Unwritten Law.

in Blair County Court this week ap- stroke, in his 86th year. He was a proves of the "unwritten law" defense in murder cases, for it ignored the bill of indictment against John River. E. Craig, who alleged that he caught to a week or two ago, when he was William Russell with his wife several months ago and shot and killed him. The jury's action is unusual, and perhaps does not have a precedent in the State.

KILL OFF THE BORERS.

Prof. Surface Tells Farmers How To Destroy Pest.

"There is no more serious pest of the peach tree in Pennsylvania than the peach tree borer," declared State Zoologist Surface. It is the larva of a clear-wing moth, which flies by day darting quickly from place to place. The egg is laid during July and August on the bark at the base of the tree, and after some days the larva or grub hatches and commences to feed at the surface of the bark, finally eating its way through and boring up and down and across beneath the bark, often cutting off the sap supply and causmonths ago she was employed by a ing the tree to wither as though scalded

After the pests have passed beneath the bark they are concealed and can not easily be reached with insecticides. They should then be killed by cutting them out, always cutting leng hwise rather than crosswise of the bark, or by piercing them with a pointed wire, when they will die. This, however, is a great loss of time, and is, of course, after some injury has been done to the

By far the best plan, says Prof. Surface, is to prevent this injury and the necessity of cutting them out by covering the base of the possession when arrested, and she trunk of the tree with some liquid material that will prevent the moth from laying its eggs; or, destroy the larvas before they enter the

> The best time of year for this is the latter part of June, when the base of each tree should be sprayed with boiled lime-sulphur wash, either commercial or home-boiled, the same as for San Jose scale, applying to each tree from a pint to three pints according to size. The best way to do this is with a spray pump. with a short extension rod, carrying the nozzles at an angle, but where there are only a few trees it can be

applied with a whitewash brush. Painting near the ground and below with white lead and raw linseed oil will serve the same purpose, and be safe, as has been proven by Prof. H. A. Surface in his experiments

J. L. Shroy, of Lancaster County. writes to Prof. Surface that he has succeeded perfectly in preventing the borer by rubbing the base of the tree with equal parts flowers of sulphur and salt, in June and again in August.

Must Support Their Father.

Mrs. Minnie Firthsule, 18 years old, of New Castle, received a cablegram from Seville, Spain, informing her that her husband had been shot and killed by an assailant. No dewere married last month and he left for Spain May 28 to claim an estate. The Thomas G. Peiffer Flouring Mills twelve miles west of Newville, Cumberland County, and the Peiffer wooden bridge over the Conodogui-Creek, were burned with a loss

of \$10,000. The Hetrich family, of Bernville, held its annual reunion at the home of H. B. Hetrich, when all the descendants of Mr. and Mrs. Charles W. Hetrich were present.

John Van Pelt, Berks County's noted angler, died at his home at Altoona .- The Grand Jury sitting Seyfert's, this station, of a paralytic great fisherman in his time and caught some of the largest bass and carp ever taken out of the Schuylkill He fished almost daily up taken ill.

Harry Dougherty, of Weatherly, fell beneath the wheels of a coal train from which he was alighting, on returning from a fishing trip to White Haven, and lost his right arm.

COMMERCIAL

Weekly Review of Trade and Market Reports.

R. G. Dun & Co.'s weekly review

of trade says: "The advance recently made in industrial activity and business confidence is fully maintained. From the leading cities come advices of wider wholesale and retail distribution, larger employment of labor, additional work for contractors and builders, increased demand for manufacturing materials, satisfactory advance fall sales. Broadening of demand from the railroads has become a feature in the markets for iron and steel, and this development strengthens the general feeling of optimism regarding the future outlook. Orders for equipment from the transporting companies already comprise a liberal tonnage and further substantial business will shortly be placed.

"Construction work is still undertaken with considerable vigor, the erection of new bridges and buildings calling for a good tonnage of material and extensions and improvements are constantly being made. Reports also indicate a slight hardening of quotations named by fabri-Activity continues in the cators. pig iron division at firmly held prices, sales reaching substantial dimen-

INTOLERABLE ITCHING.

Fearful Eczema All Over Baby's Face -Professional Treatment Failed -A Perfect Cure by Cuticura.

'When my little girl was six months old I noticed small red spots on her right cheek. They grew so large that I sent for the doctor but, instead of helping the eruption, his ointment seemed to make it worse. Then I went to a second doctor who said it was eczema. He also gave me an oint ment which did not help either. The disease spread all over the face and the eyes began to swell. The itching grew intolerable and it was a terrible sight to see. I consulted doctors for months, but they were unable to cure the baby. I paid out from \$20 to \$30 without relief. One evening I began to use the Cuticura Remedies. The next morning the baby's face was all white instead of red. I continued until the eczema entirely disappeared. Mrs. P. E. Gumbin, Sheldon, Ia., July 13, 1908. Potter Drug & Chem.
