Parsonage is Taxable.

Down in Cumberland county Judge Sdler has just announced a decision which is of importance in every community. The congregation of the African Methodist Episcopal Zion church in Carlisle built a parsonage, connecting it with the church and holding that the two were practically one building and therefore nontaxable. Judge Sdler has just ruled against the contention of the colored brethren, doing so with great reluctance, he said, but compelled to obey the law. It has been held for many years that a parsonage connected with the pulpit is exempt from taxation because it is actually part of the church structure.

Kaplin Kiddo.

The North American promises something out of the ordinary in the way of a feature for its comic section, and it will introduce it to its readers on Sunday, August 29. The title of the new series is "The Terrible Tales of Kaplin Kiddo". The little boy in the series is the same little boy that lives in every home where there is a little boy, and that same little boy is possessed of an imagination that is always active. Most every parent knows of a "Kaplin Kiddo".

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FRIEND FARMER: We wish to call your attention to the Weber and Columbia Wagons we have been offering you for the last few weeks through the columns of this paper. In referring to the good qualities of these wagons we wish to say that nothing but the best of material enters into their construction; this combined with the best of mechanical skill, and the latest improved machinery designed especially for the construction of wagons, goes to make up these most complete and perfect wagons; not even the smallest details are overlooked. The lumber used is selected by experienced men and is of four years' seasoning. The axles are of the very best grade of hickory. The hubs are the very best quality of white oak. The spokes are strictly A 1 grade of oak and hickory mixed and driven in hot glue. The fellos are oak and are thoroughly soaked in boiled oil before tires are set, and are joined with improved steel dowels, which prevents clipping at the joints. They are exceptionally well ironed, light running and attractively painted, and in all a wagon that will give years of service. We very cordially invite you to step in and examine these splendid wagons whether you are contemplating a purchase now or not. We want you to thoroughly understand their construction and see where they are better than the ordinary vehicle. The important thing in buying a wagon is to know before hand what service it will give you; the important thing in selling them is to show you that, as well as we can, and then be sure that they are as good as we lead you to expect.
