Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virilo and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine

organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this remetered remedy. It as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

The Debt To Imagination.

Millions have watched the kettle boiling and the skies flashing lightning, but it took the imagination of a Watt and a Franklin to start steam and electricity to moving the worll. It is to imagination that earth owes most. It has taught us how to make Hee beautiful; to turn the stumbling oil process takes up about three galblocks of nature into helpful forces; lons of oil. even how to make of unwilling nature herself a tirelesss slave to serve helpless man. Imagination is indispensable in creating science, art, literature and music. of Trade says:
"Not in a half decade has a year opened with the business outlook so generally auspicious as the year 1910. Some of the perplexing issues which contributed to the crisis of 1907 still remain unsolved, while the question of high prices has become more acute, but it would seem as if business confidence were not going to permit these things to interfere with the farther progress of industry and commerce.

"The optimism which usually prevails at this season is this time apparently well supported by the facts of the economic situation. In the great iron and steel trade, which is so basic, this spirit of optimism is

"Advances are made in heavy cotton goods this week, such as duck tickings, brown sheetings and some other lines. Trading is on a moderate scale, which is to be expected in the first part of January, but shipments of mercha lise on old orders are very heavy."

Bradstreet's says:

"The year opens with a perceptible lull in trade, though with optimism as the underlying element in all lines. Severe cold weather and heavy snow, sleet or rainstorms have checked transportation and retarled country trade, though more or less immediate benefit to retail trade in cities has accrued from the stimulus given to demand for seasonable goods by weather conditions and the beginning of clearance sales of winter goods. Wholesale in's have been generally quiet owfor to the fact that salesmen as yet a e not fully in their fields of activity. When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would

also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio .- "My daughter was all rup down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."- Mrs. C. Cole, Fitchville, Ohio.

Irasburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and biadder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change." - Mrs. A. H. Sanborn, Irasburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful -or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
