LOCALS.

The only man not deeply concerned in good roads in your county is the tramp who goes that way but once.

The Weber flouring mills advertise that flour, corn meal, feeds of all kinds, will be delivered free of cost Tuesdays, Thursdays and Fridays.

The members of Progress Grange will hold their annual Thanksgiving supper in Grange Arcadia. Posters and further announcement later.

The Ladies' World for November is notable for the beginning of a novellette by Charles G. D. Roberts, whose work appears all too seldom. It is described as a story of love and adventure.

Edward Everett Hale, Kellogg Durand, Marion Harland, Kate Douglas Wiggin, Anna Katharine Green, Alice Brown and a dozen others are all contributors to the November *Woman's Home Companion*.

Before buying a manure spreader, examine the merits of the New Idea spreader sold by Weber Brothers, Centre Hall. If you have never seen a New Idea perform its work, there is something new for you to see in manure spreaders.

John C. Roseman is having a new roof put onto his dwelling house in Centre Hall. A year or two ago the house was remodeled on both exterior and interior, except the roof, and now that that is done the dwelling is in first class repair.

During the heavy electrical storm Thursday night of last week the two-story stone dwelling of James T. Fisher, on the Lilleyville road, three miles east of Lewistown, was struck by lightning and destroyed. The sleeping family, scantily clad, barely escaped.

Mr. and Mrs. J. H. Getchal, of Dunbar, were arrivals in Centre Hall last Saturday afternoon, and until Tuesday were guests at the home of the latter's parents, Mr. and Mrs. Cyrus Brungart. On their return to Dunbar Miss Cora Brungart accompanied them and will remain for some months.

W. J. Mitterling, the cow drover, made a diversion from his business and bought up a car load of apples and potatoes and shipped the same to Collegeville, where he disposed of them. He also shipped a car load of cattle at the same time, and was on the ground to personally superintend the sales.

H. H. Ream, who opened a general store at Farmers Mills about the first of September with an entirely new stock of goods, is doing a nice business. The opening of the store is considered a great convenience to the people of that vicinity. Mr. Ream came to Farmers Mills from Millheim, and previous to that had lived in Madisonburg.

When it takes but four pounds of butter to be worth \$1.00, the necessity of having a first class separator on the farm is all the more emphasized. Besides making more money for the farmer, it greatly lessens the labor, there being less utensils to wash. Clean skimming, light running and durability are the features of the DeLaval separator. Call or write to D. W. Bradford, Centre Hall, who will give you the best price obtainable anywhere.

The new school building in Bellefonte is well on toward completion so far as the outer construction is concerned. The arrangement of the structure was explained to the writer by Col. D. F. Fortney, who for many years has been one of the foremost school men in Centre county. The exterior of the building will be decidedly handsome, and the general arrangement is such that Bellefonte will have an ideal school building in every respect. The building is of such a character that it would do credit to a city of much larger population than Bellefonte, but if any one is entitled to consideration from a standpoint of comfort it is the school children.

After casting about for a business opening, Irvin V. Musser has purchased the E. W. Snodgrass hardware store, in Millinburg, and Tuesday of this week he and others began taking an invoice of the stock on hand, and as soon as this is completed, Mr. Musser will assume charge of the store. The former firm conducted a retail and wholesale business in general hardware and carriage supplies, and the new owner will follow the same lines. As soon as a suitable house can be secured, Mr. and Mrs. Musser will leave Centre Hall and begin house-keeping at Millinburg. The Reporter wishes him success in his new business, and can recommend him to the people of Millinburg as a man to be trusted in business and of good moral character.

Blind Grief.
A young boy was killed by an A. lentown in the name of W. J. Eckert, on the mountain overlooking Treaster Valley in the Seven Mountains. The bear was shipped to Allen-town by the way of Lewistown.

For Sale.
The undersigned offers for sale her home, about two miles west of Centre Hall, containing about nineteen acres, twelve of which are clear, thereon erected a good dwelling house and barn. Property will be sold cheap.
MRS. HANNAH SMITH,
Centre Hall, Pa.

Apples Wanted.
A car load of elder and hand-picked apples will be loaded at Centre Hall station, on Saturday, October 30, and Monday and Tuesday, November 1 and 2. Farmers, gather up your apples and sell them for the cash. Write or telephone the kind and quantity of apples you will have.

Woodward.
Mr. and Mrs. A. G. Slinger, of Lewisburg, are visitors at the home of J. B. Ard.

Lee and Norman Hosterman, of Centre Hill, were in town Sunday. They returned to their home Monday morning, accompanied by Daniel Benner and wife.

Mrs. James VonNeida made a trip to Aaronsburg on Saturday.

The stork passed through town last Friday night and left a baby girl at the home of Harry Stover.

Mrs. Maria Messimer, after spending a week with friends at Spring Mills returned to her home Saturday. Miss Mary Snyder entertained some of her friends from Millheim on Sunday.

Mr. and Mrs. Benjamin Klinger, of Manhattan, Illinois, were visitors in town last week.

Mrs. Susan Kennelly, of Springs, is visiting her sister, Mrs. Adam Shusly.

A number of Bell telephone subscribers in Centre Hall had private lines installed from their residences to the local exchange. The rate at which these lines may be secured is very low, considering the additional good service obtainable.

No man has such a horror of old age as to want to die young.

Feminine beauty is the knack a girl has of knowing how to look pretty when she isn't.

FRIEND FARMER:

We wish to call your attention to the Weber and Columbia Wagons we have been offering you for the last few weeks through the columns of this paper.

In referring to the good qualities of these wagons we wish to say that nothing but the best of material enters into their construction; this combined with the best of mechanical skill, and the latest improved machinery designed especially for the construction of wagons, goes to make up these most complete and perfect wagons; not even the smallest details are overlooked.

The lumber used is selected by experienced men and is of four years' seasoning.

The axles are of the very best grade of hickory.

The hubs are the very best quality of white oak.

The spokes are strictly A 1 grade of oak and hickory mixed and driven in hot glue.

The felloes are oak and are thoroughly soaked in boiled oil before tires are set, and are joined with improved steel dowels, which prevents clipping at the joints.

They are exceptionally well ironed, light running and attractively painted, and in all a wagon that will give years of service.

We very cordially invite you to step in and examine these splendid wagons whether you are contemplating a purchase now or not. We want you to thoroughly understand their construction and see where they are better than the ordinary vehicle.

The important thing in buying a wagon is to know before hand what service it will give you; the important thing in selling them is to show you that, as well as we can, and then be sure that they are as good as we lead you to expect.

Pianos and Organs.

The Lester pianos are used and endorsed by all the leading musical conservatories and colleges in the U. S.

The Stevens piano organs are the latest achievement in modern organ construction.

Pianos and organs sold on easy payment plan. Write for catalog.
