

DEATHS.

JACOB HOLDEMAN.

Jacob Holdeman, aged eighty-six years, died in Glenville, Nebraska, Monday morning, 14th instant.

He was married to Mary A. Brickley, March 17, 1843, who died fifteen years ago.

Mr. Holdeman moved to Ohio, in 1846, and came to Nebraska in 1875, where he spent the remainder of his life.

Presiding Elder Dillow preached the funeral sermon. The services were held in the Baptist church, Wednesday of last week and the body was interred in the Glenville cemetery.

The family has a record for long life. For quite a number of years Mr. Holdeman has been the oldest man in Glenville, three sisters and one brother still live, and the youngest of them is now nearing her seventieth year.

"And even to old age I am he; and even to your hoar hairs will I carry you: I have made, and I will bear; even I will carry, and will deliver you." Isa. 46:4

JOHN J. JOHNSTONBAUGH.

John J. Johnstonbaugh died at Flemington, Clinton county, of Bright's disease, aged fifty-seven years. Interment was made in the cemetery at Hubersburg.

He was well known in this county, having lived near Hecla for a number of years, from which place he moved to Mill Hall to engage in the butchering business. His health giving way, he was compelled to sell out his business, when he again went to farming near Lamar, where he remained only a few years when he was compelled to give up the farm and move to Flemington less than a year ago.

He leaves to mourn his death a wife, two sons, Harry, of near Mill Hall; William, of Leighton, and a daughter, Mrs. Goodrich, of Newark, N. J.

The following sisters and brothers also survive: Mrs. H. T. Norris, of Fillmore; Mrs. W. A. Collins, of Pine Grove Mills; Alpheus, of Avis; Jere, of Braddock; George W., William H. and Charles, all of near Bellefonte; Dr. C. L., of Bethlehem, and James.

DR. THEODORE CHRIST.

After an illness of a year or more, Dr. Christ died at his home in State College, aged almost eighty years. He was a native of Union county, having been born and raised in Lewisburg, at which place, prior to the war he first practiced. He came to Centre county from Delaware during the latter seventies, where he purchased a farm near Lemont, and some years ago moved to State College.

He enlisted as a three months man during the beginning of the war, and later re-enlisted and continued in service until the close. His wife, who was Miss Sarah Thompson, daughter of Moses Thompson, died more than twenty years ago, and of his five children, but two survive, namely, Misses Hester and Mary Irvin. The funeral services were held Saturday, Rev. Harnish, pastor of the Presbyterian church officiating.

Herman D. Hoy, who was injured by a trolley car at Philadelphia, died at his home at that place. He was the son of Harry M. and Annie Hoy and was aged twenty-four years. He leaves to survive a widow. Funeral services were held from his late home in Philadelphia on Wednesday of last week. His father, Harry M. Hoy, of Miles township, and grandmother, Mrs. Barbara Hoy, attended the funeral.

Challenge From Murray & Bitner.

Murray and Bitner are seeking the worst case of dyspepsia or constipation in Centre Hall or vicinity to test Dr. Howard's new specific for the cure of those diseases.

So confident are they that this remarkable medicine will effect a lasting cure in a short time, that they offer to refund the money should it not be successful.

In order to secure the quickest possible introduction they will sell a regular fifty cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well, and increase vigor. Joy and happiness will take the place of that "don't care whether I live or die" feeling.

FARM MACHINERY BY CAR LOADS

Is the Way Weber Brothers are Stocking Up—Car Load Syracuse Plows, Car Load Farm Wagons, Two or More Car Loads Harvesting Machinery, Car Load Manure Spreaders.

With a view of buying right and to give the purchaser the benefit of the bargain, Messrs. J. H. and S. E. Weber, who are doing business in Centre Hall and Oak Hall Station, have contracted for several car loads of farm machinery. The first consignment they are expecting is a car load of Syracuse plows, which is due about the first week in March.

A car load of wagons, both narrow and broad tire, adapted to all kinds of use on the farm or elsewhere, will also be on hand within a short time. These wagons have been selected on account of their light running and superior lumber used in their construction.

The New Idea manure spreader is the one spreader that performs its work to perfection. No spreader now manufactured will match it for spreading manure or lime. It spreads wider than any other spreader made, and can be loaded any way you wish.

The New Way corn planter gave such universal satisfaction last year that the mentioning of the name of the planter associates with it correct and uniform dropping, even covering, convenience of operating, and quickness of change from a drop to a hill planter.

You will find at the Weber places of business implements of all kinds needed on the farm, and the best of the particular makes. They have purchased in large quantities so that they will be able to sell a single machine at the lowest possible price.

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

Marlin

The great thing in big game rifles is accuracy to work under all conditions. Marlin rifles are built with this idea foremost. The mechanism is simple, strong, perfectly adjusted, quick and easy in operation. The Marlin solid top and side selector keep a protecting wall of metal between your head and the cartridge, prevent powder and gases blowing back, throw the shells away from you and allow instant, accurate, effective repeat shots.

The Special Smokeless Steel barrels are hard and strong, specially made for high power cartridges and to resist the wear of jacketed bullets. They are rifled deep on the Ballard system for greatest accuracy and killing power.

Made in Models 23 and 25, calibre 25 to .45, and fully described and illustrated with all other Marlin repeaters in our 136-page catalog. Free for 3 stamps postage.
