There is no competition for premiums at the Grange Encampment and Fair, but premiums are paid on every article put on exhibition, and cash is laid down as soon as the exhibits have been placed in the hands of the management. Of course, these premiums are not fabulous sums, but you know just what you get and do not have a biased judge to deal with. There is some satisfaction in that.

Mrs. Margaret Keller celebrated her eighty-sixth birthday last Friday. She spent the day pleasantly at the home where she was born, at the Blue Spring, near Boalsburg, with her grandson, W. G. Mothersbaugh, and family, who reside there. Mrs. Keller is the only surviving one of a family of twelve children of the George Shenberg family. She was born and raised there and also married there, and during her married life never lived more than twelve miles from the home of her birth. Mrs. Keller although advanced in years, still has a young heart. Recently she passed through a season of sorrow, caused by the illness and death of her oldest son, William Keller, of Axeman. She has yet living four children, thirty-three grandchildren, and thirty-seven great grandchildren. One of her greatest pleasures is to visit with these families.

A year ago she spent a week in the Bellefonte hospital, where she had a growth on her face removed, which has healed perfectly. She was a pupil of Rev. McKinney, who was the first teacher of the Boalsburg Academy. This school was first held in the house now occupied by Mrs. E. A. Fisher. In the summer of 1892 she celebrated her golden wedding. This event occurred at the home of her daughter, Mrs. L. Mothersbaugh. Her bridesmaid and several of the guests at the wedding were present. A number of her friends remembered her on her birthday, which occurred recently, by sending her post cards and other gifts as tokens of their love and friendship. The most handsome article received was a linen bureau scarf from Mrs. Susanna Kennedy, the mother of Mrs. J. M. Wieland, who is seventy-four years old. She made the scarf recently; there are six different kinds of drawn-work, and it is finished on the edges with the latest embroidery stitches.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y.

When writing mention reading this general offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.
