BABY'S SKIN ROUGH AS BARK.

Baby Boy Had Intense Itching Humor -Scratched Till Blood Ran-Found a Cure in Cuticura.

"Our son, two years old, was afflicted with a rash. After he suffered with the trouble several weeks I took him to the doctor, but it got worse. The rash ran to-gether and made large bluters. The little fellow didn't want to do anything but scratch and we had to wrap his hands up to keep bim from tearing the flesh open till the blood would run. The itching was intense. The skin on his back became hard and rough like the bark on a tree. He suffered intensely for about three months. But I found a remedy in Cuticura Soap and Cuticura Ointment. The result was almost magical. That was more than two years ago and there has not been the slightest symptom of it since he was cured. J. W. Lauck, Yukon, Okla., Aug. 23 and Sept. 17, 1908." Potter Drug & Che.r. Corn., Sole Props. of Outicura Remedi . 1 n, Mass.

The Cat And The Sparrows.

This is a true story with all the necessary vouchers, says the Cleveland Plain Dealer.

An East End family has a cat, a big grey Tom who answers the name of Ben. Ben's natural enemies are the sparrows. When he can creep up on one of them and make its feathers fly he is delighted.

Some time ago a lot of the little chatterers settled on the limb of a tree in Ben's back yard. Ben saw them and crept foot by foot to the Up the trunk he cautiously climbed and finally reached the limb. At this point the sparrows saw him and flew to the ground where they chattered vigorously, Ben in the meantime watching them from the

limb with hatred in his yellow eyes. Then without warning the sparrows suddenly flew up and started a concerted onslought on Monsieur Ben The pecked him without mercy, until he dropped his head and beat s demoralized retreat-crying mean-

while with pain and rage. Even as he descended the trunk of the tree three of the birds followed him with vicious bills.

When he reached the ground he ran to his mistress on the porch and sprang into her arms-the triumph ant birds withdrawing their fighting line in good order.

RESULTS OF FOOD Health and Natural Conditions Come From Right Feeding.

Man, physically, should be like : perfectly regulated machine, each part working easily in its appropriate place. A slight derangement causes undue friction and wear, and frequently rulns the entire system.

A well known educator of Boston found a way to keep the brain and the body in that harmonious co-operation which makes a joy of living.

"Two years ago," she writes, "being in a condition of nervous exhaustion, I resigned my position as teacher, which I had held for over forty years. Since then the entire rest has, of course, been a benefit, but the use of Grape-Nuts has removed one great cause of filness in the past, namely, constipation, and its attendant evils.

"I generally make my entire breakfast () a raw egg beaten into four spoontwis of Grape-Nuts, with a little hot milk or hot water added. I like it extremely, my food assimilates, and my bowels take care of themselves, I find my brain power and physical endurance much greater and I know that the use of the Grape-Nuts has

contributed largely to this result. "It is with feelings of gracitude that I write this testimonial, and trust it may be the means of aiding others in their search for health."

Look in pags, for the little book, "The Road to Wellville." "There's a Reason." Ever read the above letter? A

new one appears from time to Line, They are genuine, true, and full of human inte. est.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help.

That few of these women have been disappointed in their expectations is proved by the fact that pectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-s- mil-

lien women, in a practice of ever 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Piesco, Prest., Buffalo, N. Y.
